Re: Petition of JEA for Determination of Need for St. Johns River Power Park Unit 3 for
JEA Combined Cycle Generating Unit; Docket No. 2026-0087-Em

Dear. Mr. Teitzman:

Enclosed for filing on behalf of JEA is a Request for Confidential Classification for certain information provided in response to Staff's First Set of Interrogatories No. 1(b). A USB drive containing the unedited confidential information as related to Interrogatory 1(b) is also enclosed and encompasses Exhibit A to the Request.

If you have any questions concerning the filing, please contact me at (850) 829-4871.

Thank you for your assistance with this matter.

Very truly yours,

Stearns Weaver Miller

In re: Petition for determine of need for a new
combined cycle generating unit and onsite
associated facilities located at St. Johns River
Power Park Unit 3 in Duval County, by JEA.

DOCKET NO. 202600087-EM

DATE: JULY 7, 2026

REQUEST FOR CONFIDENTIAL CLASSIFICATION

JEA, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), hereby requests confidential classification of certain information (the “Confidential Information”) provided in in response to Staff’s First Set of Interrogatories to JEA (Nos. 1(b)). In support of this Request, JEA states:

1. The following Exhibits are included and made a part of this request:
 - a. Exhibit A is an electronic storage device containing unedited versions of the Confidential Information. The Confidential Information consists of two maps depicting natural gas pipelines and laterals. The Confidential Information includes pipeline route information.
 - b. Exhibit B is a table that identifies the specific data fields for which JEA is requesting confidential classification and the statutory bases for the claim of confidentiality.
 - c. Exhibit C includes redacted copies of Exhibit A.

2. Section 366.093(1), Florida Statutes, provides that “Upon request of the public utility or other person, any records received by the Commission which are shown to be proprietary confidential business information shall be kept confidential and shall be exempt from s. 119.07(1).”

3. Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that

disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to:

(c) Security measures, systems, or procedures.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

§ 366.093(3)(c), (3)(e), Fla. Stat.

4. Exhibit B to this Request is a matrix identifying specific information within these responses and documents which are considered confidential, along with the specific statutory justification for seeking confidential classification.

5. JEA is requesting confidential classification of the confidential files identified in Exhibit B. Those files include maps provided confidentially to JEA by TECO Peoples Gas (PGS) of existing and proposed pipeline infrastructure the disclosure of which would create geographic vulnerabilities to critical infrastructure pursuant to Section 366.093(3)(c), Florida Statutes. In addition, disclosure of proposed pipeline routes would harm PGS' competitive interests by identifying specific private properties the proposed route would intersect before easements are finalized, harming PGS' ability to contract for land on favorable terms pursuant to Section 366.093(3)(e), Florida Statutes. Accordingly, the information identified in Exhibit B qualifies for confidential classification under Section 366.093(3), Florida Statutes.

6. JEA requests that the information identified above be classified as "proprietary confidential business information" within the meaning of Section 366.093(3), Florida Statutes, that the information remain confidential for a period of at least 18 months as provided in Section 366.093(4), Florida Statutes, that the information remain confidential for a period of at least 18

months as provided in Section 366.093(4), Florida Statutes, and that the information be returned to JEA as soon as it is no longer necessary.

WHEREFORE, for the foregoing reasons, and set forth in Exhibit B hereto, JEA respectfully requests that its First Request for Confidential Classification be granted.

Respectfully submitted this 7th day of July 2026.
