Subject: Florida City Gas Request for Increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

PSC Representative,

I'm writing this email as request to minimize the increase being requested by FCG - GU 602. I'm a senior citizen that has lived in my home for over 40 years with my income being Social Security. Understandably, Florida City Gas is responding to current events, causing the overall cost of living to be excessive. As the current rate increase is going through the process, possibly there could be consideration for senior citizens with similar criteria as mine above. The constituents of Florida has already been hit with the excessive increase from Florida Power and Light. PSC is my only representation to monitor and control the cost of the single source utilities we have to pay for just to maintain our residencies. Any assistance is greatly appreciated. Thank you.
