To whom it may concern;

I am writing to **express my opposition** to the massive rate increase for water and sewer for Buttonwood Bay.

While the water company has invested a large amount of time and money, it still has some issues with odor and taste, resulting in our often resorting to outsourcing our water for drinking and drinks and cooking requiring water.

However, my biggest concern and opposition is the impact on those of us on fixed incomes, which in BB, is most of the residents.. Some are even now considering to sell and/or not return. Even those who consider BB full time. For many it is the last "nail in the financial coffin" of affordability.
