I am a full time resident in Buttonwood bay and live solely on our social security if they are able to raise the sewer and water as much as they want could cause alot of problems for residents like us. The park requires us to power wash our homes, roof, and keep driveways clean plus watering our lawns which would be bad with the increases they want. I don't drink their water we buy bottled water. Please give a lot of consideration when making your decision. Thank you Mr. and Mrs David Woods.
