Dear Commission Clerk,

Please find attached my comments regarding Docket No. 20260026-GU concerning the proposed rate increase by Florida City Gas.

I have attached a copy of my most recent gas bill for your review. As you can see, even though our household uses very little natural gas, a significant portion of our bill consists of fixed charges, fees, and taxes rather than actual gas consumption. We have made every effort to reduce our gas usage, but another rate increase would create an additional financial hardship for our household. I respectfully ask the Commission to consider the impact on customers like us before approving any

Thank you for your consideration.

Sincerely with respect,

Llisel Espejo
