CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

The gas rate increase is unacceptable and abusive.

This household has not gotten a cost of living increase from employers here in Florida for 5 yeaes, so my guess is that you and the employees are not getting salary increases either.

No, it doesn't cost more for gas. I lived in a state where the 4 floor house was heated by gas through cold winter months and the bill was never over \$100 month... that's a 4 floor home gas heating, gas kitchen appliances, and gas clothes drying unit.

Do better because this is theft!
