Subject: CSWR-Florida Sewer Rate Increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

My husband and I were informed at our last Board Meeting that all the residents in our community (The Bluffs of Sebring) which is a 55+ community need to be prepared for a 255% sewer rate increase by CSWR-Florida. Needless, to say we are very concerned. We aren't really sure who to reach out to, but hope you, as Commissioners for the Florida Public Service Commission, can take a hard look at this proposed excessive increase. Thank you very much for your assistance in this matter.
