CUSTOMER COMMENTS SUBJECT: PROTEST AGAINST RATE INCREASE by FLO

Dear Florida Public Service Commission:

I am writing to formally protest the proposed rate increase. It has already raised rates when they installed new gas meters. This increase will place an undue burden on residents. My bill has gone from \$29 to \$42 & nothing has changed in this 1 person household.

Key Concerns: AFFORDABILITY - households are already struggling to meet basic needs. Those on fixed incomes are particularly hard hit.

Lack of Transparency: Justification for this increase has not been adequately communicated to the public. Residents deserve clarity on how these funds will be utilized & the expected benefits -

ALTERNATIVE SOLUTIONS: Instead of increasing rates Florida City Gas should explore cost saving measures, efficiency improvements to maintain services without burdening customers. Urge the Commission to reconsider this proposal & prioritize the financial well-being of Florida residents.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law.

I thank you for your attention to this important matter.
