Subject: Florida City Gas rate increases

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I just saw the Florida City Gas proposed rate increase. Our bill was normally a reasonable amount per month when we moved here 10 years ago and it's almost doubled. Of course it's higher during cold snaps but there are only 2 of us and we don't use that much gas and now they want to raise rates again and what's proposed is ridiculous. As a retired couple, we watch our spending and these increases won't help. Utility companies should not be allowed to gouge their customers. Please do what you can to keep this from happening. Vote NO!!
Thank you!!
