To whom it may concern:

We are writing to formally express our steadfast opposition to the proposed sale of Placid Lakes Utilities and to advocate for the cancellation of this transaction.

As loyal customers since 2018, we have consistently experienced an exceptional standard of service that distinguishes this utility from larger, consolidated providers. Our support for maintaining the current ownership is based on several critical factors:

- Fair and Transparent Pricing: The utility has maintained a consistent and equitable rate structure that reflects its commitment to the community.

- Operational Excellence: The organization consistently responds to technical concerns and service inquiries in a prompt, efficient, and courteous manner.
- Personalized Service Infrastructure: The "local, friendly service" provided by Placid Lakes Utilities is an invaluable asset. We are concerned that a transition to a large corporation would reduce our status to a mere account number, sacrificing the accountability and community-centric focus we currently enjoy.

Please register this as a formal "no" vote regarding the sale. We are aware of the upcoming public meeting scheduled for August 2026 and wish to officially submit our position for the record in advance of those proceedings.

Regards,

Phil and Rebekah Kline
