CUSTOMER COMMENTS

I TANET Pohlmann Am writing this statement regarding Docket # 20250094-WS GCP Plantation Landings LLC. As A resident For more than 20yrs living at this location we have Not been able to drink or use this water in this park due to Rotten egg - sulfur smell. This Park location has had broken water pipes repaired over 50 times which in the last 10 yrs resulting in us having a water bill notice which lasts at least 4Days after. US A residents have to purchase from local stores each week water just to cook & drink. This expense over the years is Extraordinary over the cost of A year. To have an increase in water & sewage would put more of an expense on Families living in this community in which we can't afford our fixed incomes. At least once a month we go with water being shut off for repairs. The system in this park needs an upgrade before an increase in something we can't even consume. Thank-you For your consideration into this matter.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and / or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or any member of the media.
