DUE DATE 09/24/2025

ACTIVITY	QTY	RATE	AMOUNT
Labor:All Labor Service date August 19th, Kevin and Gage from Vogel Bros called last week (Friday) wanted us to set up clamp on ultrasonic flow meter on 16" discharge pipe so they could figure out how to throttle the piping valves that split the flow between the two new tank set up. I mentioned possibly wouldn't get flow because where they want to read from is a vertical discharge pipe Set up flow meter in a weather proof case. Set parameters in flow meter for the 16" DI pipe. Installed sensors on the discharge pipe they wanted to check flow on and we got no signal/flow. Brought our calibration flow meter and installed ,also got no signal. Moved the sensors to vertical section of pipe that we knew had fluid in it and still, no signal. Changed sensor mounting configuration from V to Z , changed parameters in flow meter and installed sensors, now getting signal/ flow. Calibrated our meter to match the flow on inline flow meter they have. Moved sensors back over to the discharge pipe they want flow from and getting no signal. Double checked all parameters, sensor installation and got nothing. Moved sensors back to pipe we know is full and immediately got signal and flow. We believe pipe they want flow from does not stay full enough and has turbulence impeding the meter from reading .	1	990.00	990.00

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	1,162,482.00
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	116,248.20
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	116,248.20
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	1,046,233.80
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	1,010,233.80
8. CURRENT PAYMENT DUE	$	36,000.00
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	21,043,784.20

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

APPLICATION AND CERTIFICATE FOR PAYMENT

AIA DOCUMENT G702 (Instructions on reverse side) PAGE 1 OF 11 PAGES

E412

TO OWNER: SUNSHINE WATER SERVICES

PROJECT: MID-COUNTY WWTP MBR IMPROVEMENTS

APPLICATION NO.: 3
PERIOD TO: 02/25/23
PROJECT NOS.. 1317
2021051
CONTRACT DATE: 12/23/22

Distribution to:
☐ OWNER
☐ ENGINEER
☐ CONTRACTOR

FROM CONTRACTOR: VOGEL BROS. BUILDING CO.

VIA ENGINEER. KIMLEY-HORN

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	1,748,847.50
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	174,884.75
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	174,884.75
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	1,573,962.75
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	1,046,233.80
8. CURRENT PAYMENT DUE	$	527,728.95
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	20,516,055.25

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 527,728.95

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.

By: _____ Date: 3/1/2023

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	1,817,598.52
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	181,759.85
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	181,759.85
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	1,635,838.67
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	1,573,962.75
8. CURRENT PAYMENT DUE	$	61,875.92
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	20,454,179.33

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	2,323,834.34
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	218,938.35
b. 10 % of Stored Material (Column F on G703)	$	13,445.08
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	232,383.43
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	2,091,450.91
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	1,635,838.67
8. CURRENT PAYMENT DUE	$	455,612.24
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	19,998,567.09

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	2,769,693.41
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	246,317.20
b. 10 % of Stored Material (Column F on G703)	$	30,652.15
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	276,969.34
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	2,492,724.07
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	2,091,450.91
8. CURRENT PAYMENT DUE	$	401,273.16
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	19,597,293.93

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	3,334,613.95
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	306,630.78
b. 10 % of Stored Material (Column F on G703)	$	26,830.62
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	333,461.40
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	3,001,152.56
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	2,492,724.07
8. CURRENT PAYMENT DUE	$	508,428.49
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	19,088,865.45

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

My Commission expires: 8-14-26

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 508,428.49

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: _____ Date: 6/27/2023

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	4,031,738.35
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	353,449.91
b. 10 % of Stored Material (Column F on G703)	$	49,723.93
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	403,173.84
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	3,628,564.52
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	3,001,152.56
8. CURRENT PAYMENT DUE	$	627,411.96
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	18,461,453.49

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 627,411.96

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: Date: 7/25/2023

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract. Continuation Sheet, AIA Document G703, is attached.

1. **ORIGINAL CONTRACT SUM**	$	22,090,018.00
2. **Net change by Change Orders**	$	0.00
3. **CONTRACT SUM TO DATE (Line 1 + 2)**	$	22,090,018.00
4. **TOTAL COMPLETED & STORED TO DATE** (Column G on G703)	$	4,302,040.46
5. **RETAINAGE:**		
a. **10 % of Completed Work** (Columns D + E on G703)	$	376,869.69
b. **10 % of Stored Material** (Column F on G703)	$	53,334.35
Total Retainage (Line 5a + 5b or **Total in Column 1 of G703)**	$	430,204.05
6. **TOTAL EARNED LESS RETAINAGE** (Line 4 less Line 5 total)	$	3,871,836.41
7. **LESS PREVIOUS CERTIFICATES FOR PAYMENT** (Line 6 from prior Certificate)	$	3,628,564.52
8. **CURRENT PAYMENT DUE**	$	243,271.89
9. **BALANCE TO FINISH, INCLUDING RETAINAGE** (Line 3 less Line 6)	$	18,218,181.59

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 243,271.89

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: **Date:** 8/31/2023

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract. Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	6,146,304.41
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	553,663.03
b. 10 % of Stored Material (Column F on G703)	$	60,967.41
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	614,630.44
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	5,531,673.97
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	3,871,836.41
8. CURRENT PAYMENT DUE	$	1,659,837.56
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	16,558,344.03

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

TO OWNER: [redacted]NE WATER SERVICES

PROJECT: MID-COUNTY WWTP MBR IMPROVEMENTS

APPLICATION NO.: 11
PERIOD TO: 10/30/23
PROJECT NOS.: 1317
2021051

Distribution to:
☐ OWNER
☐ ENGINEER
☐ CONTRACTOR

FROM CONTRACTOR: VOGEL BROS. BUILDING CO.

VIA ENGINEER: KIMLEY-HORN

CONTRACT DATE: 12/23/22

MPPO # P91-2410-105877

PO# P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	7,955,717.26
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	721,613.69
b. 10 % of Stored Material (Column F on G703)	$	73,958.04
Total Retainage (Line 5a + 5b or Total In Column 1 of G703)	$	795,571.73
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	7,160,145.53
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	5,531,673.97
8. CURRENT PAYMENT DUE	$	1,628,471.56
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	14,929,872.47

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 1,628,471.56

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: Date: 10/25/2023

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract. Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	11,163,848.62
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,042,426.82
b. 10 % of Stored Material (Column F on G703)	$	73,958.04
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,116,384.86
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	10,047,463.76
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	9,055,064.93
8. CURRENT PAYMENT DUE	$	992,398.83
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	12,042,554.24

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ $992,398.83

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified)

ENGINEER Shelby N. Hughes, P.E.
By: Date: 12/14/2023

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	11,919,804.31
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,115,495.33
b. 10 % of Stored Material (Column F on G703)	$	76,485.10
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,191,980.43
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	10,727,823.88
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	10,047,463.76
8. CURRENT PAYMENT DUE	$	680,360.12
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	11,362,194.12

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 680,360.12

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: Date: 1/30/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

RECEIVED, subject to the classifications and lawfully filed tariffs in effect on the date of the issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under this contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any of, said property over all or any portion of said route to destination, and as to each party at any tie interested in all or any of said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment.

Shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

APPLICATION AND CERTIFICATE FOR PAYMENT

AIA DOCUMENT G702 (Instructions on reverse side) PAGE 1 OF 11 PAGES

TO OWNER:
SUNSHINE WATER SERVICES

PROJECT
MID-COUNTY WWTP
MBR IMPROVEMENTS

APPLICATION NO.:	16	Distribution to:
PERIOD TO:	03/31/24	☐ OWNER
PROJECT NOS.:	1317	☐ ENGINEER
	2021051	☐ CONTRACTOR
		☐
CONTRACT DATE:	12/23/22	☐

FROM CONTRACTOR:
VOGEL BROS. BUILDING CO

VIA ENGINEER:
KIMLEY-HORN

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	12,496,734.77
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,173,188.38
b. 10 % of Stored Material (Column F on G703)	$	76,485.10
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,249,673.48
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	11,247,061.29
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	11,054,703.81
8. CURRENT PAYMENT DUE	$	192,357.48
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	10,842,956.71

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

By: _____ Date: 3/31/2024

Gage Vincent, Project Manager

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 192,357.48

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 3/25/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	13,175,043.77
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,241,019.28
b. 10 % of Stored Material (Column F on G703)	$	76,485.10
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,317,504.38
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	11,857,539.39
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	11,247,061.29
8. CURRENT PAYMENT DUE	$	610,478.10
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	10,232,478.61

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 610,478.10

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: Date: 4/25/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification, is attached
In tabulations below, amounts are stated to the nearest cent.

APPLICATION AND CERTIFICATE FOR PAYMENT

AIA DOCUMENT G702 (Instructions on reverse side) PAGE 1 OF 11 PAGES

E619

TO OWNER:
E WATER SERVICES

PROJECT: MID-COUNTY WWTP MBR IMPROVEMENTS

APPLICATION NO.: 18
PERIOD TO: 05/31/24
PROJECT NOS.: 1317
2021051
CONTRACT DATE: 12/23/22

Distribution to.
☐ OWNER
☐ ENGINEER
☐ CONTRACTOR

FROM CONTRACTOR:
VOGEL BROS. BUILDING CO.

VIA ENGINEER: KIMLEY-HORN

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	13,604,527.77
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,283,967.68
b. 10 % of Stored Material (Column F on G703)	$	76,485.10
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,360,452.78
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	12,244,074.99
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	11,857,539.39
8. CURRENT PAYMENT DUE	$	386,535.60
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	9,845,943.01

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

By: _____ Date: 5/24/2024

MY COMMISSION EXPIRES AUG. 14, 2026

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED

AMOUNT CERTIFIED $ 386,535.60

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: _____ Date: 05/24/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification is attached
In tabulations below, amounts are stated to the nearest cent.
Use Column I on Contracts where variable retainage for line items may apply.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	14,124,233.75
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,335,938.28
b. 10 % of Stored Material (Column F on G703)	$	76,485.10
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,412,423.37
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	12,711,810.37
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	12,244,074.99
8. CURRENT PAYMENT DUE	$	467,735.38
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	9,378,207.63

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

By: _____ Date: 6/30/2024

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ _____

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 06/26/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	14,446,935.75
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,399,355.67
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,444,693.57
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	13,002,242.17
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	12,711,810.37
8. CURRENT PAYMENT DUE	$	290,431.80
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	9,087,775.83

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED

AMOUNT CERTIFIED $ 290,431.80

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ Date: 07/24/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	15,038,036.75
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,458,465.77
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,503,803.67
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	13,534,233.07
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	13,002,242.17
8. CURRENT PAYMENT DUE	$	531,990.90
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	8,555,784.93

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 531,990.90

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER. Shelby N. Hughes, P.E.
By: _____ Date: 08/26/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	15,348,494.68
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,489,511.56
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column I of G703)	$	1,534,849.47
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	13,813,645.21
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	13,534,233.07
8. CURRENT PAYMENT DUE	$	279,412.14
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	8,276,372.79

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	15,896,383.68
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,544,300.46
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,589,638.37
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	14,306,745.31
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	13,813,645.21
8. CURRENT PAYMENT DUE	$	493,100.10
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	7,783,272.69

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 493,100.10

(Attach explanation if amount certified differs from the amount applied for Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 10/24/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification, is attached.
In tabulations below, amounts are stated to the nearest cent.
Use Column 1 on Contracts where variable retainage for line items may apply.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 349,201.46

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: _____ Date: 11/21/2024

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification, is attached.
In tabulations below, amounts are stated to the nearest cent.
Use Column I on Contracts where variable retainage for line items may apply.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	16,892,571.30
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,643,919.22
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,689,257.13
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	15,203,314.17
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	14,655,946.77
8. CURRENT PAYMENT DUE	$	547,367.40
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	6,886,703.83

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

CONTRACT DATE: 12/23/22

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	17,480,467.30
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,702,708.82
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,748,046.73
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	15,732,420.57
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	15,203,314.17
8. CURRENT PAYMENT DUE	$	529,106.40
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	6,357,597.43

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 529,106.40

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: _____ Date: 1/28/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification, is attached.
In tabulations below, amounts are stated to the nearest cent.
Use Column 1 on Contracts where variable retainage for line items may apply.

FROM CONTRACTOR:
VOGEL BROS BUILDING CO.

VIA ENGINEER:
KIMLEY-HORN

CONTRACT DATE: 12/23/22

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	17,910,907.30
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,745,752.82
b. 10 % of Stored Material (Column F on G703)	$	45,337.91
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,791,090.73
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	16,119,816.57
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	15,732,420.57
8. CURRENT PAYMENT DUE	$	387,396.00
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	5,970,201.43

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED

AMOUNT CERTIFIED $ 387,396.00

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 02/26/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification, is attached.
In tabulations below, amounts are stated to the nearest cent.
Use Column I on Contracts where variable retainage for line items may apply.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached

1. **ORIGINAL CONTRACT SUM**	$	22,090,018.00
2. **Net change by Change Orders**	$	0.00
3. **CONTRACT SUM TO DATE (Line 1 + 2)**	$	22,090,018.00
4. **TOTAL COMPLETED & STORED TO DATE** (Column G on G703)	$	18,221,023.57
5. **RETAINAGE:**		
a. **10 % of Completed Work** (Columns D + E on G703)	$	1,822,102.36
b. **10 % of Stored Material** (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or **Total in Column 1 of G703)**	$	1,822,102.36
6. **TOTAL EARNED LESS RETAINAGE** (Line 4 less Line 5 total)	$	16,398,921.21
7. **LESS PREVIOUS CERTIFICATES FOR PAYMENT** (Line 6 from prior Certificate)	$	16,119,816.57
8. **CURRENT PAYMENT DUE**	$	279,104.64
9. **BALANCE TO FINISH, INCLUDING RETAINAGE** (Line 3 less Line 6)	$	5,691,096.79

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	18,477,164.57
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,847,716.46
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,847,716.46
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	16,629,448.11
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	16,398,921.21
8. CURRENT PAYMENT DUE	$	230,526.90
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	5,460,569.89

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 230,526.90

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E
By: **Date:** 4/23/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	18,829,436.45
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,882,943.64
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,882,943.64
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	16,946,492.80
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	16,629,448.11
8. CURRENT PAYMENT DUE	$	317,044.69
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	5,143,525.20

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR: VOGEL BROS. BUILDING CO.

By: _____ **Date:** 5/31/2025

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED

AMOUNT CERTIFIED $ 317,044.69

(Attach explanation if amount certified differs from the amount applied for Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: _____ **Date:** 5/28/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
containing Contractor's signed Certification, is attached

My Commission expires: Aug 14, 2026

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 360,918.00

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 6/26/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	19,572,500.65
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,957,250.06
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,957,250.06
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	17,615,250.58
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	17,307,410.80
8. CURRENT PAYMENT DUE	$	307,839.78
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	4,474,767.42

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and thal current payment shown herein is now due

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	19,928,360.16
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	1,992,836.02
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	1,992,836.02
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	17,935,524.14
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	17,615,250.58
8. CURRENT PAYMENT DUE	$	320,273.56
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	4,154,493.86

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 320,273.56

(Attach explanation if amount certified differs from the amount applied for Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 8/21/2025

This Certificate is not negotiable THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

APPLICATION AND CERTIFICATE FOR PAYMENT

AIA DOCUMENT G702 (Instructions on reverse side) PAGE 1 OF 11 PAGES

TO OWNER:
SUNSHINE WATER SERVICES

PROJECT: MID-COUNTY WWTP MBR IMPROVEMENTS

APPLICATION NO: 34
PERIOD TO: 09/30/25
PROJECT NOS.: 1317 / 2021051
CONTRACT DATE: 12/23/22

Distribution to:
☐ OWNER
☐ ENGINEER
☐ CONTRACTOR

FROM CONTRACTOR:
VOGEL BROS. BUILDING CO.

VIA ENGINEER: KIMLEY-HORN

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	20,251,067.94
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	2,025,106.79
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	2,025,106.79
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	18,225,961.14
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	17,935,524.14
8. CURRENT PAYMENT DUE	$	290,437.00
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	3,864,056.86

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

By: _____ Date: 9/30/2025

My Commission expires. Aug 14, 2026

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED

AMOUNT CERTIFIED $ 290,437.00

(Attach explanation if amount certified differs from the amount applied for Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER Shelby N. Hughes, P.E.
By: _____ Date: 9/26/2025

This Certificate is not negotiable THE AMOUNT CERTIFIED is payable only to the Contractor named herein Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

APPLICATION AND CERTIFICATE FOR PAYMENT

AIA DOCUMENT G702 (Instructions on reverse side) PAGE 1 OF 11 PAGES

TO OWNER:
SUWANNEE WATER SERVICES

PROJECT:
MID-COUNTY WWTP
MBR IMPROVEMENTS

APPLICATION NO.:	35	Distribution to:
PERIOD TO:	10/31/25	☐ OWNER
PROJECT NOS.:	1317	☐ ENGINEER
	2021051	☐ CONTRACTOR
		☐
CONTRACT DATE:	12/23/22	☐

FROM CONTRACTOR:
VOGEL BROS. BUILDING CO.

VIA ENGINEER
KIMLEY-HORN

MPPO # P91-2410-105877

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	20,684,727.08
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	2,068,472.71
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	2,068,472.71
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	18,616,254.37
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	18,225,961.14
8. CURRENT PAYMENT DUE	$	390,293.23
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	3,473,763.63

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 390,293.23

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N. Hughes, P.E.
By: _____ **Date:** 10/29/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached.

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	21,405,868.81
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	2,140,586.88
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	2,140,586.88
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	19,265,281.93
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	18,616,254.37
8. CURRENT PAYMENT DUE	$	649,027.56
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	2,824,736.07

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR: VOGEL BROS. BUILDING CO.

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	21,917,561.72
5. RETAINAGE:		
a. 10 % of Completed Work (Columns D + E on G703)	$	2,191,756.17
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column I of G703)	$	2,191,756.17
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	19,725,805.55
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	19,265,281.93
8. CURRENT PAYMENT DUE	$	460,523.62

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED

AMOUNT CERTIFIED $ 460,523.62

(Attach explanation if amount certified differs from the amount applied for Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N Hughes, P.E.
By: _____ **Date:** 12/16/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	0.00
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	22,090,018.00
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	21,917,561.72
5. RETAINAGE:		
a. 5 % of Completed Work (Columns D + E on G703)	$	1,095,878.09
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column I of G703)	$	1,095,878.09
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	20,821,683.63
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	19,725,805.55
8. CURRENT PAYMENT DUE	$	1,095,878.08
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	1,268,334.37

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED $ 1,095,878.08

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N Hughes, P E.
By: _____ **Date:** 12/16/2025

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract

CONTRACTOR'S APPLICATION FOR PAYMENT

Application is made for payment, as shown below, in connection with the Contract.
Continuation Sheet, AIA Document G703, is attached

1. ORIGINAL CONTRACT SUM	$	22,090,018.00
2. Net change by Change Orders	$	(172,456.27)
3. CONTRACT SUM TO DATE (Line 1 + 2)	$	21,917,561.73
4. TOTAL COMPLETED & STORED TO DATE (Column G on G703)	$	21,917,561.73
5. RETAINAGE:		
a. 0 % of Completed Work (Columns D + E on G703)	$	0.00
b. 10 % of Stored Material (Column F on G703)	$	0.00
Total Retainage (Line 5a + 5b or Total in Column 1 of G703)	$	0.00
6. TOTAL EARNED LESS RETAINAGE (Line 4 less Line 5 total)	$	21,917,561.73
7. LESS PREVIOUS CERTIFICATES FOR PAYMENT (Line 6 from prior Certificate)	$	20,821,683.63
8. CURRENT PAYMENT DUE	$	1,095,878.10
9. BALANCE TO FINISH, INCLUDING RETAINAGE (Line 3 less Line 6)	$	0.00

CHANGE ORDER SUMMARY	ADDITIONS	DEDUCTIONS
Total changes approved in previous months by Owner	$0	$0
Total approved this Month	$0	$0
TOTALS	$0	$0
NET CHANGES by Change Order	$0	

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous certificates for Payment wee issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: VOGEL BROS. BUILDING CO.

ENGINEER'S CERTIFICATE FOR PAYMENT

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer certifies to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, ad the Contractor is entitled to payment of the AMOUNT CERTIFIED.

AMOUNT CERTIFIED.....$ _____

(Attach explanation if amount certified differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount certified.)

ENGINEER: Shelby N Hughes, P.E
By: _____ **Date:** _____

This Certificate is not negotiable. THE AMOUNT CERTIFIED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

AIA Document G703, APPLICATION AND CERTIFICATE FOR PAYMENT,
continuation sheet, is signed Certification, is attached.
In tabulations below, amounts are stated to the nearest cent.
Use Column 1 on Contracts where variable retainage for line items may apply.

(e) A calculation of the weighted average cost of capital shall be provided for the most recent 12-month period, using the mid-point of the range of the last authorized rate of return on equity, the current embedded cost of fixed-rate capital, the actual cost of short-term debt, the actual cost of variable-cost debt, and the actual cost of other sources of capital which were used in the last individual rate proceeding of the utility. If the utility does not have an authorized rate of return on equity, the utility shall use the current leverage formula pursuant to Section 367.081(4)(f), F.S.

7. Please provide supporting documentation to justify actual and estimated rate case expense to complete this limited proceeding.

Response:

SWS' non-confidential electronic documents responsive to this request will be served via electronic mail in attachments entitled:

- "(BS 000851 – 000862) Staff POD_4_7"
- "(BS 000863) Staff POD_4_7";
- "(BS 000864) Staff POD_4_7";
- "(BS 000865) Staff POD_4_7";
- "(BS 000866) Staff POD_4_7";
- "(BS 000867) Staff POD_4_7";and
- "(BS 000868) Staff POD_4_7"

The responsive documents include invoices from Ausley McMullen, Infosend (printing vendor), and detailed calculations of estimated remaining costs for this proceeding. The Company notes that, although the first customer notice was able to be served by bill insert, a direct mailing may be needed in the final order rate notice, which would significantly increase noticing costs.

SWS is redacting and withholding certain information within the Ausley McMullen invoices on the basis that this information is protected by the Attorney-Client and Attorney Work-Product Privilege. This information is identified on Exhibit A.

SUNSHINE WATER SERVICES COMPANY
DOCKET No. 20250137-SU
OPC's FIRST SET OF INTERROGATORIES
INTERROGATORY No. 1
BATES PAGE(S): 000001

Specific Answers

1. **Capital Structure.** Please refer to provision (4) of Rule 25-30.433, Florida Administrative Code. If a net debit deferred taxes is included as a separate item in the rate base calculation without any further adjustment, please explain how applying a pro rata adjustment to deferred tax liabilities in Column (b) on Schedule No. 3 in Exhibit B of SWS' limited proceeding application does not subvert the requirement of provision (4) of Rule 25-30.433, Florida Administrative Code, for a net credit deferred taxes in the capital structure.

ANSWER:

The Company objects to this interrogatory on the grounds that it calls for an answer that is not relevant and not calculated to lead to the discovery of admissible evidence. The Company has not included a net debit deferred taxes in its rate base in this proceeding. The treatment of the Company's net credit deferred taxes is consistent with its most recently approved capital structure in Docket No. 20240068-WS.

2. Capital Structure. Please refer to Schedule No. 3 in Exhibit B of SWS' limited proceeding application. If SWS' Customer Deposits, Deferred Tax Liabilities, Tax Credits – Zero Cost, and Excess Deferred Tax Liability were specifically identified, in that only investor sources of capital were prorated, what would the weighted average cost of capital be?

ANSWER:

SCHEDULE OF CAPITAL STRUCTURE AND WEIGHTED COST OF CAPITAL

		(a)	(b) Reconciling	(c)	(d)	(e)	(f)
Line No.	Description	12/31/2024	Adjustments	Capital Structure (3)	% of Total	Cost Rate	Weighted Cost
1	(1) Long-Term Debt - Fixed	$208,958,188	-$180,799,578	$28,158,610	19.95%	5.23%	1.04%
2	(1) Long-Term Debt - Variable	$136,768,793	-$118,338,220	$18,430,573	13.06%	6.47%	0.85%
3	(1) Short-Term Debt	$149,639,274	-$129,474,312	$20,164,962	14.29%	6.73%	0.96%
4	(2) Customer Deposits	$337,537	$0	$337,537	0.24%	2.00%	0.00%
5	(1) Common Equity	$471,246,055	-$407,742,279	$63,503,775	44.99%	10.05%	4.52%
6	(2) Deferred Tax Liabilities	$5,863,252	$0	$5,863,252	4.15%	0.00%	0.00%
7	(2) Tax Credits - Zero Cost	$59,215	$0	$59,215	0.04%	0.00%	0.00%
8	(2) Excess Deferred Tax Liability	$4,627,919	$0	$4,627,919	3.28%	0.00%	0.00%
9	Capitalization	$977,500,233	($537,216,591)	$141,145,844	100.00%		7.38%

Notes:
(1) The Common Equity, Long-Term Debt, and Short-Term Debt amounts used are derived from the Common Equity, Long-Term Debt, and Short-Term Debt of Nexus Regulated Utilities, LLC for the 12 months ended 12/31/24.

(2) The Customer Deposits, Tax Credits, and Deferred Income Taxes amounts used are derived specifically from the Customer Deposits, Tax Credits, and Deferred Income Taxes of Sunshine Water Services Company for the 12 months ended 12/31/24.

3. **Property Taxes.** Please refer to Lines 7 through 12 on Schedule No. 10 of Exhibit DMD-1. Please explain why SWS did not recognize the 4% discount as the Company's did on Line 32 on Page 6 of 7 of MFR Schedule B-3 in Document No. 07025-2024 for Docket No. 20240068-WS.

ANSWER:

This was an oversight in the preparation of Schedule 10. The correct millage rate should be 0.13545216.

Wastewater Compliance Summary				
County	**System Name**	**WAFR ID**	**Compliance Status (In compliance/Not in compliance)**	**Compliance Summary (2024-Present)**
Highlands	Lake Placid	FLA014386	In-Compliance	A warning letter was issued on 08/09/2024 for an unauthorized Sanitary Sewer Overflow. No further action was taken. A comprehensive compliance inspection of the facility and a sanitary sewer overflow survey was conducted on 11/21/2024. The facility was found to be out-of-compliance for debris in the chlorine contact chamber. Compliance assistance was offered during the inspection, and the facility completed all corrective actions. An in-compliance letter was sent with the inspection report on 12/17/2024.
Lake	Pennbrooke	FLA010570	In-Compliance	A comprehensive compliance inspection of the facility and a sanitary sewer overflow survey was conducted on 09/06/2024. The facility was found to be out of compliance for records/reports. A compliance assistance offer was issued on 11/07/2024. The facility completed all corrective actions and received an in-compliance letter on 02/04/2025. A comprehensive compliance inspection of the facility and a sanitary sewer overflow survey was conducted on 02/21/2025. The facility was found to be out-of-compliance for sampling, records/reports, facility site review and effluent quality. A compliance assistance offer letter was sent on 03/27/2025. The facility completed all corrective actions and was returned to compliance on 04/02/2026.
Lake	Lake Groves	FLA011146	In-Compliance	In May 2025, Lake Groves WWTF experienced a Sanitary Sewer Overflow (SSO) of approximately 199,000 gallons. A Warning Letter was issued on 05/13/2025 to Sunshine Water Services. The SSO was a result of contractor, CIL Underground, drilling through a force main. A warning letter was issued to the president of CIL Underground, not affiliated with Lake Groves WWTF, on July 21, 2025, and is tracked in the databases under the following ID: FLSS0A802. An office file investigation for this facility was conducted on 09/18/2025. The facility was found to be out of compliance for records/reports and effluent quality and received a compliance assistance offer letter on 09/19/2025. The facility completed all required corrective actions on 09/30/2025.
Lake	Barrington Estates	FLA416207	In-Compliance	An office file investigation for this facility was conducted on 08/28/2025 and found to be in-compliance. An in-compliance letter was sent to the facility on 09/18/2025, A comprehensive compliance inspection of the facility and a sanitary sewer overflow survey was conducted on 12/05/2025. The facility was found to be in-compliance. An in-compliance letter was sent on 12/30/2025.
Lee	Cross Creek	FLA014505	In-Compliance	No new activities to report since last request.
Lee	Eagle Ridge	FLA014498	Significant Out-of-Compliance	A note was placed in the facility's compliance profile on 11/19/2024 to acknowledge sanitary sewer overflows. A comprehensive compliance inspection of the facility and a sanitary sewer overflow survey was conducted on 08/25/2025. The facility was found to be in significant noncompliance for compliance schedules, records/reports, effluent quality, effluent disposal and groundwater. A compliance assistance offer letter was sent on 09/24/2025.
Marion	Crownwood	FLA012680	In-Compliance	One 100 gallon SSO occurred on 02/08/2025. Enforcement was not pursued. An office file investigation was conducted on 12/10/2025. The facility was found to be in-compliance.
Pasco	Labrador (Forest Lake Estates)	FLA012801	In-Compliance	On 03/31/2025 as non-SSO abnormal event report was submitted to DEP. The odors were due to an upset from debris blockage in plant. The odor issue was promptly resolved. Enforcement was not pursued.
Pinellas	Mid County Services	FL0034789	In-Compliance	Formal enforcement (Consent Order OGC 24-1932) was closed on 04/04/2025 (originally executed 08/01/2024). On 12/08/2025 DEP conducted a permit renewal inspection and a sanitary sewer overflow survey. The facility was found out-of-compliance for both. A verbal offer of compliance assistance was made during the inspection. All deficient items were resolved. An in-compliance letter was sent on 01/07/2026.
Polk	Cypress Lakes	FLA013123	In-Compliance	No new activities to report since last request.
Seminole	Sanlando (including Longwood) (This facility is named Wekiva Hunt Club in DEP databases.)	FL0036251	Out-of-Compliance (11/2025 SSO and 10/2025 compliance schedule violation)	The most recent inspection (05/19/2025) found the facility to be out-of-compliance for a sanitary sewer overflow survey and was found to be significant-out -of-compliance for a compliance sampling inspection. A warning letter was issued on 05/19/2025. A consent order was executed on 05/24/2024 (OGC 23-0392), and the facility is still under this consent order. Six SSOs occurred from 09/2024-11/2025. One compliance schedule violation exists for not submitting a progress report by 10/31/2025. In February 2026, the Central District Office received an odor complaint for this facility. A site visit will be planned once information is received from the complainant regarding when the odors are the strongest.
Seminole	City of Longwood (Included at request above)	FLSS0A351	In-Compliance	On 06/03/2025 the facility was found out-of-compliance for SSOs. The facility entered into a consent order for the two SSOs: one in 09/2024 and one in 02/2025. On 10/07/2025 the case was closed, and the facility was returned to compliance.

Program Site ID: 6280273
Complaint Description:
A utility director from Sebring contacted DEP on 04/23/2024 because a customer from Lake Placid became seriously ill and was sent to the hospital due to an E. coli infection. The customer thinks she became sick from the water and didn't know who to call. Customer was in the hospital for multiple days and is still quite ill. Based on the customer's address, the utility that serves them water is Sunshine Water Services (formerly known as Sun n Lake of Lake Placid).

Remember to ask "Is this the first time the complainant contacted DEP about this issue?" and add the comment above.

Type of Initial Complaint Response:	Phone Call

FPSC EXH NO. 19
ADMITTED

Complaint Contact Notes:

04/23/2024 10:22am - George spoke with complainant by phone. She is still very sick. She said her doctor and the hospital in Sebring confirmed an E. coli infection through blood samples. Before she was sick, her next door neighbor also was sick and some people in her neighborhood were talking about getting sick from the water. She was told somebody from the utility may visit her home to collect samples to see if E. coli is detected at her home and in the area nearby. A voicemail was left with Highlands County Department of Health - Epidemiology to confirm they were made aware of this issue. Sunshine Water Services will be contacted by phone on 04/23/2024.

04/23/2024 10:59am - George spoke with Sue DiPasquale at Sunshine Water Services. She was not aware of the sick customer. George provided an address and Sue confirmed the caller is serviced by Sunshine Water. Sue said she would inform the vice president of the company and the utility will likely send somebody out to collect water to analyse for the presence of bacteria.

04/24/2024 9:27am - George spoke with Patrick Hickey from Highlands County Department of Health. He said his team was not previously informed of this E. coli diagnosis. George provided the contact information for the patient and a summary of the situation. Patrick said his team would interview the patient and perform an investigation.

04/25/2024 3:38pm - George spoke with Patrick Hickey from Highlands County DOH. He said his team interviewed the patient and are very confident this is a self-contained incident that is unlikely to be spread in the water or environment. Patrick could not share too much information due to medical privacy, but his team believes the threat to public health is zero. George will follow up with the water utility once bacteriological reports have been made available.

04/26/2024 4:18pm - George received an email from Domenic Gentilucci at Sunshine Water Services. The two days of bacteriological results from the original location as well as upstream and downstream from the customer were absent of total coliform and fecal indicator / E. coli bacteria. Based on the DOH conclusion that this case appears to be self-contained, the absence of bacteria in the collected samples, and the presence of acceptable chlorine levels in the samples, there does not seem to be a threat to public health. The case appears to be closed.

Complaint Contact Notes:

Dessy Owiti contacted the Mr. Gentilucci, the director of Sun N Lakes of Lake Placid (Sunshine Water Services) (6280273) was contacted via phone and via email on 2/26/2024 .He said that they are not sure how someone could have gained access to the generator. They think it's someone who knows the facility . Dessy checked the facilities last sanitary survey report, conducted Jan 2023. The report indicates that the access to the facility was locked. The director (Domenik) said that they changed the combination to the locks and are adding motion sensors. The components of the new equipment will arrive this week, already ordered. They also have stand by portable generators to use incase of an emergency. See correspondence below.

Good morning Mr. Gentilucci,

Thank you for taking my call earlier.

The department received a generator components vandalism notification (carburetor and fuel line removed from backup generator). We are glad to know that everyone is okay, no one was hurt and the drinking water equipment and wells were not affected. Thank you for confirming that motion sensors will be installed, the lock combination has been changed and the stolen components have been ordered & will be installed this week. We are also glad to know that you have portable generators incase an emergency occurs before the new components are installed.

As I mentioned on our phone call, if you are members of FRWA (Florida Rural Water Association), please contact Stan Epperly (cc'd in this email) incase you need additional assistance during a power outage. Hopefully this will not be necessary as your generator will be restored this week.

I have included the South District PWS email address (cc'd in this email) for any future questions you may have. You may also directly contact the following people with urgent matters that you may want to discuss:

- George Ugartemendia 239-344-5623 George.Ugartemendia@FloridaDEP.gov
- Megan Jarabek 239-344-5642 Megan.Jarabek@FloridaDEP.gov
- Dessy Owiti 239-344-5637 Dessy.Owiti@floridadep.gov

Have a wonderful day.

Patrick,

I wanted to send a thank you to you and your team for working with us to investigate a possible case of E. coli in Highlands County this week. I'm relieved that this case appears to be self-contained and it is unlikely to be spread through the water or environment.

I appreciate your time and efforts. Please have a great weekend.

EXTERNAL MESSAGE
This email originated outside of DEP. Please use caution when opening attachments, clicking links, or responding to this email.

Good afternoon George,

Please see the attached satisfactory bacteriological reports for Lake Placid PWS 6280273.

I spoke with the customer on the phone today while I was in Lake Placid. I assured the customer that the water is safe to consume and that I would be sending the results of the samples to DEP.

Have a terrific weekend.

Sue,

I spoke with George. Justin is on the way to Lake Placid to investigate and pull 3 bactes today and tomorrow.

The sample locations will be 5 upstream of the customer, 5 downstream of the customer and one from 103 Fairway Drive.

The bacteriological reports will be sent to DEP once they are received from the lab.

Regards,

Domenic Gentilucci

Subject: Lake Placid Customer - E. Coli

Sue,

Just confirming some information from our phone call. We spoke to a customer this morning who was in the hospital over the weekend due to a confirmed E. coli infection. Her address is 103 Fairway Dr in Lake Placid. She's still sick but is back at home. I let her know somebody from the water utility might visit her home to collect a water sample to analyze for the presence of bacteria.

Please let me know if you need any more information. If your team could keep me in the loop with anything you discover, that would be a big help.

Thanks for your time and efforts.

Wastewater Abnormal Event 5 Day Report

This form is provided for your convenience only, in order to report the required information to Florida DEP. You may complete this form and email to the appropriate District office, as listed below.

Northwest District - NWD_WastewaterCompliance@floridadep.gov
Northeast District - DEP_NED@floridadep.gov
Southwest District - SWD_DW@floridadep.gov
Southeast District -SED.Wastewater@floridadep.gov
South District – SD-AbnormalEvents@floridadep.gov
Central District – DEP_CD@floridadep.gov

These incidents, and the corresponding Public Notice of Pollution, may also be reported through the DEP Business Portal. If it is preferred to submit these separately, the PNP may be submitted here. If the spill is greater than 1000 gallons, it MUST be reported to the **State Watch Office** at 1-800-320-0519 and a PNP MUST be submitted. All fields with an asterisk (*) must be completed as they are required by rule 62-620.610, F.A.C.

(NO SPILLS) PLANT IN COMPLIANCE (Reporting Odor ISSUES only)

***Incident Description and Remedial Action Being Taken** (Include estimated time for completion):

Slide gate that feeds Train #2 was blocked with debris causing excessive flow to increase to TRAIN #3
(NO SPILLS OCCURRED) Train #1 is currently offline which caused 100% of the flow to go to Train #3 causing the upset

Actions taken
Removed blockages from Train #2 slide gate that controls flow to Train #2 cleaned headwork's , grit chambers.
Deployed mutable odor blocks around Wastewater plant grounds and using odor control air scrubber at max. We also have been deploying additional odor block twice daily , more if needed.

#1Spoke with several customers that live near plant.
#2 Provided a impromptu meeting at the community center explaining any odors and what the cause of the problems were.
#3 Spoke with HOA president and Property Manger onsite.
#4Community robo-call was issued explaining that we were experiencing an issue and urging customers not to flush

***Future Preventative Measures:**

Will monitor flow through slide gates daily

Additional Comments

Results Description

Alexandra spoke with Jeff Lambert (jeff.lambert@nexuswg.com and (6890 323-2822),on Monday, March 31 at 8:45 AM, the operator of Forest Lake Estates and he mentioned that the lift station does have a grinder pump but unfortunately a couple of rags recently got in a blew the pump. The facility has replaced the pump, have 6 odor blocks, and the air scrubber is on. Jeff states the plant is in recover and the odors should be decreasing. Alexandra asked Jeff to fill out an abnormal events report. The abnormal report is in Oculus under discovery compliance.

Alexandra spoke with Steve on Monday, March 31 at 12:20 PM, Steve mentioned the facilty had made the housing office aware and that the housing office alerted residents of the rag and Depends issue. The smell was very strong and is concered of what the facility is doing. Alexandra let Steve know the facility is trying to improve the treatment process at the plant and this has put the facility back, but the facility is trying to improve treatment and get all three trains healthy and running. Alexandra sent Steve and Bonnie (wife) and email showing them how to use Oculus and the abnormal report that was put in.

Alexandra told Steve to let the Department know if odor continues to be strong.

Steve appeared to content with the facility's reponse, and will reach out if any concerns surface.

Re: Warning Letter
Lake Groves WWTF: Facility ID No. FLA010630
Sanitary Sewer Overflow at 2425 US Hwy 27, Clermont, FL
SWO #2025-3670
Lake County

Dear Mr. Twomey:

On May 1, 2025, the Florida Department of Environmental Protection ("Department") was notified by the State Watch Office (SWO #2025-3670) that your facility, Lake Groves WWTF, had an unpermitted sanitary sewer overflow ("SSO") of approximately 199,000 gallons in potential violation of Chapter 403, Florida Statutes ("Fla. Stat."), and Rules 62-620 and 62-604, Florida Administrative Code ("Fla. Admin. Code"), which prohibits unauthorized discharges.

The Department acknowledges receipt of the necessary information related to the spill.

Please contact Ismael Reyes of the Central District Office by phone at 407-897-4337 or via email at ismael.reyes@floridadep.gov, within **7 days** of receipt of this Warning Letter to arrange a meeting to discuss this matter. The Department is interested in receiving any facts you may have that will assist in determining whether any violations have occurred. You may bring anyone with you to the meeting that you feel could help resolve this matter.

Please be advised that this Warning Letter is part of an agency investigation, preliminary to agency action in accordance with Section 120.57(5), Fla. Stat. Violations of Florida Statutes or administrative rules may result in liability for damages and restoration, and the judicial imposition of civil penalties, pursuant to Sections 403.121 and 403.161, Fla. Stat.

SUBJECT: Department of Environmental Protection v. City of Longwood, OGC File No.: 25-0638
City of Longwood, FLSS0A351

Mr. Watts:

The State of Florida Department of Environmental Protection ("Department") finds that The City of Longwood ("Respondent") had a sanitary sewer overflow of approximately 750 gallons of untreated wastewater on September 14, 2024 and a sanitary sewer overflow of approximately 10,000 gallons of untreated wastewater on February 1, 2025, in violation of Section 403.161(1)(b), Florida Statutes ("F.S.") and Rule 62-604.130(1), Florida Administrative Code ("F.A.C."). Before sending this letter, the Department requested that the Respondent undertake certain actions to resolve the violation. These actions have since been completed. However, due to the nature of the violation, the Respondent remains subject to civil penalties. The Respondent is also responsible for costs incurred by the Department during the investigation of this matter.

The Department's Offer

Based on the violations described above, the Department is seeking $ 4,033.00 in civil penalties and $ 250.00 for costs and expenses the Department has incurred in investigating this matter, which amounts to a total of $ 4,283.00. The civil penalty in this matter includes 1 violation of $3,000.00 or more.

FPSC EXH NO. 19
ADMITTED

However, in lieu of paying the full civil penalty, the Department has determined that $4,033.00 of the civil penalty may be offset through implementation of the In-Kind Project described in the attached Exhibit 1. This amount is referred to as the "offset amount."

Respondent's Acceptance

If you wish to accept this offer and fully resolve the enforcement matter pending against the Respondent, please sign this letter and return it to the Department at 3319 Maguire Blvd., STE 232, Orlando, FL 32803 by **June 6, 2025**. The Department will then countersign it and file it with a designated clerk of the Department. Once the document is filed with the designated clerk, it will constitute a final order of the Department pursuant to Section 120.52(7), F.S. and will be effective unless a request for an administrative hearing is filed by a third party in accordance with Chapter 120, F.S. and the attached Notice of Rights.

By accepting this offer you, William Watts:

(1) certify that you are authorized and empowered to negotiate, enter into, and accept the terms of this offer in the name and on behalf of Respondent;

(2) acknowledge and waive Respondent's right to an administrative hearing pursuant to Sections 120.569 and 120.57, F.S., on the terms of this offer, once final;

(3) acknowledge and waive Respondent's right to an appeal pursuant to Section 120.68, F.S.; and

(4) acknowledge that payment of the above amount does not constitute a waiver of the Department's right, if any, to recover emergency response related costs and expenses for this matter.

The Department acknowledges that the Respondent's acceptance of this offer does not constitute an admission of liability for the violation(s) referenced above.

Respondent's Performance

After signing and returning this document to the Department,

(1) Upon signing this letter, you must implement the In-Kind Project in accordance with the requirements identified in the attached Exhibit 2. You must begin the In-Kind Project within **30 days**, and fully complete the In-Kind Project within **180 days** of your signing this letter. Your failure to timely start or complete the In-Kind Project, or timely provide the Department with a Final Report, will cause the In-Kind Project option to be forfeited and the balance of the civil penalty shall be due within 10 days of notice from the Department.

(2) Respondent shall pay $250.00 by **July 4, 2025.**

FPSC EXH NO. 19
ADMITTED

(3) Respondent shall make all payments required by this Order by cashier's check, money order or on-line payment. Cashier's check or money order shall be made payable to the "Department of Environmental Protection" and shall include both the OGC number assigned to this Order and the notation "Water Quality Assurance Trust Fund." Online payments by e-check can be made by going to the DEP Business Portal at: http://www.fldepportal.com/go/pay/
It will take a number of days after this order is final, effective and filed with the Clerk of the Department before ability to make online payment is available.

The Department may enforce the terms of this document, once final, and seek to collect monies owed pursuant to Sections 120.69 and 403.121, F.S.

Until clerked by the Department, this letter is only a settlement offer and not a final agency action. Consequently, neither the Respondent nor any other party may request an administrative hearing to contest this letter pursuant to Chapter 120, F.S. Once this letter is clerked and becomes a final order of the Department, as explained above, the attached Notice of Rights will apply to parties, other than the Respondent, whose interests will be substantially affected.

Electronic signatures or other versions of the parties' signatures, such as .pdf or facsimile, shall be valid and have the same force and effect as originals. No modifications of the terms of this Order will be effective until reduced to writing, executed by both Respondent and the Department, and filed with the clerk of the Department.

Please be aware that if the Respondent declines to respond to the Department's offer, the Department will assume that the Respondent is not interested in resolving the matter and will proceed accordingly.

If you have any questions, please contact Hannah VanBuren at (407) 897-4146 or at Hannah.VanBuren@FloridaDEP.gov.

Sincerely,

On behalf of:

Aaron Watkins
Director
Central District

NOTICE OF RIGHTS

Persons who are not parties to this Order, but whose substantial interests are affected by it, have a right to petition for an administrative hearing under Sections 120.569 and 120.57, Florida Statutes. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition concerning this Order means that the Department's final action may be different from the position it has taken in the Order.

The petition for administrative hearing must contain all of the following information:

(a) The name and address of each agency affected and each agency's file or identification number, if known;

(b) The name, address, any e-mail address, any facsimile number, and telephone number of the petitioner, if the petitioner is not represented by an attorney or a qualified representative; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;

(c) A statement of when and how the petitioner received notice of the agency decision;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

(e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;

(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and

(g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

The petition must be filed (received) at the Department's Office of General Counsel, 3900 Commonwealth Boulevard, MS# 35, Tallahassee, Florida 32399-3000 or received via electronic correspondence at Agency_Clerk@floridadep.gov, within 21 days of receipt of this notice. A copy of the petition must also be mailed at the time of filing to the District Office at the address indicated above. Failure to file a petition within the 21-day period constitutes a person's waiver of the right to request an administrative hearing and to participate as a party to this proceeding under Sections 120.569 and 120.57, Florida Statutes. Mediation under Section 120.573, Florida Statutes, is not available in this proceeding.

Historic LONGWOOD Florida

CITY OF LONGWOOD

Fostering citizen trust and cultivating a prosperous community

In-Kind Project Summary

City of Longwood
Department of Public Works
Facility Permit #3590202
907 E. SR 434
Longwood, FL 32750
407-263-2396
Jeff French/Utilities Supervisor

A. **Project Description:** The City of Longwood will install a HydraLink system at the Longwood Green lift station, located at 145 Citrus Tree Lane, Longwood, FL, 32750. This upgrade will enhance existing operations by improving monitoring and control capabilities. The project aims to increase the operational efficiency and reliability of the lift station while providing long-term environmental and economic benefits. By optimizing pump station performance, the HydraLink system will ensure better service delivery and provide a more efficient and modern monitoring system for the lift station, reducing the risk of sewer illicit discharges into the environment and nearby water bodies within the community.
The installation will include the following equipment and components:

HydraLink Equipment:

- **HydraLink Pump Controller / Telemetry Unit**: Provides remote monitoring and control of pump operations.
- **HydraLink 7" Color Touch Screen Display**: A user interface for local operation and monitoring of system parameters.
- **HydraLink Expansion I/O Module**: Expands the system's ability to interface with additional sensors or devices.
- **Ethernet Switch**: Facilitates communication between the HydraLink components and the wider network.
- **Cellular Router with Antenna**: Ensures reliable cellular communication for remote access and data transmission.
- **Current Transformer (1 per pump)**: Used to monitor the amperage of each pump, ensuring efficient operation and providing alerts for abnormal conditions.
- **Smart Phase Monitor**: Monitors the voltage phase, ensuring the system operates within safe electrical parameters.
- **DC Power Supply, Battery Backup, Relays, Terminals, etc.**: Power supplies and backup systems to ensure continuous operation, even during power outages.

E1180

FPSC EXH NO. 19
ADMITTED

- **Polycarbonate Enclosure with Aluminum Deadfront**: Protective housing to ensure safe and secure operation of all equipment.

2. **Additional Equipment:**
   - **VEGAPULS C-21 Radar Level Sensor**: To be installed with 32 feet of cable and a mounting bracket to provide accurate level measurement.
   - **FM Pressure Transducer**: To be installed with an isolation diaphragm for precise pressure monitoring.
3. **Testing and Integration Services:**
   - Comprehensive testing and integration of all components to ensure proper system functionality and communication.

B. **Environmental and Economic Benefits**: This In-Kind project will deliver several key environmental and economic benefits:

- **Enhanced Monitoring and Control**: Real-time monitoring of pump operations and environmental conditions will reduce downtime, improve efficiency, and minimize potential damage to the pumps.
- **Energy Efficiency**: By optimizing pump performance through better monitoring, energy consumption will be reduced, resulting in long-term savings.
- **Reduced Maintenance Costs**: Proactive detection of system anomalies will help prevent costly repairs and extend the lifespan of the equipment.
- **Improved Environmental Protection**: More accurate monitoring ensures the system operates within optimal environmental parameters, reducing the risk of spills or system failures that could harm the surrounding area.

C. **Project Cost**: $16,038.00 Hydra Service (Quote No. 250320-1DJ attached)

Projected Payback Period: Implementing HydraLink technology at the lift stations will generate substantial financial benefits through reduced emergency repairs and the prevention of sanitary sewer overflows (SSOs). The advanced monitoring capabilities of the SCADA system enable early issue detection, allowing for timely interventions and minimizing costly environmental fines. These efficiencies will result in immediate cost savings upon project completion, including reduced staff time and operational expenses.

Sean.Twomey@sunshinewater.com

SUBJECT: Department of Environmental Protection v. Sunshine Water Services,
OGC File No.: 24-1932
Mid-County WWTP FL0034789

Mr. Twomey:

The State of Florida Department of Environmental Protection ("Department") finds that from December 3, 2023, to January 10, 2024, Sunshine Water Services ("Respondent") had three unauthorized discharges of raw wastewater totaling 3,200 gallons, in violation of Rules 62-604 and 62-620, Florida Administrative Code ("Fla. Admin. Code"). Before sending this letter, the Department requested that the Respondent undertake certain actions to resolve the violations. These actions have since been completed. However, due to the nature of the violations, the Respondent remains subject to civil penalties. The Respondent is also responsible for costs incurred by the Department during the investigation of this matter.

The Department's Offer

Based on the violations described above, the Department is seeking $5,000.00 in civil penalties, $1,290.36 in economic benefit, $1,250.00 for history of non-compliance and $500.00 for costs and expenses the Department has incurred in investigating this matter, which amounts to a total of $8,040.00. The civil penalties are apportioned as follows: $4,000.00 for violation of Rules 62-604 and 62-620 Fla. Admin. Code and $1,000.00 for violation of Rule 62-302 Fla. Admin Code.

FPSC EXH NO. 19
ADMITTED

In lieu of making cash payment of $7,540.00 in civil penalties, economic benefit, and history of non-compliance as set forth in the paragraph above, Respondent may elect to off-set this amount by implementing an in-kind penalty project, which must be approved by the Department. An in-kind project must be either an environmental enhancement, environmental restoration or a capital/facility improvement project and may not be a corrective action requirement of the Order or otherwise required by law. The Department may also consider the donation of environmentally sensitive land as an in-kind project. The value of the in-kind penalty project shall be one and a half times the civil penalty, economic benefit, and history of non-compliance off-set amount, which in this case is the equivalent of at least **$11,310.00**. If Respondent chooses to implement an in-kind project, Respondent shall notify the Department of its election either electronically or by certified mail within 15 days of the effective date of this Consent Order.

Notwithstanding the election to implement an in-kind project, payment of the remaining $500.00 in costs must be paid within 30 days of the effective date of the Consent Order.

If Respondent elects to implement an in-kind project as provided in the paragraph above, then Respondent shall comply with all the requirements and time frames in **Exhibit A** entitled In-Kind Projects.

Respondent's Acceptance

If you wish to accept this offer and fully resolve the enforcement matter pending against the Respondent, please sign this letter and return it to the Department at 13051 Telecom Parkway North, Suite #101, Temple Terrace, Florida 33637 by July 5, 2024. The Department will then countersign it and file it with a designated clerk of the Department. Once the document is filed with the designated clerk, it will constitute a final order of the Department pursuant to Section 120.52(7), F.S. and will be effective unless a request for an administrative hearing is filed by a third party in accordance with Chapter 120, F.S. and the attached Notice of Rights.

By accepting this offer you, Sean Twomey:

(1) certify that you are authorized and empowered to negotiate, enter into, and accept the terms of this offer in the name and on behalf of Respondent;

(2) acknowledge and waive Respondent's right to an administrative hearing pursuant to Sections 120.569 and 120.57, F.S., on the terms of this offer, once final;

(3) acknowledge and waive Respondent's right to an appeal pursuant to Section 120.68, F.S.

FPSC EXH NO. 19
ADMITTED

The Department acknowledges that the Respondent's acceptance of this offer does not constitute an admission of liability for the violation(s) referenced above.

Respondent's Performance

After signing and returning this document to the Department,
(1) Respondent must implement the In-Kind Project in accordance with the requirements identified in the attached Exhibit A. **Also, payment of the $500.00 for costs and expenses must be made within 30 days of the effective date of the Consent Order.**
(2) **If Respondent declines to implement an In-Kind Project, payment in full of $8,040.00 is due within 30 days of the effective date of the Consent Order**.

(3) Respondent shall make all payments required by this Order by cashier's check, money order or on-line payment. Cashier's check or money order shall be made payable to the "Department of Environmental Protection" and shall include both the OGC number assigned to this Order and the notation "Water Quality Assurance Trust Fund." Online payments by e-check can be made by going to the DEP Business Portal at: http://www.fldepportal.com/go/pay/

It will take a number of days after this order is final, effective and filed with the Clerk of the Department before ability to make online payment is available. The Department may enforce the terms of this document, once final, and seek to collect monies owed pursuant to Sections 120.69 and 403.121, F.S.

Until clerked by the Department, this letter is only a settlement offer and not a final agency action. Consequently, neither the Respondent nor any other party may request an administrative hearing to contest this letter pursuant to Chapter 120, F.S. Once this letter is clerked and becomes a final order of the Department, as explained above, the attached Notice of Rights will apply to parties, other than the Respondent, whose interests will be substantially affected.

Electronic signatures or other versions of the parties' signatures, such as .pdf or facsimile, shall be valid and have the same force and effect as originals. No modifications of the terms of this Order will be effective until reduced to writing, executed by both Respondent and the Department, and filed with the clerk of the Department.

Please be aware that if the Respondent declines to respond to the Department's offer, the Department will assume that the Respondent is not interested in resolving the matter and will proceed accordingly.

If you have any questions, please contact Lauren Ballard at (813) 470-5784 or at Lauren.Ballard@FloridaDEP.gov .

NOTICE OF RIGHTS

Persons who are not parties to this Order, but whose substantial interests are affected by it, have a right to petition for an administrative hearing under Sections 120.569 and 120.57, Florida Statutes. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition concerning this Order means that the Department's final action may be different from the position it has taken in the Order.

The petition for administrative hearing must contain all of the following information:

(a) The name and address of each agency affected and each agency's file or identification number, if known;

(b) The name, address, any e-mail address, any facsimile number, and telephone number of the petitioner, if the petitioner is not represented by an attorney or a qualified representative; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;

(c) A statement of when and how the petitioner received notice of the agency decision;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

(e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;

(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and

(g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

The petition must be filed (received) at the Department's Office of General Counsel, 3900 Commonwealth Boulevard, MS# 35, Tallahassee, Florida 32399-3000 or received via electronic correspondence at Agency_Clerk@floridadep.gov, within 21 days of receipt of this notice. A copy of the petition must also be mailed at the time of filing to

FPSC EXH NO. 19
ADMITTED

the District Office at the address indicated above. Failure to file a petition within the 21-day period constitutes a person's waiver of the right to request an administrative hearing and to participate as a party to this proceeding under Sections 120.569 and 120.57, Florida Statutes. Mediation under Section 120.573, Florida Statutes, is not available in this proceeding.

In-Kind Projects

I. **Introduction**

Proposal

a. Within 60 days of the effective date of this Consent Order, or, of the Department's notification that applying stipulated penalties to an in-kind project is acceptable, Respondent shall submit, either electronically or by certified mail, a detailed in-kind project proposal to the Department for evaluation. The proposal shall include a summary of benefits, proposed schedule for implementation and documentation of the estimated costs which are expected to be incurred to complete the project. These costs shall not include those incurred in developing the proposal or obtaining approval from the Department for the in-kind project.

Proposal Certification Form

b. The proposal shall also include a Certification by notarized affidavit from a senior management official for Sunshine Water Services who shall testify as follows:

My name is _____ (print or type name of senior management official) and do hereby testify under penalty of law that:

A. I am a person with management responsibilities for Sunshine Water Services budget and finances. During the eighteenth month period prior to the effective date of Consent Order OGC Case No.: 24-1932 there has not been any transfer or use of funds obtained by Sunshine Water Services from the collection of sewer rates for any purpose not related to the management, operation, or maintenance of the Sewer System or to any capital improvement needs of the Sewer System.

B. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowingly submitting false information in this certification.

FPSC EXH NO. 19
ADMITTED

c. If the Department requests additional information or clarification due to a partially incomplete in-kind project proposal or requests modifications due to deficiencies with Department guidelines, Respondent shall submit, either electronically or by certified mail, all requested additional information, clarification, and modifications within 15 days of receipts of written notice.

d. If upon review of the in-kind project proposal, the Department determines that the project cannot be accepted due to a substantially incomplete proposal or due to substantial deficiencies with minimum Department guidelines; Respondent shall be notified, in writing, of the reason(s) which prevent the acceptance of the proposal. Respondent shall correct and redress all the matters at issue and submit, either electronically or by certified mail, a new proposal within 30 days of receipt of written notice. In the event that the revised proposal is not approved by the Department, Respondent shall make cash payment of the civil penalties as set forth in the Consent Order, within 30 days of Department notice.

e. Within 120 days of the effective date of this Consent Order, or, of the Department's notification that applying stipulated penalties to an in-kind project is acceptable Respondent shall obtain approval for an in-kind project from the Department. If an in-kind project proposal is not approved by the Department within 120 days of the effective date of this Consent Order, or, of the Department's notification that applying stipulated penalties to an in-kind project is acceptable then Respondent shall make cash payment of the civil penalties as set forth in the Consent Order, within 30 days of Department notice.

FPSC EXH NO. 19
ADMITTED

f. Within 180 days of obtaining Department approval for the in-kind proposal or in accordance with the approved schedule submitted pursuant to paragraph (a) above, Respondent shall complete the entire in-kind project.

g. During the implementation of the in-kind project, Respondent shall place appropriate sign(s) at the project site indicating that Respondent's involvement with the project is the result of a Department enforcement action. Respondent may remove the sign(s) after the project has been completed. However, after the project has been completed Respondent shall not post any sign(s) at the site indicating that the reason for the project was anything other than a Department enforcement action.

h. In the event, Respondent fails to timely submit any requested information to the Department, fails to complete implementation of the in-kind project or otherwise fails to comply with any provision of this paragraph, the in-kind penalty project option shall be forfeited, and the entire amount of civil penalties shall be due from the Respondent to the Department within 30 days of Department notice. If the in-kind penalty project is terminated and Respondent timely remits the civil penalty, no additional penalties shall be assessed for failure to complete the requirement of this paragraph.

i. Within 15 days of completing the in-kind project, Respondent shall notify the Department, either electronically or by certified mail, of the project completion and request a verification letter from the Department. Respondent shall submit supporting information verifying that the project was completed in accordance with the approved proposal and documentation showing the actual costs incurred to complete the project. These costs shall not include those incurred in developing the proposal or obtaining approval from the Department for the project.

FPSC EXH NO. 19
ADMITTED

j. If upon review of the notification of completion, the Department determines that the project cannot be accepted due to a substantially incomplete notification of completion or due to substantial deviations from the approved in-kind project; Respondent shall be notified, in writing, of the reason(s) which prevent the acceptance of the project. Respondent shall correct and redress all the matters at issue and submit, either electronically or by certified mail, a new notification of completion within 15 days of receipt of the Department's notice. If upon review of the new submittal, the Department determines that the in-kind project is still incomplete or not in accordance with the approved proposal, the in-kind penalty project option shall be forfeited, and the entire amount of civil penalty shall be due from the Respondent to the Department within 30 days of Department notice. If the in-kind penalty project is terminated and Respondent timely remits the civil penalty no additional penalties shall be assessed for failure to complete the requirements of this paragraph.

Hello Jenny, Hope your day is going good.

I am piggy backing off of my email from last year. well once again the smell is horrible, the last two days it's been bad, but today in not tolerable. I can't even stay outside. I have lived in this home since 2001 and the last few years this smell/stank get's worse and worse. My calls to Utilities Inc/Sunshine water service the last few days seems to have been a joke, all they have told me they will look into this. PLEASE help us, this is unacceptable.

What is going to be done to correct this year after year. Please let me know what can be done.

I've been trying to sit on my patio with the fire table going and just getting worse tonight the smell. If you want to Google my address it's 122 Ludlow Drive 32779 you can see how far I am from the plant

Regards,

John Gerhardt

Hey good evening just want to let you know it's almost 8:00 p.m. and the smell is horrific again tonight I've been trying to sit on my patio with the fire table going and just getting worse tonight the smell. If you want to Google my address it's 122 Ludlow Drive 32779 you can see how far I am from the plant and we usually don't get the smell, have a good evening thank you.

Thank you for looking into this, I am smelling the order, not as pungint as the past weeks but it's still in the air. I feel there respones to you ....Staff did confirm odors beyond the boundaries of the plant on Tuesday last week..... is a joke!

My biggest concern is why it is taking people to contact the DEP for Utilities Inc to correct the probelm. This oder issue started back at the end of January, I know I was smelling it on Jan 25th, I left on Vaca on Jan 28th and went I got back home on Feb 3rd it was worse than ever. this is why I ended up calling DEP on Feb 8th.

Regards, John Gerhardt

Re: Warning Letter
Wekiva Hunt Club WWTF
DW Facility ID # FL0036251
Seminole County

Dear Mr. Twomey:

A Compliance Sampling Inspection was conducted at your facility on May 19, 2025. During this inspection, possible violations of Chapter 403, F.S., Chapter 62-620, Florida Administrative Code (F.A.C.), were observed.

During the inspection Department personnel noted the following:

- One of the facility's three blowers was not operational at the time of inspection.
- Excessive foam was noted throughout the plant.
- The facility reported exceedances of Total Phosphorus and Total Nitrogen at EFD-1 in January 2025.

Violations of Florida Statutes or administrative rules may result in liability for damages and restoration, and the judicial imposition of civil penalties, pursuant to Sections 403.131, Florida Statutes

Please contact Hannah VanBuren, at (407) 897-4146, within **7 days** of receipt of this Warning Letter to arrange a meeting to discuss this matter. The Department is interested in receiving any facts you may have that will assist in determining whether any violations have occurred. You may bring anyone with you to the meeting that you feel could help resolve this matter.

FPSC EXH NO. 19
ADMITTED

Please be advised that this Warning Letter is part of an agency investigation, preliminary to agency action in accordance with Section 120.57(5), Florida Statutes. We look forward to your cooperation in completing the investigation and resolving this matter.

Sincerely,

Aaron Watkins, Director
Central District
Florida Department of Environmental Protection

AW/ds/hv

ADMITTED

Single Event Violations ("*" SNC SEVs)

Check For Yes	Evaluation Area	Desription	Finding Description	Finding ID
☐	Permit	Effluent Violations - Unapproved Bypass	Wastewater was diverted from a portion of the treatment process without department approval.	UNBY
☐	*Permit	Permit Violations - Discharge Without a Valid Permit	The facility was operating without a permit or with an expired permit.	UPHI
☐	Permit	Permit Violations - Failure to Submit Timely Permit Renewal Application	The permittee failed to submit an application to renew the existing permit at least 180 days prior to expiration.	PFSA
☐	Laboratory	Management Practice Violations - Laboratory Not Certified	The laboratory was not certified by the National Environmental Laboratory Accreditation Conference (NELAC).	LNCE
☐	Sampling	Monitoring Violations - Analysis not Conducted	The facility failed to collect and/or analyze samples as required by permit or enforcement action.	ANCV
☐	Sampling	Monitoring Violations - Failure to Monitor for Toxicity Requirements	The facility failed to collect and/or analyze routine or follow-up toxicity samples.	FTOX
☐	Records and Reports	Management Practice Violations - Failure to Develop Adequate SPCC Plan	The facility failed to develop or maintain their Spill Prevention Control and Countermeasures (SPCC) plan.	FSPC
☐	Records and Reports	Management Practice Violations - Failure to Maintain Records	The facility failed to maintain records for the required retention period.	FMRR
☐	Records and Reports	Reporting Violations - Failure to Notify	The permittee failed to notify the department of any event or activity that requires notification as required by permit or rule.	RSWP
☐	Records and Reports	Reporting Violations - Failure to Submit DMRs	The permittee failed to submit any DMR required by rule, permit, or enforcement action in a timely manner.	FDMR
☐	Records and Reports	Reporting Violations - Failure to submit required report (non-DMR, non-pretreatment)	The facility failed to submit any report required by rule, permit, enforcement action or inspection activity except for DMRs.	FRPT
☐	Facility Site Review	Management Practice Violations - Improper Land Application (non-503, non-CAFO)	The land application system was not being maintained.	LASN
☐	Flow Measurement	Monitoring Violations - No Flow Measurement Device	The facility failed to install a flow measurement device, an approved flow measurement device, or a working flow measurement device.	NOFL
☐	Operation and Maintenance	Management Practice Violations - Improper Operation and Maintenance	The facility failed to follow their operation and maintenance plan/manual.	IONM
☐	Operation and Maintenance	Management Practice Violations - Inflow/Infiltration (I/I)	The facility had an inflow and infiltration problem causing collection system issues and/or operational issues.	ININ
☐	Operation and Maintenance	Management Practice Violations - No Licensed/Certified Operator	The facility was being operated without a certified operator or by an operator that is not licensed for the size of plant.	ONCO
☐	*Effluent Quality	Effluent Violations - Failed Toxicity Test	Persistent acute toxicity has been documented through follow-up tests.	EATX
☐	*Effluent Quality	Effluent Violations - Failed Toxicity Test	Persistent chronic toxicity has been documented through follow-up tests.	ECTX
☐	*Effluent Quality	Effluent Violations - Failed Toxicity Test	Persistent acute or chronic toxicity has been documented in the effluent through the use of routine and follow-up tests.	ETOX
☐	Effluent Quality	Effluent Violations - Narrative Effluent Violation	The facility violated a permit or enforcement narrative effluent limit.	XNEV
☐	Effluent Quality	Effluent Violations - Reported Fish Kill	The facility had a discharge of wastewater that resulted in a fish kill.	XFSH
☐	Sanitary Sewer Overflow Survey	WW SSO - Discharge to Waters	A sewage spill from any components of a collection/transmission system or from a treatment plant reached surface waters including stormwater conveyance system or drainage ditch.	SSO1
☐	Sanitary Sewer Overflow Survey	WW SSO - Failure to Maintain Records or Meet Record Keeping Requirements	The facility failed to keep routine documentation and reporting records of spills, and/or operation and maintenance activities on the collection/transmission system.	SSO2
☐	Sanitary Sewer Overflow Survey	WW SSO - Failure to monitor	The facility failed to collect and/or analyze bacteriological samples for sewage spills that reached surface waters.	SSO3
☐	Sanitary Sewer Overflow Survey	WW SSO - Failure to report violation that may endanger public health 122.41(l)(7)	The facility failed to report a sewage spill within 24 hours of discovery.	SSO4
☐	Sanitary Sewer Overflow Survey	WW SSO - Improper Operation and Maintenance	The facility failed to perform routine preventative maintenance to keep the collection/transmission system in good working order.	SSO5
☑	Sanitary Sewer Overflow Survey	WW SSO - Overflow to Dry Land	A sewage spill from any part of a collection/transmission system or treatment plant that did not make it to surface waters, i.e., stormwater collection system, drainage ditch, stream, pond, or lake.	SSO6

E1203

1. Permit

Compliance Rating	In Compliance
Does this section apply to the facility?	Yes
Questions	
Questions	
*Is the facility operating with a valid permit?	Yes
Current Permit available on-site?	Yes
Date Permit Issued	3-Nov-21
Date Permit Expires	2-Nov-26
Permit Renewal Application Due By:	6-May-26
Has the facility submitted the permit renewal application at least 180 days prior to the permit expiration date?	Not Applicable
If wastewater is diverted from a portion of the treatment process, was appropriate Department approval obtained?	Not Applicable
Administrative or Judicial Orders?	Administrative Order

Observations	
1.2.1	A copy of the current permit is was onsite and availabe to plant personnel at the time of inspection.
1.2.2	The facility is currently under Administrative Order #AO-CD-21-006 relating to Total Ammonia Nitrogen monitoring and limit determinations.

2. Compliance Schedule

Compliance Rating	In Compliance
Does this section apply to the facility?	Yes
Questions	
Compliance Schedule in Permit met?	Yes
Compliance Schedules in Order are being met?	Yes

Observations

2.2.1 The facility is currently in compliance with all improvement actions listed in the permit, below:

Improvement Action	Completion Date
Update the Operation and Maintenance Manuals for the facility, including the treatment plant site and collection/transmission system. and submit documentation to the Department in writing.	July 1, 2022
Comply with AO-CD-21-006	March 1 and Sept 1 of each year, March 2022 through March 2025
Comply with Senate Bill 64	Beginning November 2021
The permittee shall include a report outlining compliance with the Wekiwa/Rock Springs BMAP with the application for permit renewal.	180 days prior to permit expiration date

2.2.2 The facility is currently in compliance with all improvement actions listed in the Administrative Order. Semiannual reports have been submitted to the Department as required and the report due on or before March 1, 2025 was submited on March 3, 2025 with all required information.

3. Laboratory

Compliance Rating	In Compliance
Does this section apply to the facility?	Yes
Questions	
Does the laboratory hold certification from the Florida Department of Health Environmental Laboratory Certification Program?	Yes
Contract Lab Name and Certification #	Tri-Tech Laboratories, E83294 Advanced Environmental Laboratory, E53076
Facility NELAC Certification #	N/A

Observations	
3.2.1	A copy of the laboratory certifications were onsite at the time of inspection; expires 06/30/2025.

4. Sampling

Compliance Rating	Out of Compliance
Does this section apply to the facility?	Yes
Questions	
Does the facility collect and analyze samples as required by permit or enforcement action?	Yes
Sampling conducted during inspection?	Yes
Sampling observed during inspection?	Yes
Sampling conducted at locations identified by the permit?	Yes
Safe access to sampling locations?	Yes
Did the facility collect and/or analyze routine or follow-up toxicity samples as required by permit or enforcement action?	Yes

Deficiencies and Corrective Actions

4.1.1	62-160.240 (1) F.A.C.	**Deficiency (Narrative)** **After review of the calibration and verification logs, the following item was noted:** **- The units for pH and Total Residual Chlorine were missing in the calibration logs** **Rule/Permit Reference: The record keeping requirements for entities that conduct or support field activities and field measurements are specified in the DEP SOPs contained in the following collections: DEP-SOP-001/01, which is incorporated by reference in paragraph 62-160.800(1)(a), F.A.C., including all parts and subparts of DEP SOP FD 1000, which is incorporated by reference in subparagraph 62-160.800(1)(a)3., and DEP-SOP-003/11, which is incorporated by reference in paragraph 62-160.800(1)(c), F.A.C., including all DEP SOPs, parts and subparts therein applicable to bioassessment field activities. The specified records shall contain sufficient information to allow independent reconstruction of all activities related to generating data that are submitted to the Department. These records shall be kept by the generator of the records for a minimum of five years after the date of generation or completion of the records unless otherwise specified in a Department contract, order, permit or Title 62 rules.**

		Corrective Actions (Narrative) Confirmation that the logs have been updated was received by the Department via email June 5, 2025. No further action is required at this time.

Observations	
4.2.1	The influent sampler located at INF-1 is a portable ISCO 3710 sampler that is programmed to take flow proportioned samples according to permitted requirements. At the time of inspection, the sampler was programmed to take 110 mL aliquots. The sampler was not in use at the time of inspection and was therefore not within temperature but tubing was in good condition.
4.2.2	The effluent sampler at EFA-1 is a HACH AS950 sampler that is programmed to take flow proportioned samples according to permitted requirements. At the time of inspection, the sampler was programmed to take 120 mL aliquots. The temperature inside the sampler was 3.9 C and the tubing was in good condition.
4.2.3	The effluent sampler at EFD-1 is a portable ISCO 3710 sampler that was not in use and not observed at the time of inspection as the facility has not discharged to surface water since January of 2025.
4.2.4	The inline total residual chlorine meter is a HACH CL17 meter that is verified daily with a HACH DR900 bench meter. The bench meter is verified daily using standards that were all within expiration date. Daily calibration/verification records for the bench and inline meters were available and within the range. The bench meter and secondary standards are calibrated annually as required, most recently on 5/21/2025
4.2.5	The inline turbiditmeter is a HACH TU5300SC meter that is verified daily with a HACH TU5200 bench meter. The bench meter is verified daily using standards that were all within expiration date. Daily calibration/verication records for the bench and inline meters were available and within range. The secondary standards were last verified with primary standards on January 15, 2025.
4.2.6	The inline pH meter is a HACH SC200 GLI Model S3 meter that is verified daily with a Thermo Scientific Orion 2 Star bench meter. The bench meter is verified daily using buffers that were all within expiration date. Daily calibration/verication records for the bench and inline meters were available and within range.
4.2.7	A YSI D.O. handheld probe was loated onsite at the time of inspection. Calibration records were onsite for review at the time of inspection.

5. Records and Reports

Compliance Rating	Out of Compliance
Does this section apply to the facility?	Yes
Questions	
Discharge Monitoring Reports (DMRs) Review Period:	**04/01/2024 to 03/31/2025**
Does the facility have and maintain their Spill Prevention Control and Countermeasures (SPCC) Plan?	Yes
Does the facility maintain records onsite for the required retention period(s)?	Yes
During the review period, has the facility submitted all required reports other than DMRs?	Yes
During the review period, has the facility submitted all required DMRs in a timely manner?	Yes
Has the permittee notified the Department of any event or activity that requires notification per the permit or rule?	Yes

Deficiencies and Corrective Actions		
5.1.2	62-600.680(1)(a) & (b) F.A.C.	**Deficiency (Narrative)** **The following items were noted uring a review of the discharge monitoring reports for this facility in the review period.** **- CBOD and TSS Weekly Average were reported incorrectly throughout the review period** **- Fecal Coliform Maximum was reported incorrectly on Part A throughout the review period** **- Multiple instances of Part A not matching Part B were noted throughout the review period** **Rule/Permit Reference: As required by the permit, the permittee shall submit monitoring results on the Discharge Monitoring Report, Form 62-620.910(10), F.A.C., in accordance with subsection 62-620.610 (18), F.A.C., as follows: (a) Discharge Monitoring Reports shall be mailed to the Department at the address specified in the permit or electronically submitted using the Departments Business Portal at http://www.fldepportal.com/go/ . Reports shall be submitted in accordance with the frequencies specified on the Discharge Monitoring Report forms attached to the wastewater permit and be postmarked or entered electronically by the 28th day of the month following the month of operation; and, (b) Discharge Monitoring Reports shall be submitted for each required monitoring period including periods of no discharge. (62-600.680(1)(a) & (b) F.A.C.)**
		Corrective Actions (Narrative) Transcription errors were corrected in an email to the Department on June 5, 2025. No further action is required at this time.

Observations	
5.2.1	All Discharge Monitoring Reports during the review period were submitted in a timely manner.
5.2.2	The RPZ Backflow Prevention Device certifications are kept onsite with records. The most recent certifications occurred on August 31, 2024, October 21, 2024, and December 10, 2024.
5.2.3	Up-to-date Operation and Maintenance Manuals are kept onsite with records and are available to plant personnel.
5.2.4	The operator certifications for multiple operators are kept at the facility. These certifications were up to date and posted onsite.
5.2.5	A copy of the current Operating Protocol was onsite for review at the time of inspection and setpoints were verified with SCADA. Diversion from reuse is automatic and return is manual. Trends with rejects were observed during the inspection.
5.2.6	A bound and numbered operator logbook was present and kept up to date according to the Operator Site Time requirements listed in the permit. Maintenance and samples were sufficiently recorded.
5.2.7	The most recent Pathogen Monitoring sampling event was received by the Department on December 5, 2023 and submitted January 9, 2024. Results were satisfactory and did not require resample.
5.2.8	The Annual Reuse Report was last received on January 2, 2025.
5.2.9	The annual Reclaimed Water and Effluent Analysis was submitted to the Department in December of 2024.
5.2.10	A Toxicity Test was conducted on October 29, 2024 and submitted to the Department on November 19, 2024. All results were >100% and satisfactory.

6. Facility Site Review

Compliance Rating	Out of Compliance
Does this section apply to the facility?	Yes
Questions	
Is the land application system being maintained?	Yes

Deficiencies and Corrective Actions		
6.1.1	62-620.610(7), F.A.C.	**Deficiency (Narrative)** **One of the facility's three blowers was not operational at the time of inspection.** **Rule/Permit Reference: The permittee shall at all times properly operate and maintain the facility and systems of treatment and control, and related appurtenances, that are installed and used by the permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to maintain or achieve compliance with the conditions of the permit.**
		Corrective Actions (Narrative) Replace or repair the broken blower. Provide confirmation to the Department when complete.
		Deficiency (Narrative)

6.1.2	62-620.610(7), F.A.C.	**The screenings dumpster was overflowing at the time of inspection.** **Rule/Permit Reference: The permittee shall at all times properly operate and maintain the facility and systems of treatment and control, and related appurtenances, that are installed and used by the permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to maintain or achieve compliance with the conditions of the permit.**
		Corrective Actions (Narrative) A photo of the dumpster recently hauled was provided to the Department on May 20. 2025. No further action is required at this time.
6.1.3	62-620.610(7), F.A.C.	**Deficiency (Narrative)** **Excess solid pop-ups were noted in the clarifiers and were leaving over the weir at the time of inspection.** **Rule/Permit Reference: The permittee shall at all times properly operate and maintain the facility and systems of treatment and control, and related appurtenances, that are installed and used by the permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to maintain or achieve compliance with the conditions of the permit.**
		Corrective Actions (Narrative) **Ensure that the clarifiers exhibit proper settling. Provide confirmation to the Department when complete.**
6.1.4	62-620.610(7), F.A.C.	**Deficiency (Narrative)** **Excessive solids were noted in the filters at the time of inspection.** **Rule/Permit Reference: The permittee shall at all times properly operate and maintain the facility and systems of treatment and control, and related appurtenances, that are installed and used by the permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to maintain or achieve compliance with the conditions of the permit.**
		Corrective Actions (Narrative) **Ensure that excess solids do not enter the filters that would cause treatment issues. Provide confirmation to the Department when complete.**
6.1.5	62-620.610(7), F.A.C.	**Deficiency (Narrative)** **Foam and scum were noted in the chlorine contact chamber at the time of inspection.** **Rule/Permit Reference: The permittee shall at all times properly operate and maintain the facility and systems of treatment and control, and related appurtenances, that are installed and used by the permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to maintain or achieve compliance with the conditions of the permit.**
		Corrective Actions (Narrative) **Ensure that effluent in the chlorine contact chamber is clear and free of debris, solids or scum. Provide confirmation to the Department when complete.**

Observations	
6.2.1	The facility was secure within a locked fence with the appropriate advisory signs. No excessive odors, noise, or corrosion were noted at the time of inspection.
6.2.2	Influent enters the facility through two (2) automatic bar screens that operate based on pressure and were both operational at the time of inspection. If flow surges at the headworks, there is a manual bar screen to catch any additional debris that is monitored daily and contains a high level alarm. The bar screens can be bypassed as needed. Any debris is sent to a dumpster that is typically hauled Monday, Wednesday, Friday.
6.2.3	The flow equalization tank was online and appeared to be in good condition at the time of inspection. There are four (4) total surge pumps that were all operational.
6.2.4	The facility is equipped with three ring plants that were all operational and online at the time of inspection. The aeration basins in Plants 1 & 2 appeared to be receiving adequate and even air flow and were medium brown in color. Minor foam was noted. Plant 3's aeration basins contained excessive foam that was, according to the operator, due to one of the blowers being out of service. Three (3) total blowers supply air evenly between the 3 plants. Alum can be added as needed to the last air bays in each train.
6.2.5	Each train has one (1) clarifier that were all in service at the time of inspection. The clarifiers were in good condition and the weirs all appeared to be level. Please see Deficiency 6.13 for more details regardng the clarifiers. The final effluent leaving the weirs was turbid.
6.2.6	Flow is diverted from the clarifiers into 1 of 2 disc filters. The units appeared to be in good condition and backwash is autmoatically activated as needed. Any backwash returns to the flow equalization tank. See Deficiency 6.14 for more details regarding the effluent quality of the filters.
6.2.7	Disinfection is provided through Sodium Hypochlorite, in 1 of the 2 chlorine contact chambers. See Deficiency 2.15 for more details regarding the effluent quality in the chlorine contact chambers. Final effluent was relatively clear. There are 3 total hypochlorite pumps, 2 for the chlorine contact chambers and 1 for general plant use. the Sodium Hypochlorite is stored in the belt press area and was in secondary containment.
6.2.8	There are 3 generators onsite, 1 for the potable water plant and operations building, 1 for the reuse disposal system, and 1 for the wastewater plant. All generators are tested under load as required by manufacturer's instructions.

7. Flow Measurement

Compliance Rating	In Compliance
Does this section apply to the facility?	Yes
Questions	
Flow meter present and location as per permit?	Yes
Easy access to flow meter?	Yes
Is the flow meter properly installed, maintained, and calibrated according to regulatory requirements?	Yes
Date of last flow meter calibration	Janauary 23, 2025

Observations	
7.2.1	A copy of the flow meter calibration was onsite at the time of inspection.

8. Operation and Maintenance

Compliance Rating	In Compliance
Does this section apply to the facility?	Yes
Questions	
Facility being operated as per permit?	Yes
Is the facility operated under the supervision of a certified operator that has the appropriate license level for the size of the plant?	Yes
Is the facility operating in accordance with its O&M Manual?	Yes
Is the facility free from an inflow and infiltration problem which would cause collection system and/or operational issues?	Yes

Observations	
8.2.1	The facility was maintained and operating according to the permit. See Deficiency 6.1 for more details regarding the blower that was not operaitonal at the time of inspection.

9. Effluent Quality

Compliance Rating	Significant Out of Compliance
Does this section apply to the facility?	Yes
Questions	
DMRs review period	**04/01/2024 to 03/31/2025**
Were the DMRs free from any exceedances?	**No**
Was the facility free of a discharge of wastewater that resulted in a fish kill?	Yes
Was the effluent free from persistent acute toxicity documented through follow-up tests?	Yes
Was the effluent free from persistent chronic toxicity documented through follow-up tests?	Yes
Was the effluent free from persistent acute or chronic toxicity documented through the use of routine and follow-up tests?	Yes
Is the facility's discharge in compliance with all applicable narrative effluent limitations?	Not Applicable
Was sampling conducted by Department personnel?	Sampling was conducted by Department personnel; results are intended to be used for compliance determination.

Deficiencies and Corrective Actions		
9.1.1	Permit Condition I.A.1	**Deficiency (Narrative)** **Multiple permit limit exceedances were reported at EFD-1 during the review period referenced above. Please see Table 9.1 for more information.** **Rule/Permit Reference: During the period beginning on the effective date and lasting through the expiration date of this permit, the permittee is authorized to discharge effluent from Outfall D-001 to Sweetwater Creek. Such discharge shall be limited and monitored by the permittee as specified below and reported in accordance with Permit Condition I.C.8. :**
		Corrective Actions (Narrative) **Please operate the facility in a manner that minimizes exceedances.**
9.1.2	Permit Condition I.B.1	**Deficiency (Narrative)**
		Corrective Actions (Narrative) **Please operate the facility in a manner that minimizes exceedances.**

Observations	
9.2.1	Samples were collected by Department personnel at the time of inspection. Results of the samples collected can be viewed at the link below: https://depedms.dep.state.fl.us:443/Oculus/servlet/shell?command=getEntity&[guid=38.1407212.1]&[profile=Sampling]

10.2.1	D-001 is an existing 0.87 MGD annual average daily flow discharge to Sweetwater Creek. The facility was not discharging at the time of inspection, but the area was well maintained.
10.2.2	R-001 is a reuse system which consists of four rapid infiltration basins having a capacity of 0.400 MGD. The RIBs were well maintained with no excessive vegetation or solids.
10.2.3	R-002 is an existing 2.900 MGD annual average daily flow permitted capacity slow-rate public access system which consists of irrigation to the users listed in Section IV of the permit, or transfer to the approved Apopka Reuse Service Area. Appropriate advisory signs were noted in Bella Vista during the inspection.

11. Biosolids

Compliance Rating	In Compliance
Does this section apply to the facility?	Yes
Observations	
11.2.1	Dewatering is achieved through a belt press that is operated approximately 3-4 times a week. Sludge is pumped from the digesters to the belt press the the resulting cake is stored for transfer to Shelley's BMF for further treatment. No deficiencies were noted at the time of inspection.
11.2.2	Hauling records to Shelley's were available at the time of inspection. The April 2025 records were reviewed and no problems or deficiencies were noted.

Facility ID No. FLA014386
Highlands County – DW

To Whom it may concern:

On April 6, 2024, the Florida Department of Environmental Protection ("Department") was notified by the State Watch Office ("SWO") that your facility, referenced above, had an unauthorized discharge or unpermitted sanitary sewer overflow ("SSO") of approximately 25,000 gallons in potential noncompliance with the requirements of Chapter 403, Florida Statutes ("Fla. Stat."), and Rules 62-620 and 62-604, Florida Administrative Code ("Fla. Admin. Code"), which prohibits unauthorized discharges.

The Department acknowledges receipt of the necessary information related to the spill.

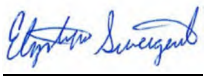
Based on our review of the submitted information, a meeting or teleconference may be required. Please contact Amber Williams via email at Amber.N.Williams@FloridaDEP.gov to schedule a meeting.

Please be advised that this Warning Letter is part of an agency investigation, preliminary to agency action in accordance with Section 120.57(5), Fla. Stat. Violations of Florida Statutes or administrative rules may result in liability for damages and restoration, and the judicial imposition of civil penalties, pursuant to Sections 403.121 and 403.161, Fla. Stat.

FPSC EXH NO. 19
ADMITTED

We look forward to your cooperation in completing the investigation and resolving this matter.

Sincerely,



Elizabeth Sweigert
Director of District Management
South District Office

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for limited proceeding rate increase by Sunshine Water Services Company d/b/a Sunshine Water Services.	DOCKET NO.: 20250137-SU

2026 STIPULATION AND SETTLEMENT AGREEMENT

THIS AGREEMENT is dated this 26th day of March, 2026 and is by and between Sunshine Water Services Company ("SWS" or the "Company") and the Office of Public Counsel ("OPC" or "Citizens"). SWS and OPC shall be referred to collectively as the "Parties", and the term "Party" shall be the singular form of the term "Parties". This agreement shall be referred to as the "2026 Agreement".

Introduction

SWS proposed in this proceeding to increase its rates and charges by $4,590,999 annually to reflect cost recovery for its Mid-County Wastewater Treatment Plant Facility ("MCWWTF" or the "Project"). The Project improves the ability of SWS to provide safe, reliable, and environmentally sound wastewater treatment services to its customers in accordance with applicable environmental rules and will benefit the company's customers served by the MCWWTF by: (1) treating influent to permitted nutrient removal levels; (2) addressing existing process and operational deficiencies, (3) improving overall plant reliability and redundancy, (4) increasing hydraulic capacity, and (5) promoting consistent and reliable service.

The company's proposal is supported by prefiled direct and rebuttal testimony and related exhibits. OPC and the Staff ("Staff") of the Florida Public Service Commission ("FPSC" or "Commission") have conducted extensive discovery, and the Commission has held three public customer service hearings. The Parties have undertaken to resolve the

FPSC EXH NO. 20
ADMITTED

issues presented in this proceeding by agreement for these reasons: (1) to protect the interests of the Citizens and the Company, (2) to promote regulatory efficiency, and (3) to avoid the inherent risks, uncertainties, dedication of resources, and costs of further litigation.

The Parties have entered into this 2026 Agreement in compromise of positions in accordance with their rights and interests under Chapters 120, 350, and 367, Florida Statutes, as applicable, and believe that this 2026 Agreement completely and fairly resolves all of the issues presented, is in the public interest and results in rates that are fair, just and reasonable. As part of a negotiated exchange of consideration among the Parties to this 2026 Agreement, each Party has agreed to concessions to the others with the expectation, intent, and understanding such that all provisions of the 2026 Agreement, upon approval by the Commission, will be enforced by the Commission as to all matters addressed herein with respect to all Parties.

NOW, THEREFORE, in consideration of the foregoing, and the mutual covenants contained herein, which the Parties agree and acknowledge constitute good and valuable consideration, the Parties hereby stipulate and agree as follows:

Terms

1. In lieu of the annual revenue increase proposed by the Company, SWS shall be authorized to increase its rates and charges effective no later than June 1, 2026, to recover an additional annual revenue requirement of $4,300,000. Such new rates and charges shall be developed using the rate design principles and methodologies approved in the Company's last general rate case proceeding.
2. Clean and redline versions of the tariff pages reflecting the increase specified in the previous paragraph are attached hereto as **Exhibit A** and should be approved

FPSC EXH NO. 20
ADMITTED

by the Commission. The rates and charges reflected in **Exhibit A** are fair, just, and reasonable within the meaning of Chapter 367, Florida Statutes, and are supported by the calculations also included in **Exhibit A.**

3. The Company shall defer its rate case expense associated with this proceeding, so it may be considered for recovery in its next general rate case filing.
4. The MCWWTF project and related costs are prudent and eligible for cost recovery as specified above. The Company shall reflect the MCWWTF in its rate base and financial records consistent with Exhibit DMD-1 (March 18, 2026), the agreed revenue adjustment in paragraph 1 above, and otherwise in accordance with Commission practice and policy.
5. This proceeding is a limited proceeding focused solely on the prudence of the MCWWTF and whether it qualified for cost recovery and related revenue requirement and rate increases as proposed by the Company. It is not a general rate case proceeding and the scope of its issues have not included issues that can be and often are raised in a general rate case proceeding, such as return on equity, capital structure, depreciation rates, and other general cost savings and increases not directly associated with the MCWWTF. Although this 2026 Agreement fully resolves all of the issues within the scope of this limited proceeding directly related to the MCWWTF, it's approval shall not limit either party from addressing in future proceedings general rate case-type issues that were not directly related to the cost and prudence of the MCWWTF within the scope of this proceeding and resolved in this 2026 Agreement.
6. The provisions of this 2026 Agreement are contingent on approval of this 2026 Agreement in its entirety by the Commission without modification. The Parties

FPSC EXH NO. 20
ADMITTED

will ask that the Commission find that (a) this 2026 Agreement is in the public interest and (b) results in rates and charges that are fair, just, and reasonable. The Parties further agree that they will support this 2026 Agreement, and that they will not request or support any order, relief, outcome, or result in conflict with the terms of this 2026 Agreement in any future administrative or judicial proceeding relating to, reviewing, or challenging the establishment, approval, adoption, or implementation of this 2026 Agreement or the subject matter hereof. Neither Party shall seek appellate review of any Commission order approving this 2026 Agreement.

7. No Party will assert in any proceeding before the Commission that this 2026 Agreement or any of the terms in the 2026 Agreement shall have any precedential value. The Parties' agreement to the terms in the 2026 Agreement shall be without prejudice to any Party's ability to advocate a different position in future proceedings not involving this 2026 Agreement. The Parties further expressly agree that no individual provision, by itself, necessarily represents a position of any Party in any future proceeding, and the Parties further agree that no Party shall assert or represent in any future proceeding in any forum that another Party endorses any specific provision of this 2026 Agreement by virtue of that Party's signature on, or participation in, this 2026 Agreement. It is the intent of the Parties to this 2026 Agreement that the Commission's approval of all the terms and provisions of this 2026 Agreement is an express recognition that no individual term or provision, by itself, necessarily represents a position, in isolation, of any Party or that a Party to this 2026 Agreement endorses a specific provision, in isolation, of this 2026 Agreement by virtue of

FPSC EXH NO. 20
ADMITTED

that Party's signature on, or participation in, this 2026 Agreement. However, nothing in this paragraph 7 shall impact the continuing validity of this 2026 Agreement.

8. The Parties intend and agree to request that the Commission's final order approving this 2026 Agreement will find that approval of this 2026 Agreement in its entirety is in the public interest and fairly resolves all matters in Docket No. 20250137-SU pursuant to and in accordance with Section 120.57(4), Florida Statutes, and that the docket will be closed effective on the date the Commission's order approving this 2026 Agreement becomes final.

9. This 2026 Agreement may be executed in counterpart originals, and a facsimile or electronic scan of an original signature shall be deemed an original.

IN WITNESS WHEREOF, the Parties evidence their acceptance and agreement with the provisions of this 2026 Agreement by their signature(s):
