CUSTOMER COMMENTS

Buttonwood should not be allowed to increase water rates since we do not even have good drinking water. I have had to install a reverse osmosis system in my home for drinking water, There is still an odor in the water. Most people go and buy water from the machine at the pool which buttonwood bay supplies. So that should tell you that they know there is a problem with the water. Also I did not receive a letter yet Had to find out from others

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and / or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or any member of the media.
