Thanks Tom/Dorothy—confirming that it will not be following a PAA track, so it does not need to be changed.

We will be OPR, but AFD typically drafts the response.

Good afternoon, Amber and Tom,

CLK usually sends this type of message to AFD/Norris, however, as Adam has advised that ENG will be the OPR, I'm sending it to you both. Either of you can respond.

Docket No. 20260026-GU has been established to address a test year notification from Florida City Gas. CLK has assigned the progmod A1a. Please let us know if this docket will be following a PAA track. If so, we will change the progmod to A1f.

We have assigned AFD, ECO, and APA as OCRs. Should any of these need to be removed, please advise.

Thank you for your help,
Dorothy
