Public Service Commission,
The Florida City Gas is trying to force a proposed 60% rate hike on their customers effective July 20th, 2026 in the RS-01 and RS-100 bands.
I understand that expenses have increased for everyone recently and continue to rise, however this significantly excessive hike is going to be detrimental to many consumers on fixed incomes. I would ask that you not approve this excessive hike, and ask Florida City Gas to propose a lower more reasonable increase.

Thank you.
