3. Although the Commission recently approved cost recovery factors for FPUC and FCG in Docket No. 20250121-GU for the period March 2026 through December 31, 2026, this is the first

filing in the newly-established cost recovery clause. As there were no factors in place in the prior period, there were no revenues. Thus, this filing is based upon the filing made in Docket No. 20250121-GU, as adjusted for the Commission's decision in that proceeding.

4. Pursuant to the requirements of this Docket, the Companies hereby file, concurrently with this Petition, the Testimonies of Mr. Solomon McCloskey and Ms. Diana Williams, along with the pertinent true-up schedules (Exhibits DW-1 and DW-2) for the period, which consist of the reporting forms supplied by Commission Staff.

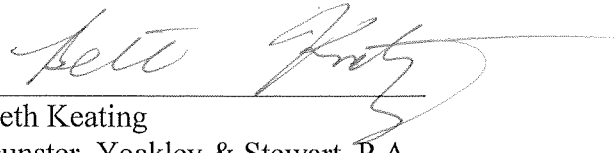

5. As set forth in Order No. PSC-2026-0052-TRF-GU, FCG's total, approved revenue requirement to be recovered for 2026 is \$971,338. As indicated in Ms. William's testimony, FCG had an actual under-recovery of \$69,935 for the prior period ended December 31, 2025, but had estimated an under-recovery of \$75,903 in the prior proceeding in Docket No. 20250121-GU. As such, for the prior period, FCG reflects an over-recovery of \$5,968.

6. As set forth in Order No. PSC-2026-0052-TRF-GU, FPUC's total, approved revenue requirement to be recovered for 2026 is \$505,317. As also indicated in Ms. William's testimony, FPUC had an actual under-recovery of \$237,335 for the prior period ended December 31, 2025, but had estimated an under-recovery of \$242,363 in the prior proceeding. As such, for the prior period, FPUC has an over-recovery of \$5,027.

7. Based on the foregoing, FCG requests approval of an over-recovery of \$5,968 to be included in the calculation of its factors for 2027 and FPUC asks for approval of an over-recovery of \$5,027 to be included in its factors for 2027.

WHEREFORE, the Companies respectfully request that the Commission approve their respective final true-up amounts for the period July 1, 2024 through December 31, 2025 for inclusion in the calculation of their 2027 factors.

RESPECTFULLY SUBMITTED this 31st day of March, 2026.
