CUSTOMER COMMENTS

Florida City Gas is requesting a 100%+ increase for my residential charges for natural gas.

I request that increase be denied for being unreasonably high. Natural gas is produced in our
country and not imported from the middle east so the disruption in that straits should have no
effect on our rates. I would understand a much reduced increase to cover operating costs related
to vehicle operation or employee wages.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law.

This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or any member of the media.
