CUSTOMER COMMENTS

I Penny O'Conor live in Plantation Landing for over 10 years. And oppose of this water increase. The water in this community is not drinkable. To have another water increase will be a very large burden on myself as well as my mother whom is 90 yrs old. Purchasing water trips each week to both cook and other necessities in the home is a very large expense adding up each month. Please take my response into consideration as I do not agree on this increase.

Gincerely Peary O'Leary

CUSTOMER COMMENTS
I have lived in the landings for 10 years. The water system is not working the way it should. The water is often shut off to the whole community for several hours while they put a temporary fix on it. The water smells like rotten eggs then after the fix smells like chlorine. There is usually a 2-3 day boil notice. It would be an undue cost to the resident to have an increase in water bill when most have to purchase bottled water because the water is not drinkable.

CUSTOMER COMMENTS

The water is off many times per year. It smells like rotten eggs and is not drinkable. The boil notice is usually 2-3 days and right after the water smells like chlorine.

It would be a great burden on this 55+ community to pay more for the water as well as having to purchase bottled water.

CUSTOMER COMMENTS	
<p>I've only lived in The Landings for one year. There have been several times that the water has been turned off for several hours and then a boil notice for 2-3 days. Apparently the well was not deep enough for our system. The water smells like rotten eggs then after the fix it smells like chlorine. The water is not potable for consumption but we are told it tests fine. Everyone that I know has to purchase bottled water to drink and use for their teeth. San only puts a bandaid on the problem instead of a permanent fix. The elderly that live on a fixed income have to purchase bottled water and should not be burdened with an extra charge for water. The rent is exorbitant and San should bear the cost of fixing their own water system.</p>

CUSTOMER COMMENTS

I Janet Pohlmann residing at 228 Dixie Circle am writing regarding the water increase that Plantation Landings is imposing on residents. I have lived in this community for over 20 years with the water system not being drinkable. Numerous times a month we have water shut down for hours following a 4-5 day water boil notice. This has been going on for over 2 years. The water stains everything smells where it makes you sick. For someone on a fixed income purchasing my own water jugs weekly just to cook & brush my teeth is an expense in its own. Plantation has for years just put a bandaid on the water system. I sincerely hope you take this into consideration and Do not Approve this increase.

Thank you
Janet Pohlmann

CUSTOMER COMMENTS

The water is not drinkable. It smells in the shower. The water in this community is shut down at least once a month followed by a 4+ day water boil notice. I live in 550 community and have to purchase water to drink and cook which is an added expense. With a fixed income its hard to make ends meet already.

CUSTOMER COMMENTS

I, Dian Jackson who resides at 36 Butler Blvd,
at The Landings At Lake Perry regarding the
water increase. We have been here going on
9 years and have never drank the water or
cooked with it due to the horrible smell.
sometimes we have to let our shower run
for 10-15 minutes before we can get in
due to smell of sulfur. The water is always
being shut off for repair, then 3 days
bubbling and all. Our expense buying gallons
of water to cook with and cases of water to
drink has become very expensive, relying
~~on~~ on ~~so~~ ~~so~~ only,

CUSTOMER COMMENTS

We have owned in this Park for several years, we have had to put in a filter and RO System to have safe drinking water. This is a 55+ community and on a limited income the water lines are consistently breaking and have to be fixed with a boil alert that last for days, the water and sewage was increased this year already this new proposed increase is NOT acceptable

CUSTOMER COMMENTS

Our Water bill Should not be increased.
I Have 3 different filter for my water. I am
unable to drink the water, as it smells. The
water throughout the park gets turned off
A lot for them to fix something.

Ques. (Water bill should not increase at all):
