Subject: Notification of Unaccepted E-filing (E-filing ID = 43786)

The document presented has been reviewed by the Office of Commission Clerk and has not been accepted as an e-filing. The filing does not include a cover letter or a signature (either handwritten or typed s/name).

Additionally, the document shows the watermark, "Sensitive" across every page and includes the language, "This document is classified as Sensitive; prior to internal or external distribution, an attempt should be made to validate an entity's need-to-know." Per e-filing instructions, any documents containing proprietary confidential business information are not eligible for e-filing.

Documents that are efiled are considered public record and are made available on the website for anyone to see. The Commission does not monitor or "validate" who is "eligible" to see public records on-line. If this document does not include confidential information, the word "sensitive" and the language regarding validation of an entity's need-to-know needs to be removed from every page and the document may be resubmitted with a cover page and a signature.

If the document does include confidential information, you will need to contact the Division of Engineering at (850) 413-6910, or the Office of General Counsel at (850) 413-6199 for the rule requirements on filing confidential documents. If you have any questions related to the filing process, please contact the Office of Commission Clerk at clerk@psc.state.fl.us
