Docket No. 20260001-EI

Date: June 11, 2026

**FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION OF
INFORMATION PROVIDED IN RESPONSE TO THE STAFF OF THE
PUBLIC SERVICE COMMISSION'S FOURTH SET OF INTERROGATORIES (No. 18)**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its Request for Confidential Classification of certain information provided in its response to the Staff of the Public Service Commission's ("Staff") Fourth Set of Interrogatories (No. 18) ("Confidential Information"). In support of its Request, FPL states as follows:

1. On May 12, 2026, Staff served its Fourth Set of Interrogatories on FPL.
2. FPL served its response to Staff's Fourth Set of Interrogatories on June 11, 2026. FPL's Response to Staff's Fourth Set of Interrogatories (No. 18) contained information of a confidential nature within the meaning of Section 366.093(3), Florida Statutes.
3. This request is being filed contemporaneously with the service of the response to request confidential classification of the Confidential Documents consistent with Rule 25-22.006, Florida Administrative Code.
4. The following exhibits are attached to and made a part of this Request:
 - a. Exhibit A consists of a copy of the confidential documents in which all the information that FPL asserts is entitled to confidential treatment is highlighted in yellow.

b. Exhibit B is an edited version of Exhibit A, in which all the information FPL asserts is entitled to confidential treatment has been redacted.

c. Exhibit C is a table that identifies the confidential information in Exhibit A and references the specific statutory basis for the claim of confidentiality and identifies the declarant who supports the requested classification.

d. Exhibit D is the declaration of Andrew Whitley in support of this Request.

5. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

6. As explained more fully in the declaration included as Exhibit D, the documents provided by FPL contain information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. This information is protected by Section 366.093(3)(e), Fla. Stat.

7. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for

at least an eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and declaration, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

DECLARATION OF ANDREW WHITLEY

1. My name is Andrew Whitley. I am currently employed by Florida Power & Light Company ("FPL") as Senior Manager, Engineering, Energy Marketing. I have personal knowledge of the matters stated in this declaration.

2. I have reviewed the documents referenced and incorporated in FPL's Request for Confidential Classification, specifically the materials provided in FPL's response to Staff's Fourth Set of Interrogatories, No. 18. The documents or materials that I have reviewed and which are proprietary confidential business information contain information relating to competitive interests, the disclosure of which would impair the competitive business of FPL. Specifically, the information contains projected costs for longer-term future generation projects that have not been contracted or subject to procurement activities. Disclosing estimated costs may impact procurement processes and impair FPL's ability to contract at the best price for the benefit of customers. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Therefore, the information should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

Andrew Whitley
