BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: December 8, 2025 FPSC - Data
Request Regarding Facilities for DISH
Wireless, L.L.C.

Docket No. 20260000-OT

REQUEST FOR CONFIDENTIAL CLASSIFICATION

Boost SubscriberCo, L.L.C. ("**Boost**"), on behalf of DISH Wireless L.L.C. ("**DISH**"), by and through the undersigned and pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, hereby requests confidential classification for the information provided in the responses to Staff's December 8, 2025 Data Request ("**Data Request**"), sent via email on December 8, 2025, and in support of this request states:

1. Each response constitutes "proprietary confidential business information" within the meaning of Section 364.183(3), Florida Statutes. This information is intended to be and is treated by the Company as private and has not been disclosed to the public ("**Confidential Information**").

2. The Confidential Information consists of internal business strategies and trade secrets regarding proprietary technical specifications, confidential agreements between DISH, its affiliates and subsidiaries, and third parties, as well as current and future market plans. Public disclosure of this information would cause irreparable harm to DISH's competitive interests by:

- A. Providing competitors with a roadmap of the Company's strategic initiatives and market positioning.
- B. Disclosing proprietary methodologies that provide a competitive advantage in the telecommunications market.
- C. Impairing the Company's ability to compete for customers and negotiate favorable terms with vendors.

3. DISH is providing Confidential Information for the specific and limited purposes of satisfying the requirements of the Eligible Telecommunications Carrier ("**ETC**") requirements. Although the Commission Staff requires the Confidential Information for the specific and limited

purposes set forth in the Data Request, the Confidential Information should not be made available for inspection and examination by the public under Section 119.07(1), Florida Statutes, for the following reasons:

- A. It is not necessary to make the Confidential Information available to the public, and the public will not be harmed in any way by withholding the Confidential Information from public disclosure.
- B. The Confidential Information is not intended to be, nor is it, treated by the owner as anything but private and confidential information, and has not been disclosed except pursuant to statutory provision, or order of a court or administrative body or private agreement that provides that it will not be released to the public.

WHEREFORE, DISH respectfully requests that the Commission determine that the Confidential Information is entitled to confidential treatment pursuant to Section 367.156, Florida Statutes, and Rule 25-22.006, FAC, and exempt the Confidential Information from public inspection and examination.
