CUSTOMER COMMENTS

I oppose the proposed rate increase as submitted. While I understand the need for
FCG to recover reasonable operating cost, the proposed increase appear excessive and would
place an unnecessary financial burden on residential customers already facing higher cost
of living. I encourage the Florida Public Service Commission to approve a more moderate
increase that reflects actual operating needs while protecting customers. A phased-in
increase of approximately 3% to 5% would be a more reasonable and
balanced approach than the rates currently proposed. Thank you for
your time and consideration.
