To Whom it may concern,

As a resident at The Landing of Lake Henry (Plantation Landings) I am opposed to the proposed rate increases. I am aware that operation costs have increased over the last couple of years, however a 65% increase is unreasonable.

I am aware that the residents here are largely on "fixed income" however I am more concerned about the dramatic increase. Has the Entity done any cost saving measures such as negotiated rates on sludge hauling and operator charges.

Managing these utilities all aspects need to be evaluated to determine if the expenses are in line. I have seen no proof that any of this has been done.

Thank you for your time,

Sincerely,

Sharon Chastain
