FPL has raised it's rates 45% for a typical 1,000 kWh monthly usage over the last five years, driven by major multi-year rate settlements approved by the state. You are going to bankrupt seniors who have no way to make extra income. It's just a damn shame we aren't all multi millionaires. If you would get some of the welfare and illegal immigrants out it would help. I'm so sick of elites. I regret I worked in healthcare for 40 years only to find out no one gives a hoot about me.
