Dear Sir/Madam, et al

I am a senior citizen living on social security (less than \$1400 p/mo. and a part time job (3 days p/wk) to supplement SSA and meet basic living expenses. I can not afford a water bill that approximates anything near the over \$300 increase that is being considered. This increase would represent a 300% hike in this one single utility service.

Please consider the elderly We contribute stability and balance to communities throughout the State of Florida.

Thank for acting morally and with understanding.
