Comment: To begin with, we pay these rates all year long even when we aren't here and don't use an ounce of water or use the sewer. So having this go up is ridiculous! A couple of years ago the water was so bad it was brown and yellow and stained our toilets. So Sun had to fix the problem because they didn't maintain it properly. I would never drink this water, it is horrible! I thought we were paying way too much in the first place.

I am on a fixed income so this hike would be awful! My pay doesn't go up 2 to 3 times like they are trying to pull here.

This better not go into effect because we are paying way to much now.
