RE: American Broadband and Telecommunications Company, 2026 Lifeline Data Request Responses

Dear Mr. Teitzman:

American Broadband and Telecommunications Company LLC "AMBT", provides the answers below in response to the matter cited above. Please see highlighted items which are referred to in the cover letter accompanying this filing.

Please note that "AMBT", "we", or "us" refer to American Broadband and Telecommunications Company, LLC.

1. Please see enclosed listing for subscriber counts during the period.
2. None.
3. We do not participate in the Transitional Lifeline discount.
4. We offer a standard Lifeline service plan: unlimited voice, unlimited text, and 4.5 GB of data per monthly bill cycle, without any customer payment required. This plan meets the FCC's minimum service standards.

5. The following information corresponds to the item's letter in the Data Request.
 - a. Lifeline is promoted in Florida primarily by online activity.
 - b. Distribution partners promote Lifeline to eligible Medicaid recipients on in-person basis from time to time.
 - c. Paid media is primarily comprised of Google and Meta Platforms, Inc.
 - d. Please see the enclosed copy of the landing page for USAPhone, in which the AMBT name is prominently displayed and referenced as the Lifeline carrier.
 - e. Links to Lifeline information are below:
 - i. <https://www.americanassistance.com/>
 - ii. <https://www.americanassistance.com/florida/>
 - iii. <https://www.americanassistance.com/locations/>
 - f. AMBT has / is partnered with Moreable LLC, Unity Wireless, and SurgePays to identify and accept applications from persons who claim to be eligible, subject to approval by the National Verifier.
 - g. American Assistance is the only brand name associated with services provided by AMBT.
 - h. AMBT offers free SIM cards to qualified applicants.
 - i. AMBT's ETC was issued in the summer of 2024; enrollments started in August 2024 and have steadily increased. The ability to provide options for eligible Florida subscribers (see FPSC finding in Order No. PSC-2024-0210-PAA-TP, Docket No. 20240082-TP, item IV, that granting an ETC to AMBT is in the public interest) is a primary reason for the increase in subscriber count.
6. AMBT utilizes the National Verifier to obtain the approval of each applicant. AMBT uses the CGM enrollment platform to gather data, present the consents for applicant consideration and approval, and only after approval will the enrollment system approve a SIM card shipment to an applicant's address which will provide AMBT-provided network services.
7. AMBT does participate in the Lifeline Promotion Process.
8. Below are the answers to these questions.
 - a. AMBT has not filed for bankruptcy.
 - b. There have been no FCC enforcement actions relating to Florida customers.
 - c. AMBT has not changed its corporate structure or ownership.

9. Consumer Complaint information

Marlanea Moreland and Mike Ansted are Interim Compliance Officers, and are the designated contacts for consumer complaints and government agencies.

a. For members of the public, the contact information is:

Mike Ansted or Marlanea Moreland

Compliance@ambt.net

1.888.392.3001 (voicemail with return call of compliance-related matters, generally within two business days)

b. For government inquiries, the contact information is:

Jeff Ansted, President

jansted@ambt.net

419-824-5810 (business hours, Eastern time)

Sincerely,

American Broadband and Telecommunications
Company, LLC
