Sun Communities Acquisitions LLC
d/b/a Buttonwood Bay Utilities

To whom it may concern,

As residents of Buttonwood Bay, a Sun Community, we oppose the proposed rate increase in our water/sewer bill. Our water has never been & is still not drinkable. Our toilets have a brown tint left behind and the water smells like rotten eggs. We have a 3 step filtration system on our water system but will only drink bottled water. We have to change the filters in our systems more often than recommended that has already added an additional cost. The park has on site, an osmosis water filtration system that we (residents) can buy water by the gallon. That alone should tell the public service commission that Sun is aware that our water is not drinkable if they are selling us water on site. Please deny Sun this rate increase not only due to the sub-standard water quality but also as a community of 55+ the number of people on fixed incomes that this would be a hardship with the amount of increase Sun is requesting.

Respectfully yours,
Curt & Sharon Brown
