Subject: RE: Docket No. 20250122-WS, Sun Communities Acquisitions, LLC d/b/a Buttonwood Bay Utilities

Good Morning,

We will be placing your comments below in consumer correspondence in Docket No. 20250122, and forwarding them to the Office of Consumer Assistance.

Thank you!

Tristan Davis
Commission Deputy Clerk I
Florida Public Service Commission

Subject: Docket No. 20250122-WS, Sun Communities Acquisitions, LLC d/b/a Buttonwood Bay Utilities

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am voicing my concerns as a paying utility customer in the Buttonwood Bay community. The water purveyor is requesting over a 100 percent increase for sub standard water. Yes the water is deemed safe to drink by testing authorities, but the taste, smell and at times the clarity is awful and nobody drinks the water. If the water was pleasant to consume, Sun Communities would not have a water purification system vending machine at the community center. As Florida residents yourselves, you must be aware of Florida's water quality

There are purified water vending machines throughout the state. We only bathe, do dishes and irrigate with the water. We have dealt with multiple water outages with no notices, ruined linens and clothes from rust in the water. I do not feel my water quality or service from my purveyor has increased over 100 percent. That being said, I am having a hard time understanding the exorbitant increase request. The water purveyor wants retired senior citizens to pay more money for sub standard water and no better service or improvement in quality. Thank you for your time.

Respectfully submitted,
Ron and Vita Zamensky
