Re: Docket No. 20260096-TX – Application for certificate to provide local telecommunications service by LTE Wireless Inc.

Dear Carey Roesel,

The Florida Public Service Commission has reviewed LTE Wireless's application for a telecommunications certificate in Florida. Staff notes that certain questions in LTE Wireless's application require correction or updating.

1. Upon reviewing the company name provided in the application, staff notes that the company name "LTE Wireless, Inc." does not appear verbatim in the Florida Department of State database. Based on the registration number provided, the name on the application should be listed as "LTE Wireless Inc." (without the comma). Please revise your response to Question 1 of the application accordingly or advise if the company name on file with the Florida Department of State is incorrect. Because the company names must match, any necessary correction with the Florida Department of State must be completed before your application can be considered.
2. Please also provide any updated responses to Questions 7(a) through 7(f), if applicable, to ensure the application is current as of July 14, 2026.

Please provide the revised responses to the questions identified above by July 30, 2026. A copy may be emailed to SDay@psc.state.fl.us.

Sincerely,

Gregory Fogleman
