There is no justification for raising the water bill by so much.

There have been times where we had to put up with 2 to 3 months of stinking water. Definitely not drinking and wondering if it was ok for showering.

These are filled with seniors on fixed income. Some barely able to make ends meet.

Please be fair and considerate of the people who love being here in Florida, as you know we are good for your economy and bring lots of money for local businesses.

Thank You for listening. Jim Neumann
