Comment: I reject the water proposal by Sun LLC.Sun Homes LLC for Buttonwood Bay Sebring FL . After redoing my pipes and installing a water filter the private water quality reports are coming containments. The reports sent by Sun Homes for Buttonwood Bay is reporting my water quality is satisfactory,. however after having expensive pipes replaced water still stink and a water filter installed and tastes terrible and reports are not good.

Our rent is constantly being raised and now the Sun Homes LLC Buttonwood Bayour rent climbs at an exorbitant amount year after year. These raises for this property as well as the other properties in their pool should suffice to take care of this new water service and should be paid by Sun Homes inc. Sun Homes a public company should not make their \$billion into trillions out of the owners pockets of these properties who are on limited incomes
