In re: Purchased Gas Adjustment (PGA) True-up. | DOCKET NO. 20260003-GU

FILED: August 3, 2026

PETITION OF PEOPLES GAS SYSTEM, INC.
FOR APPROVAL OF PURCHASED GAS ADJUSTMENT (PGA) FACTOR

Peoples Gas System, Inc. ("Peoples" or the "company"), by and through its undersigned counsel files this petition for approval of the company's purchased gas adjustment ("PGA") factor to be applied to bills beginning the first billing cycle for January 2027 through the last billing cycle for December 2027, and in support thereof says:

Statement of Ultimate Facts Alleged
And Providing the Basis for Relief

By Order Nos. 24463, issued May 2, 1991, Docket No. 1991003-GU (PGA True-Up) and 24463-A, issued May 17, 1991, Docket No. 19910003-GU (PGA True-Up), the Florida Public Service Commission ("Commission") adopted a revised method for the recovery of purchased gas costs by regulated natural gas utilities, to be used for the recovery of such costs commencing October 1, 1991. Submitted herewith is Peoples' Composite Exhibit MEE-2, consisting of Schedules E-1, E- 1/R, E-2, E-3, E-4 and E-5. The schedules in Composite Exhibit MEE-2 are used to compute a maximum PGA factor for application to bills rendered for gas sold by Peoples during the twelve-month period of January 2027 through December 2027 (the "Projection Period").

1. The maximum PGA factor calculated in Composite Exhibit MEE-2 basically represents (A) the sum of the final net true-up amount for the period January 1, 2025 through December 31, 2025, the estimated or projected true-up (based on actual data for six months and projected data for six months) for the period January 1, 2026 through December 31, 2026, both

true-up amounts including interest, and Peoples' projected cost of purchased gas for the Projection Period, without interest, (B) divided by Peoples' projected therm sales for the Projection Period.

2. By Order No. PSC-99-0634-FOF-GU, issued April 5, 1999, Docket No. 19981698-GU (Request for Approval), the Commission approved a methodology for charging separate PGA factors for different customer classes. In Order No. PSC-16-0081-PAA-GU, issued February 22, 2026, Docket No. 20150218-GU (Petition to Discontinue Charging Multiple PGA factors), the Commission approved Peoples' methodology to discontinue charging multiple PGA factors for different classes of customers.

3. The maximum (cap) PGA factor for which Peoples seeks approval for the Projection Period is the factor shown on Line 44 of Schedule E-1 of Composite Exhibit MEE-2, and is \$1.00154 per therm.
