Comment: I disagree with the staff documents pertaining to the increase of our water/sewer bill! They should NOT be compensated for the horrible water quality we have had since I can't remember! I, my dog, and any company I might have does NOT consume this water! Brown in color and smells like rotten eggs. I don't even want to know all of the chemicals they are adding! I am going to have a reputable company come to my home to test the water I received from this LLC.
