Subject: FPL costs

Greetings Mr. Governor. I am writing to you because I don't understand why the cost of my FPL invoice has increased 50% over the past two years when I haven't increased my amount of usage. I understand that those living in blue states have this issue because a majority of their energy bill doesn't go to the cost of energy. But this is Florida, I didn't think that would happen here and I have nowhere else to turn, and I trust you. Thank you

Jim Katz

Attention : FPSC Chairman & Commissioners. State of Florida

Good Day !

FPL Account No. 26582 57510

Since the year 2022 our Household has been, and still is being Monetarily Penalized every month for our Monthly Lower

Consumption of KWH by FPL.<<<<<

In the interim Ladies and Gentlemen, the FPSC has recently approved of extending the penalization of our Household

when in essence we cannot fathom as to how the FPSC could have extended the monetary punishment ?

What is Wrong with All of You, and do All of You really think that what you have approved is in the Best Interest of the

Fully Informed General Public.<<<<<

I sincerely hope that Governor Ron Desantis will look into this matter and also Hold All of You Fully Accountable.<<<<<

Thank You.

Michael J. Walsh
