CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

This is Jo Nettleton @ 107 Fairway Drive. In reference to the rate increase. We are continually without water with no warning. I think that Grenelefe should have to put in a new water system before asking for any increase. And I don't think it should be up to the longtime residents to pay for repairs to their system. Scott House bought it and it should be his responsibility to keep it operating. When I need repairs at my home I have to pay for them. I am the responsible owner. Therefore I feel he should have to pay for repairs for the property he bought as well not me.

Thank You
