BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for Rate Increase by
Florida City Gas.

Docket No. 20260026-GU

Filed: June 10, 2026

**FLORIDA CITY GAS'S REQUEST FOR CONFIDENTIAL CLASSIFICATION AND
MOTION FOR PROTECTIVE ORDER**

Florida City Gas ("FCG" or the "Company"), by and through undersigned counsel pursuant to Rule 25-22.006, Fla. Admin. Code, requests that the Florida Public Service Commission (the Commission) enter an order protecting from public disclosure certain portions of FCG's responses to Citizens' Fourth Requests for Production, No. 47. In support of this request, the Company states:

1. On April 20, 2026, FCG filed its Petition for Approval of Rate Increase and Request for Interim Rate Relief (herein, "Petition") with the Commission, along with supporting testimony, exhibits, and Minimum Filing Requirement ("MFR") schedules.

2. On May 5, 2026, the Citizens of the State of Florida, through the Office of Public Counsel ("OPC") served FCG with its Fourth Requests for Production of Documents (PODs) (Nos. 39-49). A document responsive to OPC's Request for Production of Documents No. 47, contains material and information that FCG, as well as the parent company, Chesapeake Utilities Corporation, treat as highly confidential. This information has not otherwise been publicly disclosed. In this instance, the Company considers the entire document to be confidential, the disclosure of which would cause harm to FCG and its customers.

3. The information for which FCG seeks confidential classification is information that meets the definition of "proprietary confidential business information" as set forth in Section 366.093(3), Florida Statutes, which provides:

(3) Proprietary confidential business information means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public. Proprietary confidential business information includes, but is not limited to:

- (a) Trade secrets.
- (b) Internal auditing controls and reports of internal auditors.
- (c) Security measures, systems, or procedures.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.
- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

4. Specifically, FCG seeks confidential classification of the responsive document in its entirety. The document is Chesapeake's Form 8023, which is filed with the Department of Treasury/Internal Revenue Service, and was submitted to that federal agency as a confidential filing.

5. Disclosure of the information contained in this document publicly would reveal sensitive corporate tax and deal structure information. Release of any of this information would harm FCG and its ratepayers by revealing sensitive information that could be used unfairly to impair FCG and its parent company's competitive interests. The Company further notes that the EIN numbers contained within the document have been redacted, as they are highly confidential and have not otherwise been publicly disclosed. This is consistent with Section 119.071(5), Florida Statutes, as it pertains to personal social security numbers, as well as Section 288.075(5), Florida Statutes, which is specific to EIN numbers. As such, FCG requests that the Commission afford this information confidential treatment and exempt from Section 119.07, Florida Statutes.

6. Submitted herewith, in substantial compliance with Rule 25-22.006, Florida Administrative Code, is a copy of the confidential document clearly identified as confidential and with the pertinent sections highlighted. Given that the file is deemed confidential, in its entirety, FCG respectfully suggests that providing redacted copies would result in the provision of blank pages and thus asks that it not be required to submit the blank pages as doing so is not meaningful in terms of providing a publicly available version.

7. FCG further requests that the Commission issue a protective order, in accordance with Rule 25-22.006(6), Florida Administrative Code, to protect this information when provided to the Office of Public Counsel, which is a party to this proceeding. Upon conferral with the OPC regarding this Request and Motion, counsel is authorized to reflect that the OPC does not object to the motion but reserves the right to challenge confidentiality under Commission rules.

WHEREFORE, FCG respectfully requests that:

1. The Commission enter an order protecting the information in the referenced files responsive to OPC's Request for Production, No. 47 from public disclosure as proprietary confidential business information and issue a protective order, in accordance with Rule 25-22.006(6), Florida Administrative Code, to protect this information when provided to the Office of Public Counsel;

2. The Commission grant confidential classification for this information for a period
