Request for Executive Oversight on Escalating TECO Utility Rates

Message

Dear Governor, As your constituent and a TECO customer, I am writing to urge your intervention regarding our unsustainable electric bills. Florida is facing an across-the-board affordability crisis, and compounding utility rate hikes are pushing local families over the edge. Removing a storm surcharge a month early offers no real relief. Please review the attached formal letter detailing TECO's multi-year billing history and my urgent request for stronger regulatory oversight.

Sincerely,
Jason
