2026 LIFELINE DATA REQUEST

Section 364.10 of the Florida Statutes requires the Florida Public Service Commission to submit an Annual Report on the Lifeline program. This report is delivered to the Governor, President of the Senate, and Speaker of the House of Representatives. To assist us in this development, please submit your responses to the following questions by August 3, 2026. Your responses should include your company name, your name and title, and your contact information, including your email address, mailing address, and phone number.

Please answer the following questions as they relate to your company's Florida Lifeline customers, providing data for the reporting period of July 1, 2025, through June 30, 2026. For questions requesting the data be reported monthly, provide the appropriate number as of the last day of each month during the review period.

1. Provide the number of customers participating in Lifeline each month by service type (voice, broadband, or bundled). Do not include customers receiving the Transitional Lifeline discount.

RESPONSE: Below is the count of non-tribal customers participating in Lifeline each month, (for the period July-2025 through June-2026), by service type:

Data Month	Service Type	Non-Tribal Customers
2025-07-01	BundledVoiceBroadband	9
2025-08-01	BundledVoiceBroadband	25
2025-09-01	BundledVoiceBroadband	22
2025-10-01	BundledVoiceBroadband	24
2025-11-01	BundledVoiceBroadband	21
2025-12-01	BundledVoiceBroadband	28
2026-01-01	BundledVoiceBroadband	31
2026-02-01	BundledVoiceBroadband	25
2026-03-01	BundledVoiceBroadband	8
2026-04-01	BundledVoiceBroadband	8
2026-05-01	BundledVoiceBroadband	8
2026-06-01	BundledVoiceBroadband	35

2. Provide the number of lifeline customers that qualify for Tribal support each month by service type (voice, broadband, or bundled). Do not include customers receiving the Transitional Lifeline discount.

RESPONSE: Boomerang had "0" Tribal customers enrolled in the Lifeline program for the period of July-2025 through June-2026.

3. Pursuant to Section 364.105, Florida Statutes, how many customers receive the Transitional Lifeline discount each month?

RESPONSE: Boomerang has "0" customers with the Transitional Lifeline Discount.

4. How is the Transitional Lifeline discount offered and applied to eligible customers?

RESPONSE: The Transitional Lifeline Discount offering is described and located on the Florida State page (<https://entouchwireless.com/states/florida-lifeline-entouch-wireless/>) of the www.enTouchWireless.com website.

enTouch Wireless has a Transitional Lifeline discount offer, which is a 30% discount off of the enTouch Wireless residential basic telecommunications service for Florida Lifeline subscribers who no longer qualify for Lifeline. A Florida Lifeline subscriber who no longer qualifies for Lifeline and requests such a service shall receive the enTouch Wireless residential basic telecommunications service discounted price for a period of one year after, and beginning on, the date the subscriber ceases to be qualified from Lifeline.

5. What Lifeline plans are available to customers for voice, broadband, and/or bundled services? Please include any legacy plans (i.e., those still used by existing customers but no longer offered to new ones). For each plan, please indicate whether it meets the FCC's minimum service standards for voice, broadband, or both.

RESPONSE: Please see "Attachment FL_DR-5".

6. Provide information on the following, if applicable:

RESPONSE: **See responses below.**

- a. Internal procedures for promoting Lifeline.

RESPONSE: Boomerang Wireless, LLC d/b/a enTouch Wireless has internal training procedures and manuals that educate employees about the Lifeline Program, its rules, processes and procedures. For additional reference and consistency, Standard Operating Procedures ("SOP") are constantly being developed and updated regarding the Lifeline program and processes.

The enTouch Wireless website, www.enTouchWireless.com, provides a description of the Lifeline program, such as qualifying programs and income guidelines. Additionally, it has a dedicated state page for each state where enTouch is designated as an ETC to highlight state specific elements, rules, related programs, etc. For example, the dedicated "Florida" state page highlights options and processes specific to Florida Lifeline program, such as FL Transitional Lifeline Discount, FL Lifeline Promotion Process, and provides contacts information for the Florida Public Service Commission. The website contains the Terms & Conditions and FAQ's regarding the Lifeline program and associated rules, as well as enTouch products and services.

- b. Outreach and educational efforts involving participation in community events.

RESPONSE: Generally, enTouch Wireless has used Tent Events in areas where we are likely to reach subscribers who would qualify for the Lifeline program. Such events are used to inform and familiarize applicants with the Lifeline Program and application processes. Depending on numerous factors, Boomerang has made itself available to a variety of advertising methods including Newspaper Ads, Radio, Flyers, posters, and Banners. enTouch's advertising promotions are designed to promote Lifeline Benefit and Program.

For example, when working with several tribes, enTouch was invited to set up a tent at Pow Wows with the sole purpose of meet, greet and inform consumers of the Lifeline program and how it worked. enTouch has also participated at Flee Markets getting to know the community and letting the community get to know of the Lifeline Program and enTouch Wireless.

Also, enTouch has worked with the Salvation Army in some locations. The Salvation Army served as a distribution location for flyers and posting posters, and provided enTouch an opportunity to meet and share information about the program as a resource to their community.

- c. Outreach and educational efforts involving mass media (newspaper, radio, television).

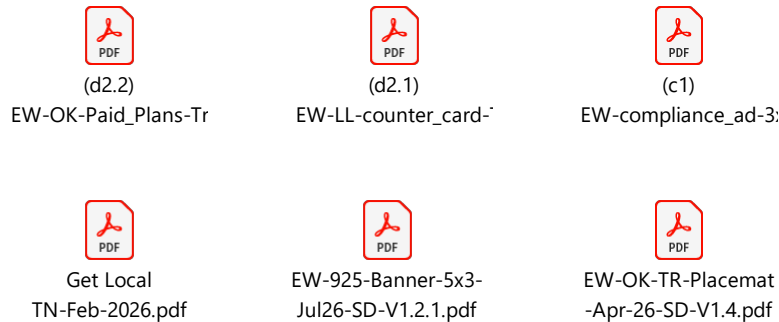

RESPONSE: enTouch has often placed ads in local free newspapers and flyers at applicable grocery stores and shopping areas. Advertising enTouch and Lifeline program via Radio and digital monitors on city buses whose routes focused on serving areas likely to qualify for the program.

Radio was a primary tool when reaching the Navajo nation, because the ads ran once every hour, alternating every other hour between English and Navajo. This made reaching out to many of the older members did not speak English.

Prior to Covid, as one of the means when approaching tribes, Power Point was used as an introduction to the Lifeline Program and enTouch for the tribe. It could be used in remote or in-person presentations. In some territories, enTouch has ads that promote the Lifeline program and enTouch in the regional and or general newspapers.

- d. Copies of Lifeline outreach materials used by your company.

RESPONSE: Attached are pdf's of some more current marketing materials used in OK, and other states where a free phone is available with a qualifying Lifeline Tribal plan. (See response in DR-5h.)

- e. Links to any Lifeline information available on your company's website.

RESPONSE: The enTouch Wireless website, www.enTouchwireless.com, has information about the Lifeline Program, how to qualify for the Lifeline Program, and information about Renewal/Recertification. It also has a Florida State Page that has information specific to the Lifeline Program in Florida.

[About Lifeline Program](#)

[Qualify For Lifeline](#)

[Lifeline Renewal/Recertification](#)

[Florida State Page](#)

- f. Organizations your company currently partners with, previously partnered with, and plans to partner with to educate and inform customers about Lifeline.

RESPONSE: enTouch Wireless is not currently and has no present plans to partner with other organizations in the immediate future.

However, in the past, enTouch has partnered/worked with the Salvation Army in some communities. Salvation Army served as a distribution point for flyers or posting posters that promote or familiarize people with the Lifeline program.

- g. List all brands the company offers Lifeline under.

RESPONSE: Boomerang Wireless offers Lifeline under the "enTouch Wireless" brand. Boomerang does not have any other brands.

- h. If the company is a wireless or satellite provider, indicate if it offers free or discounted equipment to Lifeline customers.

RESPONSE: No, with a few exceptions, enTouch Wireless does not offer free devices with enrollment in the Lifeline Program. The exceptions are:

1) a significant state provided additional subsidy making a free device an economic option, such as in California;

2) as part of the Enhanced (Tribal) subsidy serving residents of Tribal lands in the Lifeline Program, and

3) on rare occasions, such as a promotion or relief effort, enTouch Wireless may offer discounted devices (usually refurbished devices). However, when offered in these cases, there would be a limited quantity that is only available while supply lasts.

Any enTouch free phone offerings are in accordance to our Terms & Conditions.

- i. If you have seen a significant change in the number of Lifeline customers you service since the last reporting period, please identify what factors you believe contributed.

RESPONSE: Boomerang was designated as an ETC in Florida effective July 15, 2024, making 2025 year our first year to receive data from which to see and review any 'trends'. There is a significant increase in August-2025 that is carried through over the following six (6) months through February 2026. Boomerang hosted tent events to inform and promote the lifeline program in Florida in the late summer and fall last year.

7. Are you assisting customers with their Lifeline applications through the National Verifier portal (e.g., through a company interface or sales representative)? If yes, please describe any issues you have experienced. If no, please describe your process for directing customers to apply with the National Verifier.

RESPONSE: Yes, Boomerang does assist customers to the extent permitted by the FCC and USAC rules. The rules require the applicant to do all the input and communication in the application process.

Typical issues/concerns with the Lifeline application process for subscribers is often due to distinguishing that the application for Lifeline program (determining eligibility for the Lifeline program) is handled by USAC, whereas the application for the Lifeline Benefit (the voice, text and broadband service) is through the Service Provider. Issues that commonly arise for applicants due to this arrangement are:

1) Customer gets frustrated because they have to apply twice – once with USAC and again with the Service Provider. And most of the information requested is duplicated, which can be frustrating for a customer. To mitigate this customer frustration, enTouch's application system automatically links to the USAC portal, so the customer does not have to search for a separate link to the USAC portal.

2) USAC's response re eligibility approval for Lifeline can take minutes or weeks to be determined. And though USAC will update the customer status to 'Eligible' for 90 days within the National Verifier, the customer has the burden of checking the National Verifier, via the Portal, to get the status/result. If the applicant has an application with enTouch Wireless, then enTouch can 'ping' the USAC system to see if the applicant has been approved for Lifeline Benefit. USAC does not provide updates as to a customer's eligibility to enTouch directly. Process delays and having access to system can cause customer frustration in the approval and application process.

3) Consumers who do not have access to a computer or internet are often left with the option of mailing in the application and required documentation to USAC which significantly increases the time for the application process.

8. Within the last year, has any of the following events occurred:

RESPONSE: No, Boomerang has not had any of the below events in the last year.

- a Filed for bankruptcy? If yes, please identify the chapter and the date filed.

RESPONSE: No, Boomerang has not filed for Bankruptcy.

b FCC enforcement actions relating to Florida Lifeline customers? If yes, please provide the date and FCC docket number.

RESPONSE: No, Boomerang has not had any FCC enforcement actions relating to Florida Lifeline customers.

c Changes to the ownership or corporate structure? If yes, please elaborate or explain.

RESPONSE: No, Boomerang has had no changes in ownership or corporate structure.

9. For matters related to consumer complaints, who is the company's designated contact person? Please provide their name, title, telephone number, and email address.

RESPONSE: Boomerang's designated contact person re consumer complaints:

Qualifying Lifeline Service Required

POWERED BY THE AT&T GLOBAL NETWORK

THIS OFFERING IS A FEDERAL LIFELINE SUPPORTED SERVICE provided by Boomerang Wireless, LLC, DBA enTouch Wireless. Lifeline is a government assistance program that provides discounts on your monthly phone and/or broadband/Internet service. Only eligible consumers may enroll. Eligibility is based on income or participation in certain government benefit programs and is determined by the National Verifier (documentation may be required). The Lifeline benefit is non-transferable and is limited to one monthly discount per household for either wireless or wireline service. After 30 days of non-usage, you will be de-enrolled in the program. For Lifeline eligibility criteria and applicable terms and conditions, visit <https://entouchwireless.com/terms-of-service/>. OFFERS MAY VARY BY LOCATION and service may not be available in all areas. SERVICE PLAN TAXES AND FEES included with service plan pricing. EMERGENCY SERVICES. Coverage limitations of wireless mobile phone service may affect access to E-911 and/or 911 in the event of an emergency. Wireless service may also experience interruptions due to weather conditions, terrain, or gaps in service coverage. If you remove your enTouch Wireless handset from your home, other family members in your household may not be able to reach 911 emergency services. SERVICES AND DEVICE OFFERS subject to Terms and Conditions and Agreement to Arbitrate Disputes and Judge or Jury Trial Waiver available at <https://entouchwireless.com/terms-of-service/>. Service plan details are available at: <https://entouchwireless.com/lifeline-plans/>
