Comment: I have been a resident of this park for 20+ years and the water quality has been a disappointment from day one

The picture is of clothing that has been ruined by the chlorine level in the water. I have thrown out multiple pieces because they were destroyed. Years ago we would take our destroyed items to the office and they would reimburse us. The next picture is of my whole home water filter that has only been in place for two weeks! DISGUSTING!!!!

I cannot for the life of me understand how they can ask for this!

Also, I have to change the mechanics inside of my toilets due to a large amount of sediment which has become very costly!
