

To: Florida Public Service Commission/Relevant Authority

Water Oak Utility/ Docket #20250088-WU

PETITION AGAINST WATER RATE INCREASE

We the undersigned residents of Water Oak Country Club Estates are writing to express our strong opposition to the proposed substantial increase in monthly water rates.

Our Concerns:

1. Fixed Incomes: Most residents in our community are over 55 and live on fixed incomes. With no significant increase in Social Security benefits, any additional financial burden from a water rate hike would create significant hardship.

2. Reliance on a Single Water Source: Our community depends entirely on this water supply. There are no alternative sources available, making any rate increase even more impactful on our daily lives.

3. Community Impact: This enormous increase of 300-400% or more in our monthly water rates would lead to financial strain, potentially affecting the quality of life and wellbeing of our senior residents.

Call to Action: We respectfully request that the Florida Public Service Commission reconsider the proposed rate increase and explore alternative solutions that would not place an immediate undue burden on our community.

Thank you for your attention to this matter.
