

## **Independent Auditors' Report**

Board of Directors and Stockholder  
Florida Public Utilities Company

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of Florida Public Utilities Company – Natural Gas Division, which comprise the comparative balance sheet-regulatory basis as of December 31, 2024 and 2023, and the related statements of income-regulatory basis for the years then ended, and the statement of retained earnings-regulatory basis for the year ended December 31, 2024, and the related notes to the financial statements included on pages 11.1 through 11.18 of the accompanying Annual Report of Natural Gas Utilities, as filed with the Florida Public Service Commission.

In our opinion, the regulatory basis financial statements referred to above present fairly, in all material respects, the assets, liabilities, and proprietary capital of Florida Public Utilities Company – Natural Gas Division as of December 31, 2024 and 2023, and its income and expenses for the years then ended in accordance with the financial reporting provisions of the Florida Public Service Commission, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases described in Note 1.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Florida Public Utilities Company – Natural Gas Division and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Emphasis of Matter - Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. As described in Note 1 to the financial statements, the financial statements are prepared by Florida Public Utilities Company – Natural Gas Division on the basis of the financial reporting provisions of the Florida Public Service Commission, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases, which is a basis of accounting other than accounting principles generally accepted in the United States of America. As a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Florida Public Service Commission, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Florida Public Utilities Company – Natural Gas Division's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Public Utilities Company – Natural Gas Division's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

**Restriction on Use**

Our report is intended solely for the information and use of management of Chesapeake Utilities Corporation and Florida Public Utilities Company – Natural Gas Division and for filing with the Florida Public Service Commission and is not intended to be and should not be used by anyone other than these specified parties.

# ANNUAL REPORT OF NATURAL GAS UTILITIES

**Florida Public Utilities Company**

(EXACT NAME OF RESPONDENT)

**208 Wildlight Avenue**

**Yulee, FL 32097**

(ADDRESS OF RESPONDENT)

TO THE

FLORIDA PUBLIC SERVICE COMMISSION

FOR THE

YEAR ENDED DECEMBER 31, 2024

Officer or other person to whom correspondence should be addressed concerning this report:

Name: Michael D. Cassel

Title: Vice President, Government and Regulatory  
Affairs

Address: 208 Wildlight Ave

City: Yulee

State: FL

Telephone No.: (561) 252-0250

PSC/ECR 020-G (12/03)

**INSTRUCTIONS FOR FILING THE  
ANNUAL REPORT OF NATURAL GAS UTILITIES**

**GENERAL INSTRUCTIONS**

- I. Prepare this report in conformity with the Uniform System of Accounts (18 CFR 201) (U.S. of A.). Interpret all accounting words and phrases in accordance with the U.S. of A.
- II. Enter in whole numbers (dollars or Mcf) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important.) The truncating of cents is allowed except on the four basic financial statements where rounding to dollars is required. The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
- III. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- IV. For any page that is not applicable to the respondent, enter the words "Not Applicable" on the particular page.
- V. Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement to the page being supplemented on 8 1/2 by 11 inch paper. Provide the appropriate identification information on the supplemental page, including the title of the page and the page number. Do not change the page numbers.
- VI. Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
- VII. Wherever schedule pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why different figures were used.
- VIII. Report all gas volumes on a pressure base of 14.73 psia and a temperature base of 60° F.

**DEFINITIONS**

- I. Btu per cubic foot - The total heating value expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32° F, and under standard gravitational force (980.665 cm per sec. <sup>2</sup>) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)
- II. Respondent - The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made.

## ANNUAL REPORT OF NATURAL GAS UTILITIES

### IDENTIFICATION

01 Exact Legal Name of Respondent  Florida Public Utilities Company	02 Year of Report  December 31, 2024
03 Previous Name and Date of Change (if name changed during year)	
04 Address of Principal Office at End of Year (Street, City, State, Zip Code)  208 Wildlight Avenue, Yulee, FL 32097	
05 Name of Contact Person  Michael D. Cassel	06 Title of Contact Person Vice President, Government and Regulatory Affairs
07 Address of Contact Person (Street, City, State, Zip Code)  208 Wildlight Avenue, Yulee, FL 32097	
08 Telephone of Contact Person, Including Area Code  (561) 252-0250	09 Date of Report (Mo., Day, Yr)  4/25/2025

### ATTESTATION

I certify that I am the responsible accounting officer of

**Florida Public Utilities Company**

that I have examined the following report; that to the best of my knowledge, information, and belief, all statements of fact contained in the said report are true and the said report is a correct statement of the business and affairs of the above- named respondent in respect to each and every matter set forth therein during the period from January 1, 2024 to December 31, 2024, inclusive.

I also certify that all affiliated transfer prices and affiliated cost allocations were determined consistent with the methods reported to this Commission on the appropriate forms included in this report.

I am aware that Section 837.06, Florida Statutes, provides:

Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor of the second degree, punishable as provided in S. 775.082 and S. 775.083.

Florida Public Utilities Company Natural Gas Division	For the Year Ended  December 31, 2024
--	---

CONTROL OVER RESPONDENT	
1. If any corporation, business trust, or similar organization or combination of such organizations jointly held control over the respondent at end of year, state name of controlling corporation or organization, manner in which control was held, and extent of control. If control was in a holding company organization, show the chain of ownership or control to the main parent company or	organization. If control was held by a trustee(s), state name of trustee(s). 2. If the above required information is available from the SEC 10K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed provided the fiscal years for both the 10-K report and this report are compatible.
<p>1. As of October 28, 2009, Florida Public Utilities Company ("FPU") is a wholly owned subsidiary of Chesapeake Utilities Corporation ("CUC").</p> <p>2. Chesapeake's annual report on Form 10-K was filed with the Securities Exchange Commission on February 26, 2025. This report was for the fiscal year ended December 31, 2024.</p>	

CORPORATIONS CONTROLLED BY RESPONDENT			
1. Report below the names of all corporations, business trusts, and similar organizations, controlled directly or indirectly by respondent at any time during the year. If control ceased prior to end of year, give particulars (details) in a footnote. 2. If control was by other means than a direct holding of voting rights, state in a footnote the manner in which control was held, naming any intermediaries involved.		3. If control was held jointly with one or more other interests, state the fact in a footnote and name the other interests. 4. If the above required information is available from the SEC 10-K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed in column (a) provided the fiscal years for both the 10-K report and this report are compatible.	
DEFINITIONS			
1. See the Uniform System of Accounts for a definition of control. 2. Direct control is that which is exercised without interposition of an intermediary. 3. Indirect control is that which is exercised by the interposition of an intermediary which exercises direct control. 4. Joint control is that in which neither interest can effectively		control or direct action without the consent of the other, as where the voting control is equally divided between two holders, or each party holds a veto power over the other. Joint control may exist by mutual agreement or understanding between two or more parties who together have control within the meaning of the definition of control in the Uniform System of Accounts, regardless of the relative voting rights of each party.	
Name of Company Controlled  (a)	Kind of Business  (b)	Percent Voting Stock Owned  (c)	Footnote Ref.  (d)
Flo-Gas Corporation	Propane Gas	100%	
<p>Note: Chesapeake, our parent company directly and indirectly controls other subsidiaries. These organizations are listed in Chesapeake's Form 10-K.</p>			

**OFFICERS**

1. Report below the name, title and salary for each executive officer whose salary is \$50,000 or more. An "executive officer" of a respondent includes its president, secretary, treasurer, and vice president in charge of a principal business unit, division or function (such as sales, administration or finance), and any other person who performs similar policymaking functions.

2. If a change was made during the year in the incumbent of any position, show name and total remuneration of the previous incumbent, and date the change in incumbency was made.

Title (a)	Name of Officer (b)	Salary for Year (c)
Director, Chairman, President & CEO (CUC)	Jeffry M. Householder	\$ 282,746
Executive Vice President/General Counsel/ Corp. Secretary/ Chief Policy and Risk Officer	James F. Moriarty	\$ 150,197
Executive Vice President, Chief Financial Officer, Treasurer and Assistant Secretary	Beth W. Cooper	\$ 165,381
Senior Vice President and Chief Development Officer (FPU/CUC)	Kevin J. Webber	\$ 81,660
President (FPU) and Senior Vice President, Chief Operating Officer (FPU/CUC)	Jeffrey S. Sylvester	\$ 114,904
Senior Vice President, Regulatory and External Affairs	Cheryl M. Martin	\$ 96,788
Senior Vice President and Chief Accounting Officer	Michael D. Galtman	\$ 100,386
Senior Vice President and Chief Information Officer	Vikrant A. Gadgil (1)	\$ 56,667
Senior Vice President and Chief Human Resources Officer	William Hughston	\$ 212,297

Note: The salaries above represent only that portion allocated to FPU's natural gas division.

(1) Retired in December 31, 2024

**DIRECTORS**

1. Report below the information called for concerning each director of the respondent who held office at any time during the year. Include in column (a) abbreviated titles of the directors who are officers of the respondent.

2. Designate members of the Executive Committee by an asterisk and the Chairman of the Executive Committee by a double asterisk.

Name (and Title) of Director (a)	Principal Business Address (b)	No. of Directors Meetings During Yr. (c)	Fees During Year (d)
Jeffry M. Householder, Director, Chairman	500 Energy Lane, Dover Delaware 19901	5	\$ -
Thomas J. Bresnan, Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Ronald G. Forsythe, Jr., Ph.D., Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Thomas P. Hill, Jr., Director (1)	500 Energy Lane, Dover Delaware 19901	1	\$ -
Dennis S. Hudson, III, Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Paul L. Maddock, Jr., Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Lila A. Jaber, Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Lisa G. Bisaccia, Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Stephanie N. Gary , Director	500 Energy Lane, Dover Delaware 19901	5	\$ -
Sheree M. Patrone , Director	500 Energy Lane, Dover Delaware 19901	5	\$ -

(1) Thomas P. Hill, Jr., Director - Retired May 2024

### SECURITY HOLDERS AND VOTING POWERS

1. Give the names and addresses of the 10 security holders of the respondents who, at the date of the latest closing of the stock book or compilation of the list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.) duration of the trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders was not compiled within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

2. If any security other than stock carries voting rights, explain in a supplemental statement of circumstances whereby such security became

vested with voting rights and give others important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent if contingent, describe the contingency.

3. If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote.

4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders.

Name (Title) and Address of Security Holder (a)	VOTING SECURITIES			
	Number of votes as of (date):			
	Total Votes (b)	Common Stock (c)	Preferred Stock (d)	Other (e)
TOTAL votes of all voting securities				
TOTAL number of security holders				
TOTAL votes of security holders listed below				
Effective October 28, 2009, FPU became a wholly-owned subsidiary of Chesapeake.				

### IMPORTANT CHANGES DURING THE YEAR

Give particulars (details) concerning the matters indicated below. Make the statements explicit and precise, and number them in accordance with the inquiries. Each inquiry should be answered. Enter "none" "not applicable," or "NA" where applicable. If information which answers an inquiry is given elsewhere in the report, make a reference to the schedule in which it appears.

1. Acquisition of ownership in other companies by reorganization, merger, or consolidation with other companies: Give name of companies involved, particulars concerning the transactions.

2. Purchase or sale of an operating unit or system: Give brief description of the property, and of the transactions relating thereto, and reference to Commission authorization, if any was required.

3. Important extension or reduction of transmission or distribution system: State territory added or relinquished and date operations began or ceased also the approximate number of customers added or lost and approximate annual revenues of each class of service.

4. State briefly the status of any materially important legal proceedings pending at the end of the year, and the results of any such proceedings culminated during the year.

5. State briefly the status of any materially important transactions of the respondent not disclosed elsewhere in this report in which an officer, director, security holder, voting trustee, associated company or known associate of any of these persons was a party or in which any such person had a material interest.

**STATEMENT OF INCOME**

1. Use page 11 for important notes regarding the statement of income or any account thereof.  
2. Give concise explanations on page 11 concerning significant amounts of any refunds made or received during the year.  
3. Enter on page 11 a concise explanation of only those changes in accounting methods made during the year

which had an effect on net income, including the basis of allocations and apportionment from those used in the preceding year. Also give the approximate dollar effect of such changes.  
4. Explain in a footnote if the previous year's figures are different from that reported in prior reports.

**STATEMENT OF RETAINED EARNINGS**

1. Report all changes in appropriated retained earnings, and unappropriated retained earnings for the year.  
2. Each credit and debit during the year should be identified as to the retained earnings account in which recorded (Accounts 433, 436-439 inclusive). Show the contra primary account affected in column (b).  
3. State the purpose and amount for each reservation or appropriation of retained earnings.  
4. List first Account 439, Adjustments to Retained Earnings, reflecting adjustments to the opening balance of retained earnings. Follow by credit, then debit items, in that order.

5. Show dividends for each class and series of capital stock.  
6. Show separately the state and federal income tax effect of items shown in account 439, Adjustments to Retained Earnings.  
7. Explain in a footnote the basis for determining the amount reserved or appropriated. If such reservations or appropriation is to be recurrent, state the number and annual amounts to be reserved or appropriated as well as the totals eventually to be accumulated.  
8. If any notes appearing in the report to stockholders are applicable to this statement attach them at page 11.

**NOTES TO THE FINANCIAL STATEMENTS ON A COMBINED BASIS**

1. Use the space below for important notes regarding the Balance Sheet, Statement of Income for the year, Statement of Retained Earnings for the year, and Statement of Changes in Financial Position, or any account thereof. Classify the notes according to each basic statement, providing a subheading for each statement except where a note is applicable to more than one statement.

2. Furnish particulars (details) as to any significant contingent assets or liabilities existing at end of year, including a brief explanation of any action initiated by the Internal Revenue Service involving possible assessment of additional income taxes of material amount, or of a claim for refund of income taxes of a material amount initiated by the utility. Give also a brief explanation of any dividends in arrears on cumulative preferred stock.

3. For Account 116, Utility Plant Adjustments, explain the origin of such amount, debits and credits during the year, and

plan of disposition contemplated, giving references to Commission orders or other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof.

4. Where Accounts 189, Unamortized Loss on Reacquired Debt, and 257, Unamortized Gain on Reacquired Debt, are not used, give an explanation, providing the rate treatment given these items. See General Instruction 17 of the Uniform System of Accounts.

5. Give a concise explanation of any retained earnings restrictions and state the amount of retained earnings affected by such restrictions.

6. If the notes to financial statements relating to the respondent company appearing in the annual report to the stockholders are applicable and furnish the data required by instructions above and on pages 8-10, such notes may be attached hereto.

See Notes to the Financial Statements attached

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

## 1. Organization and Basis of Presentation

Florida Public Utilities Company (“FPU”) is a utility engaged in the natural gas and electric distribution business in Florida. The natural gas division of FPU, (“we,” “our” or “us”) is engaged in the distribution of natural gas to approximately 100,400 residential, commercial and industrial customers located in south, central and northeast Florida. Our rates and services are subject to regulation by the Florida Public Service Commission (“FPSC”). FPU is a wholly-owned subsidiary of Chesapeake Utilities Corporation (“Chesapeake Utilities”).

Our financial statements include the accounts of FPU’s natural gas operations. FPU’s electric distribution and unregulated businesses are excluded from our financial statements.

Our financial statements are prepared in conformity with the accounting requirements of the FPSC, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission (“FERC”) as set forth in the applicable Uniform System of Accounts and published accounting releases, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (“US GAAP”). The accounting requirements of the FERC and the FPSC applied by us in these financial statements are generally consistent with US GAAP, except for:

- lack of reclassification of certain negative balances on the balance sheets;
- the presentation of deferred income tax assets and liabilities separately rather than as a single amount;
- the presentation of cost of removal as a component of accumulated depreciation rather than as a regulatory liability;
- lack of detail property, plant and equipment component costs disclosure;
- lack of detail regulatory assets and liability disclosure;
- the omission of the statements of cash flows for prior year for a comparative presentation;
- the omission of the statement of retained earnings for prior year for a comparative presentation;
- the accounting treatment of the acquisition adjustment and regulatory asset associated with the merger-related costs and the presentation of the acquisition adjustment;
- the presentation of pass-through revenue taxes, such as gross receipts taxes, franchise taxes and sales taxes, as revenues and operating expenses rather than on a net basis;
- the presentation of the components of net benefit costs in operating expenses, whereas for GAAP, only the service cost component is presented in operating expenses; and
- the presentation of operating leases’ right-of-use asset and lease liability in the FERC balance sheet accounts for capital lease assets and liabilities.

We have assessed and reported on subsequent events through April 25, 2025, the date these financial statements are available to be issued. If and where necessary to improve comparability, prior period amounts have been reclassified to conform to current period presentation.

## 2. Summary of Significant Accounting Policies

### Use of Estimates

Our financial statements are prepared based on the accounting requirements of the FPSC and the FERC, which require management to make estimates in measuring assets and liabilities and related revenues and expenses. These estimates involve judgments with respect to, among other things, various future economic factors that are difficult to predict and are beyond our control; therefore, actual results could differ from those estimates. As additional information becomes available, or actual amounts are determined, recorded estimates are revised. Consequently, operating results can be affected by revisions to prior accounting estimates.

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

### Utility Plant

Utility plant is stated at original cost less accumulated depreciation or fair value, if impaired. Costs include direct labor, materials and third-party construction contractor costs, allowance for funds used during construction (“AFUDC”), and certain indirect costs related to equipment and employees engaged in construction. The costs of repairs and minor replacements are charged to expense as incurred, and the costs of major renewals and improvements are capitalized. Upon retirement or disposition of utility plant, the gain or loss, net of salvage value, is charged to accumulated depreciation or deferred as a regulatory asset or liability as required by the FPSC.

Customer contributions or advances in aid of construction reduce utility plant, unless the amounts are refundable to customers. Contributions or advances may be refundable to customers after a number of years based on the amount of revenues generated from the customers or the duration of the service provided to the customers. Refundable contributions or advances are recorded initially as liabilities. Non-refundable contributions reduce utility plant at the time of such determination. As of December 31, 2024 and 2023, there were \$3.1 million and \$3.3 million, respectively, of non-refunded contributions or advances reducing utility plant.

AFUDC represents the estimated cost of funds, from both debt and equity sources, used to finance the construction of major projects. AFUDC is capitalized in rate base for rate making purposes when the completed projects are placed in service. AFUDC amounts capitalized on utility plant were not material for the years ended December 31, 2024 and 2023.

### Impairment of Long-lived Assets

We periodically evaluate whether events or circumstances have occurred, which indicate that other long-lived assets may not be fully recoverable. The determination of whether an impairment has occurred is based on an estimate of undiscounted future cash flows attributable to the asset, compared to the carrying value of the asset. When such events or circumstances are present, we record an impairment loss equal to the excess of the asset's carrying value over its fair value, if any.

### Depreciation

We compute depreciation expense by applying composite, annual rates as approved by the FPSC. Depreciation and amortization expenses are provided at an annual rate averaging 2.2 percent in both 2024 and 2023.

In accordance with the accounting requirements of the FERC, we include the accretion of the cost of removal for future retirements of utility assets as depreciation expense. For the years ended December 31, 2024 and 2023, \$2.5 million and \$2.2 million, respectively, of such accretion was included in depreciation expense. We also report certain depreciation expenses, mainly related to vehicle, computer software and hardware, as operation expenses rather than depreciation and amortization expense to comply with the requirements of the FERC. For both years ended December 31, 2024 and 2023, depreciation reported in operation expenses was not material.

### Regulated Operations

We account for our operations in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 980, *Regulated Operations*. This Topic includes accounting principles for companies whose rates are determined by independent third-party regulators. When setting rates, regulators often make decisions, the economics of which require companies to defer costs or revenues in different periods than may be appropriate for unregulated enterprises. When this situation occurs, a regulated company defers the associated costs as regulatory assets on the balance sheet and records them as expense on the income statement as it collects revenues. Further, regulators can

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

also impose liabilities upon a regulated company for amounts previously collected from customers, and for recovery of costs that are expected to be incurred in the future as regulatory liabilities. If we were required to terminate the application of these provisions to our regulated operations, all such deferred amounts would be recognized in the income statement at that time, which could have a material impact on our financial position, results of operations and cash flows.

We monitor our regulatory and competitive environment to determine whether the recovery of our regulatory assets continues to be probable. If we were to determine that recovery of these assets is no longer probable, we would write off the assets against earnings. We believe that provisions of ASC Topic 980 continue to apply to our operations and that the recovery of our regulatory assets is probable.

#### Revenue Recognition

Our operating revenues are based on rates approved by the FPSC. We read meters and bill customers on monthly cycles that do not coincide with the accounting periods used for financial reporting purposes. We accrue unbilled revenues for the charges associated with natural gas delivered, but not yet billed, at the end of an accounting period to the extent that they do not coincide.

We have a fuel cost recovery mechanism. This mechanism provides a method of adjusting the billing rates to reflect changes in the cost of purchased fuel. The difference between the current cost of fuel and the cost of fuel recovered in billed rates is deferred and accounted for as either unrecovered purchased fuel costs or amounts payable to customers. Generally, these deferred amounts are recovered or refunded within one year.

For agreements that contain variable consideration, we use the invoice practical expedient method. We determined that the amounts invoiced to customers correspond directly with the value to our customers and our performance to date.

#### Operation and Maintenance Expenses

Major cost components of operations and maintenance expense include operation and maintenance salaries and benefits, materials and supplies, usage of vehicles, tools and equipment, payments to contractors, utility plant maintenance, customer service, professional fees and other outside services, insurance expense, minor amounts of depreciation and other administrative expenses.

#### Cash and Cash Equivalents

We consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Excess cash generated by our receipts may be transferred to and invested in Chesapeake Utilities' overnight income-producing accounts. We are allocated the portion of interest income generated from those accounts, which reduced interest expense in the accompanying statements of income.

#### Accounts Receivable and Allowance for Expected Credit Losses

Accounts receivable consist primarily of amounts due for sales of natural gas. An allowance for expected credit losses is recorded against amounts due to reduce the receivables balance to the amount we reasonably expect to collect based upon our collection's experiences and management's assessment of our customers' inability or reluctance to pay.

When determining estimated credit losses, we analyzed the balance of our trade receivables based on our business. As a regulated energy business, we have the ability to recover our costs through the rate making process, which can include consideration for amounts historically written off to be included in rate base. Therefore, we possess a mechanism to recover credit losses which we believe reduces our exposure to credit risk.

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

Our estimate of expected credit losses reflects our anticipated losses associated with our trade receivables as a result of non-payment from our customers beginning the day the trade receivable is established. We believe the risk of loss associated with trade receivables classified as current presents the least amount of credit exposure risk and therefore, we assign a lower estimate to our current trade receivables. As our trade receivables age outside of their expected due date, our estimate increases. Our allowance for credit losses relative to the balance of our trade receivables has historically not been material as a result of on time payment activity from our customers.

The below table provides the changes in the balance of our allowance for credit losses for the year ended December 31, 2024:

(in thousands)

<b>Balance at December 31, 2023</b>	\$	<b>638</b>
<b>Additions</b>		
Provision for credit losses		477
<b>Recoveries</b>		<b>50</b>
<b>Deductions:</b>		
Write offs		(309)
<b>Balance at December 31, 2024</b>	<b>\$</b>	<b>856</b>

#### Inventories

We use the average cost method to value materials and supplies inventory. If market prices drop below our carrying value, inventory balances that are subject to price risk are adjusted to net realizable values.

#### Pension and Other Postretirement Plans

Our eligible employees participate in FPU's pension and other postretirement plans. FPU allocates our share of its pension and other postretirement plan costs based on a portion of the benefits related to providing our service. FPU's pension and other postretirement plan costs and liabilities are determined on an actuarial basis and are affected by numerous assumptions and estimates including the fair value of plan assets, estimates of the expected returns on plan assets, assumed discount rates, the level of contributions made to the plans, and current demographic and actuarial mortality data. FPU's management annually reviews the estimates and assumptions underlying our pension and other postretirement plan costs and liabilities with the assistance of third-party actuarial firms.

The assumed discount rates and the expected returns on plan assets are the assumptions that generally have the most significant impact on FPU's pension costs and liabilities. The assumed discount rates, the assumed health care cost trend rates and the assumed rates of retirement generally have the most significant impact on FPU's postretirement plan costs and liabilities. A change in the discount rate or rate of return would not have a material impact on FPU's benefit expense and the corresponding liabilities.

#### Income Taxes

Deferred tax assets and liabilities are recorded for the income tax effect of temporary differences between the financial statement bases and tax bases of assets and liabilities and are measured using the enacted income tax rates in effect in the years in which the differences are expected to reverse. The portions of our deferred tax liabilities, which have not been reflected in current service rates, represent income taxes recoverable through future rates. Deferred tax assets are recorded

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

when it is more likely than not that such income tax benefits will be realized. Valuation allowances may be recorded if it is determined that some deferred tax assets will not be realized.

We account for uncertainty in income taxes in the financial statements only if it is more likely than not that an uncertain tax position is sustainable based on technical merits. Recognizable tax positions are then measured to determine the amount of benefit recognized in the financial statements. We recognize penalties and interest related to unrecognized tax benefits as a component of other income.

#### Financial Instruments

We have entered into agreements with suppliers to purchase natural gas for resale to our customers. Purchases under these contracts either do not meet the definition of derivatives or are considered “normal purchases” and are accounted for on an accrual basis.

Financial assets with carrying values approximating fair value include accounts receivable. Financial liabilities with carrying values approximating fair value include accounts payable and other accrued liabilities.

#### **Recent Accounting Standards Yet to be Adopted**

##### *FASB*

Income Taxes (ASC 740) - In December 2023, the FASB issued ASU 2023-09, *Improvements to Income Tax Disclosures*, which modifies required income tax disclosures primarily related to an entity's rate reconciliation and information pertaining to income taxes paid. These enhancements have been made to address requests from investors related to transparency and usefulness of income tax disclosures. ASU 2023-09 will be effective for our annual financial statements beginning January 1, 2025. ASU 2023-09 only impacts disclosures, and as a result, will not have a material impact on our financial position or results of operations.

Income Statement Expense Disaggregation (ASC 220) - In November 2024, the FASB issued ASU 2024-04, *Disaggregation of Income Statement Expenses*, which require disclosure in the notes to financial statements of specified information about certain costs and expenses. ASU 2024-04 will be effective for our annual financial statements beginning January 1, 2027 and our interim financial statements beginning January 1, 2028. ASU 2024-04 only impacts disclosures, and as a result, will not have an impact on our financial position or results of operations.

### **3. Transactions with Affiliates**

#### Financing Arrangements

Our excess cash is transferred to Chesapeake Utilities to be invested in overnight income-producing accounts. We utilize Chesapeake Utilities’ short-term borrowing facility and long-term debt to satisfy our financing needs. For the years ended December 31, 2024 and 2023, Chesapeake Utilities allocated to us \$11.0 million and \$8.4 million, respectively, in interest expense, which represents a portion of interest from Chesapeake Utilities’ short-term and long-term debt, net of a portion of interest income from the overnight income-producing accounts.

#### Allocated Costs from Affiliates

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

Chesapeake Utilities provides us with administrative and support services. These services include certain managerial, accounting, information technology, payroll, human resources and treasury services. For the years ended December 31, 2024 and 2023, Chesapeake Utilities charged us \$17.7 million and \$16.1 million, respectively, for these services. Chesapeake Utilities also provides us with shared services which include safety and customer care services. For the years ended December 31, 2024 and 2023, Chesapeake Utilities charged us \$6.3 million and \$5.9 million, respectively, for these services.

#### Advances from Affiliates

As of December 31, 2024 and 2023, we had net advances payable to Chesapeake Utilities and its subsidiaries in the amount of \$259.9 million and \$224.3 million, respectively. These amounts are reflected as accounts payable to associated companies in the accompanying balance sheets.

#### Firm Transportation Service and Natural Gas Purchase/Sale

Peninsula Pipeline Company, Inc., a wholly-owned subsidiary of Chesapeake Utilities, provided us with firm transportation service in conjunction with our service in Florida. For the years ended December 31, 2024 and 2023, we incurred \$27.6 million and \$24.6 million, respectively, in cost associated with this transportation service, which was included in the cost of fuel and our fuel cost recovery mechanism.

Marlin Gas Services, LLC, a wholly-owned subsidiary of Chesapeake Utilities, provided us natural gas transportation service in conjunction with our service in Florida. For the years ended December 31, 2024 and 2023, we incurred \$2.8 million and \$4.2 million, respectively, in cost associated with this transportation service, which was included in the cost of fuel and our fuel cost recovery mechanism.

Eight Flags Energy, LLC (“Eight Flags”), a subsidiary of Chesapeake Utilities’ OnSight Services, LLC, generates electricity and steam at its Combined Heat and Power (“CHP”) plant located on Amelia Island, Florida. The Eight Flags’ CHP plant is powered by natural gas transported in our distribution system. For the years ended December 31, 2024 and 2023, we recorded \$0.7 million and \$0.8 million, respectively, in revenue associated with transportation service provided to Eight Flags to power its CHP plant.

Florida City Gas (“FCG”), a subsidiary of Chesapeake Utilities, provided us natural gas services in conjunction with our service in Florida. For the years ended December 31, 2024 and 2023 the costs associated with this service were not material and were included in the cost of fuel and our fuel cost recovery mechanism.

## **4. Income Taxes**

FPU is included in the Chesapeake Utilities consolidated federal income tax return, along with all of Chesapeake Utilities’ other subsidiaries. As of December 31, 2024, the 2015 through 2019 federal income tax returns are no longer under examination. FPU files a separate state income tax return in the state of Florida. Income taxes in the accompanying statements of income have been allocated to us as if we were a separate taxpayer. State income tax returns for FPU for tax years after 2015 are subject to examination.

During 2018, Chesapeake Utilities completed the assessment of the impact of accounting for certain effects of the Tax Cuts and Jobs Act (“TCJA”), including the effects of the reduction of the corporate federal income tax rate from 35 percent to 21 percent. In 2019, Chesapeake Utilities allocated the tax basis cost of certain liabilities recognized at its corporate entity under the TCJA to its business units. See Note 8, *Rates and Other Regulatory Activities*, for further discussion of the TCJA impact on our business.

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

FPU had no state net operating loss in Florida as of December 31, 2024. For year ended December 31, 2023, there was a state net operating loss of \$32.4 million. We did not record a valuation allowance to reduce the future benefit of the tax NOL because we believe that it is more likely than not that they will be fully utilized.

The following tables provide: (a) the components of income tax expense in 2024 and 2023; (b) the reconciliation between the statutory federal income tax rate and the effective income tax rate for 2024 and 2023; and (c) the components of accumulated deferred income tax assets and liabilities at December 31, 2024 and 2023.

For the Year Ended December 31,	2024	2023
<i>(in thousands)</i>		
Current	\$ (824)	\$ 4,429
Deferred	9,364	4,010
Total Income Tax Expense	<u>\$ 8,540</u>	<u>\$ 8,439</u>

For the Year Ended December 31,	2024	2023
<i>(in thousands)</i>		
Federal income tax expense, 21% in 2024 and 2023	\$ 7,337	\$ 6,807
State income taxes	1,848	1,886
Other	(645)	(254)
Total Income Tax Expense	<u>\$ 8,540</u>	<u>\$ 8,439</u>

Deferred tax expense results primarily from the use of accelerated depreciation for tax purposes and deferred fuel costs. Total income tax expense results primarily from applying the federal income tax statutory rate to book income before tax.

## 5. Leases

FPU has entered into lease arrangements for office space, land and warehouses. We utilize these lease arrangements to enable us to better conduct business operations in our service territory, provide adequate workspace for all our employees and to store equipment and materials used in repairs and maintenance for our businesses.

Upon adoption of *ASC 842: Leases*, and with the permission from the FERC as provided in Docket No. AI19-1-000, Right of Use (“ROU”) assets and liabilities in connection with operating leases were recorded in the FERC balance sheet accounts that have already been established for capital lease assets and liabilities (Accounts 101.1, 227 and 243). Amounts recorded for the lease assets and the related obligations are reduced by equal and offsetting amount over the lease term. There is no change in the recording of expenses related to lease arrangements which will continue to be recorded in accordance with the FERC’s regulations and only amounts paid under a lease agreement will be recorded in the income statement.

As of December 31, 2024 and 2023, our remaining ROU assets and lease liabilities for operating leases were not material.

Rent expense related to these lease agreements was not material the years ended December 31, 2024 and 2023, respectively, will continue to be included within the cost-of-service rates. We have adhered to the FERC requirements as provided in Docket No. AI19-1-000 and are maintaining unique sub-accounts to separately identify and track the capitalized operating lease amounts and have in place effective internal controls to ensure there is no impact to the existing ratemaking treatment or practices for leases.

The following table presents the future undiscounted maturities of operating leases allocated to us at December 31, 2024 and for each of the next five years and thereafter:

Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

## 6. Employee Benefit Plans

Eligible FPU employees participate in various benefit plans sponsored by FPU and Chesapeake Utilities. FPU continues to sponsor and maintain a separate defined benefit pension plan which is frozen with respect to new entrants and years of service (the “FPU Pension Plan”) and a separate unfunded postretirement medical plan (the “FPU Medical Plan”) for eligible FPU employees.

We are allocated a portion of the benefit costs associated with these plans based on the cost of providing services to us. We recorded benefit costs of \$0.8 million and \$1.5 million for the years ended December 31, 2024 and 2023, respectively, related to these plans.

FPU measures the assets and obligations of its defined benefit pension plan and other postretirement benefit plans to determine the plans’ funded status as of the end of the year. The related assets and/or liabilities of the plans are maintained on FPU’s balance sheet, and a proportionate share is allocated to its natural gas and electric distribution businesses. At December 31, 2024, we were allocated \$1.8 million of FPU’s pension and postretirement plan asset. As of December 31, 2023, there was \$0.3 million of the pension and postretirement benefit liabilities allocated to us and reflected in our consolidated balance sheet.

The following information related to the FPU Pension Plan, and related plan assets, and the FPU Medical Plan reflect the total obligations, expenses, and expected benefit payments for these plans. As described above, the amounts allocated to FPU’s natural gas and electric distribution businesses are based on the cost of providing services, the number of plan participants, and other actuarial assumptions which impact the plans’ obligations and ongoing costs.

### Defined Benefit Pension Plan

The following schedule sets forth the funded status at December 31, 2024 and 2023 and the net periodic cost for the years ended December 31, 2024 and 2023 for the FPU Pension Plan:

Florida Public Utilities Company			For the Year Ended

FPU's funding policy provides that payments to the trustee shall be equal to at least the minimum funding requirements of the Employee Retirement Income Security Act of 1974.

The following schedule summarizes the assets of the FPU Pension Plan, by investment type, at December 31, 2024 and 2023:

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

Asset Category	At December 31,	
	2024	2023
Equity securities	31 %	50 %
Debt securities	67 %	49 %
- Other	2 %	1 %
<b>Total</b>	<b>100 %</b>	<b>100 %</b>

The investment policy for the FPU Pension Plan is designed to provide the capital assets necessary to meet the financial obligations of the plan. The investment goals and objectives are to achieve investment returns that, together with contributions, will provide funds adequate to pay promised benefits to present and future beneficiaries of the plan, earn a competitive return to increasingly fund a large portion of the plan's retirement liabilities, minimize pension expense and cumulative contributions resulting from liability measurement and asset performance, and maintain the appropriate mix of investments to reduce the risk of large losses over the expected remaining life of each plan.

The following target allocation of asset classes is intended to produce a rate of return sufficient to meet the FPU Pension Plan's goals and objectives:

<u>Asset Allocation Strategy</u>		
<u>Asset Class</u>	<u>Target</u>	<u>Range (+/-)</u>
Domestic Equities (Large Cap, Mid Cap and Small Cap)	27 %	7 %
Fixed Income (Inflation Bond and Taxable Fixed)	68 %	4 %
Foreign Equities (Developed and Emerging Markets)	3 %	1 %
Cash	2 %	2 %

Due to periodic contributions and different asset classes producing varying returns, the actual asset values may temporarily move outside of the intended ranges. The investments are monitored on a quarterly basis, at a minimum, for asset allocation and performance.

At December 31, 2024 and 2023, the assets of the FPU Pension Plan were comprised of the following investments:

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

<u>Asset Category</u> (in thousands)	For Year Ended December 31,	
	2024	2023
Mutual Funds - Equity securities		
■ U.S. Large Cap <sup>(1)</sup>	\$ 10,611	\$ 15,360
■ U.S. Mid Cap <sup>(1)</sup>	3,200	4,271
■ U.S. Small Cap <sup>(1)</sup>	—	2,518
■ International <sup>(2)</sup>	1,300	2,499
	<u>15,111</u>	<u>24,648</u>
Mutual Funds - Debt securities		
■ Fixed income <sup>(3)</sup>	32,800	24,228
	<u>32,800</u>	<u>24,228</u>
Mutual Funds - Other <sup>(4)</sup>		
■ Guaranteed deposit <sup>(4)</sup>	1,200	556
	<u>1,200</u>	<u>556</u>
Total Pension Plan Assets at fair value <sup>(5)</sup>	<u>\$ 49,111</u>	<u>\$ 49,432</u>

<sup>(1)</sup> Includes funds that invest primarily in United States common stocks.

<sup>(2)</sup> Includes funds that invest primarily in foreign equities and emerging markets equities.

<sup>(3)</sup> Includes funds that invest in investment grade and fixed income securities.

<sup>(4)</sup> Includes investment in a group annuity product issued by an insurance company.

<sup>(5)</sup> All investments in the FPU Pension Plan are classified as Level 1 within the Fair Value hierarchy exclusive of the Guaranteed Deposit Account which is classified as Level 3.

At December 31, 2024 and 2023, all of the investments were classified under the same fair value measurement hierarchy (Level 1 through Level 3). Level 1 investments are recorded at fair value based on unadjusted quoted prices in active markets for identical investments. The Level 3 investments are recorded at fair value based on the contract value of annuity products underlining guaranteed deposit accounts, which was calculated using discounted cash flow models. The contract value of these products represented deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy and are presented in the table above to reconcile to total pension plan assets.

The changes in the fair value of Level 3 investments for the FPU Pension Plan for the years ended December 31, 2024 and 2023 were not material.

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

#### Other Postretirement Benefits Plan

The funded status for the FPU Medical Plan was \$0.3 million and \$0.4 million at December 31, 2024 and 2023, respectively.

Net periodic postretirement benefit costs for the FPU Medical Plan were not material for the years ended December 31, 2024 and 2023.

The following table presents the amounts not yet reflected in net periodic benefit cost and included in accumulated other comprehensive income/loss or as a regulatory asset as of December 31, 2024:

	<u>FPU Pension Plan</u>	<u>FPU Medical Plan</u>	<u>Total</u>
<i>(in thousands)</i>			
Net loss	\$ 7,122	\$ 543	\$ 7,665
Accumulated other comprehensive loss pre-tax <sup>(1)</sup>	1,353	103	1,456
Post-merger regulatory asset	5,769	440	6,209
Total unrecognized cost	<u>\$ 7,122</u>	<u>\$ 543</u>	<u>\$ 7,665</u>

<sup>(1)</sup> The total amount of accumulated other comprehensive loss recorded in FPU's balance sheet as of December 31, 2024 is net of income tax benefits of \$0.4 million.

#### Assumptions

The assumptions used for the discount rate to calculate the benefit obligations of the FPU plans were based on the interest rates of high-quality bonds in 2024, reflecting the expected lives of the plans. In determining the average expected return on plan assets for the FPU Pension Plan, various factors, such as historical long-term return experience, investment policy and current and expected allocation, were considered.

The health care inflation rate for 2024 used to calculate the benefit obligation is 5 percent for the FPU Medical Plan.

#### Estimated Future Benefit Payments

In 2025, FPU does not anticipate contributing to the FPU Pension Plan and expects to contribute less than \$0.1 million to the FPU Medical Plan, respectively. The schedule below illustrates the estimated future benefit payments for the FPU Pension Plan. Estimated future benefit payments for the FPU Medical plan are projected not to be material:

	<u>FPU Pension Plan <sup>(1)</sup></u>
<i>(in thousands)</i>	
2025	\$ 3,645
2026	\$ 3,657
2027	\$ 3,647
2028	\$ 3,660
2029	\$ 3,647
Years 2030 through 2034	\$ 17,575

<sup>(1)</sup> The pension plan is funded; therefore, benefit payments are expected to be paid out of the plan assets.

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

#### Retirement Savings Plan

Chesapeake Utilities' 401(k) Retirement Savings Plan is offered to all eligible employees who have completed three months of service. Chesapeake Utilities matches 100 percent of eligible participants' pre-tax contributions to the Chesapeake Utilities Retirement Savings Plan up to a maximum of six percent of the eligible compensation. The employer matching contribution is made in cash and is invested based on a participant's investment directions. In addition, Chesapeake Utilities may make a discretionary supplemental contribution to participants in the plan, without regard to whether or not they make pre-tax contributions. Any supplemental employer contribution is generally made in Chesapeake Utilities common stock. With respect to the employer match and supplemental employer contribution, employees are 100 percent vested after two years of service or upon reaching 55 years of age while still employed by Chesapeake Utilities. New employees, who do not make an election to contribute or do not opt out of the Chesapeake Utilities Retirement Savings Plan, will be automatically enrolled at a deferral rate of three percent, and the automatic deferral rate will increase by one percent per year up to a maximum of ten percent. All contributions and matched funds can be invested among the mutual funds available for investment.

### **7. Share-Based Compensation**

Chesapeake Utilities executives have been granted share-based awards through Chesapeake Utilities' Stock Incentive Compensation Plan ("SICP"). The share-based awards are recorded as compensation costs over the respective service period for which services are received in exchange for an award of equity or equity-based compensation. The compensation cost is based primarily on the fair value of the shares awarded, using the estimated fair value of each share on the date it was granted and the number of shares to be issued at the end of the service period.

These awards are based on multi-year performance plans, which are earned based upon the successful achievement of long-term goals, growth and financial results, which comprised both market-based and performance-based conditions or targets. The fair value of each share of stock tied to a performance-based condition or target is equal to the market price of Chesapeake Utilities common stock on the date of the grant. For the market-based conditions, a Monte Carlo valuation is used to estimate the fair value of each share of market-based award granted. For the years ended December 31, 2024 and 2023, we were allocated \$2.4 million and \$2.2 million, respectively, in total compensation expense for the awards granted under the SICP.

### **8. Rates and Other Regulatory Activities**

*GUARD:* In February 2023, FPU filed a petition with the Florida PSC for approval of the GUARD program. GUARD is a ten-year program to enhance the safety, reliability, and accessibility of portions of our natural gas distribution system. We identified various categories of projects to be included in GUARD, which include the relocation of mains and service lines located in rear easements and other difficult to access areas to the front of the street, the replacement of problematic distribution mains, service lines, and maintenance and repair equipment and system reliability projects. In August 2023, the Florida PSC approved the GUARD program, which included \$205.0 million of capital expenditures projected to be spent over a 10-year period.

*Wildlight Expansion:* In August 2022, Peninsula Pipeline and FPU filed a joint petition with the Florida PSC for approval of its Transportation Service Agreement associated with the Wildlight planned community located in Nassau County, Florida. The project enables us to meet the significant growing demand for service in Yulee, Florida. The agreement will

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

enable us to construct the project during the build-out of the community, and charge the reservation rate as each phase of the project goes into service. Construction of the pipeline facilities will occur in two separate phases. Phase one consists of three extensions with associated facilities, and a gas injection interconnect with associated facilities. Phase two will consist of two additional pipeline extensions. The various phases of the project commenced in the first quarter of 2023, with construction on the overall project continuing through 2025. The petition was approved by the Florida PSC in November 2022.

*Natural Gas Rate Case:* In May 2022, our legacy natural gas distribution businesses in Florida (FPU, FPU-Indiantown division, FPU-Fort Meade division and Chesapeake Utilities CFG division, collectively, “Florida natural gas distribution businesses”) filed a consolidated natural gas rate case with the Florida PSC. The application included a request for the following: (i) permanent rate relief of approximately \$24.1 million, effective January 1, 2023, (ii) a depreciation study also submitted with the filing; (iii) authorization to make certain changes to tariffs to include the consolidation of rates and rate structure across the businesses and to unify the Florida Natural Gas distribution businesses under FPU; (iv) authorization to retain the acquisition adjustment recorded at the time of the FPU merger in our revenue requirement; and (v) authorization to establish an environmental remediation surcharge for the purposes of addressing future expected remediation costs for FPU MGP sites. In August 2022, interim rates were approved by the Florida PSC in the amount of approximately \$7.7 million on an annualized basis, effective for all meter readings in September 2022. The discovery process and subsequent hearings were concluded during the fourth quarter of 2022 and briefs were submitted during the same quarter of 2022. In January 2023, the Florida PSC approved the application for consolidation and permanent rate relief of approximately \$17.2 million on an annual basis. Actual rates in connection with the rate relief were approved by the Florida PSC in February 2023 with an effective date of March 1, 2023.

*Effect of the TCJA on customers:* In February 2018, the FPSC opened dockets to consider the impacts associated with the TCJA. In May 2018, we filed petitions and supporting testimony regarding the disposition of the related impacts of the TCJA. Hearings on this matter took place in November 2018. The FPSC approved Staff’s recommendations on February 5, 2019. Final orders were issued on February 25, 2019.

The order stated that the excess net accumulated deferred income tax liability would be amortized and retained by the company pursuant to the prescribed schedule. As of December 31, 2024 and 2023, the excess deferred tax liability balance was \$26.3 million and \$26.8 million, respectively. Tax savings associated with the Gas Reliability Infrastructure Program (“GRIP”) for 2019 will be refunded through the annual GRIP cost recovery mechanism. Future customer GRIP surcharges will be adjusted to reflect tax savings associated with TCJA.

## 9. Environmental Commitments and Contingencies

We are subject to federal, state and local laws and regulations governing environmental quality and pollution control. These laws and regulations require us to remove or remediate at current and former operating sites the effect on the environment of the disposal or release of specified substances.

We have participated in the investigation, assessment or remediation, and have exposures at four former manufactured gas plant (“MGP”) sites. Those sites are located in West Palm Beach, Sanford, Key West and Pensacola, Florida.

As of December 31, 2024 and 2023, we had approximately \$3.2 million and \$3.5 million, respectively, in environmental liabilities related to all of the MGP sites, representing our estimate of the future costs associated with those sites. These

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

amounts are reflected in environmental liabilities in the accompanying balance sheets. We had no regulatory assets for future recovery of environmental costs from our customers as of December 31, 2024 and 2023.

Environmental liabilities for our MGP sites are recorded on an undiscounted basis based on the estimate of future costs provided by independent consultants. We continue to expect that all costs related to environmental remediation and related activities, including any potential future remediation costs for which we do not currently have approval for regulatory recovery, will be recoverable from surcharge to customers.

Remediation is ongoing for the MGP's in Winter Haven and Key West in Florida and the remaining clean-up costs are estimated to be between \$0.1 million to \$0.3 million for these two sites. The Environmental Protection Agency has approved a site-wide "ready for anticipated use" status for the Sanford, Florida MGP site, which is the final step before delisting a site. The remaining remediation expenses for the Sanford MGP site are not material.

The remedial actions approved by the Florida Department of Environmental Protection have been implemented on the east parcel of our West Palm Beach Florida site. Similar actions have been initiated on the site's west parcel, and construction of the systems required to remediate the site are now complete with remediation activities underway at December 31, 2024. Remaining remedial costs for West Palm Beach, including completion of the construction of the system start-up on the West Parcel, and continued operation and maintenance, are estimated to take between five and fifteen years of operation, maintenance and monitoring, and final site work for closeout of the property, is estimated to be between \$2.8 million and \$5.2 million.

## 10. Other Commitments and Contingencies

We are involved in certain other legal actions and claims arising in the normal course of business. We are also involved in certain legal proceedings and administrative proceedings before various governmental agencies concerning rates. In the opinion of management, the ultimate disposition of these proceedings will not have a material effect on our financial position, results of operations or cash flows.

We have entered into contractual commitments to purchase natural gas from various suppliers. The contracts have various expiration dates. The total purchase obligations for natural gas are as follows:

<i>(in thousands)</i>	2025	2026-2027	2028-2029	Beyond 2029	Total
<b>Purchase Obligations</b>	\$ 7,691	\$ 35,079	\$ 34,828	\$ 93,62	\$ 181,219

## 11. Revenue from Contracts with Customers

### *Customer Revenue*

We recognize revenue when our performance obligations under contracts with customers have been satisfied, which generally occurs when we have delivered natural gas to customers. We bill customers for both the delivery of natural gas and the related commodity, as our customers are also required to purchase the commodity from us. We consider the delivery of natural gas and the related commodity sale as one performance obligation because the commodity and its delivery are highly interrelated with two-way dependency on one another. Our performance obligation is satisfied over time as natural gas is delivered and consumed by the customer. We recognize revenues based on monthly meter readings, which are based on the quantity of natural gas used and rates approved by the FPSC. We accrue unbilled revenues for

Florida Public Utilities Company			For the Year Ended
Natural Gas Division			December 31, 2024
NOTES TO FINANCIAL STATEMENTS			

natural gas that have been delivered, but not yet billed, at the end of an accounting period, to the extent that billing and delivery do not coincide. We exclude sales taxes and other similar taxes from the transaction price. Typically, our customers pay for the goods and/or services we provide in the month following the satisfaction of our performance obligation. We report revenue taxes, such as gross receipts taxes, franchise taxes, and sales taxes, on a net basis.

#### *Contract Balances*

The timing of revenue recognition, customer billings and cash collections results in trade receivables, unbilled receivables (contract assets), and customer advances (contract liabilities) in our balance sheets. As of December 31, 2024 and 2023, the balance of our trade receivables, net of our allowance for expected credit losses, was \$15.2 million and \$14.6 million, respectively. As of December 31, 2024 and 2023, there were no material contract assets or liabilities recorded on the balance sheet.

#### *Remaining performance obligations*

We have long-term fixed fee contracts with customers in which revenues are recognized as performance obligations are satisfied over the contract term. Revenue for the remaining performance obligations at December 31, 2024 are expected to be recognized as follows:

	2025	2026	2027	2028	2029	2030 and thereafter
<u>(in thousands)</u>						
Natural gas distribution operations	\$ 6,570	\$ 6,632	\$ 6,625	\$ 6,625	\$ 6,625	\$ 23,595

**SUMMARY OF UTILITY PLANT AND ACCUMULATED PROVISIONS  
FOR DEPRECIATION, AMORTIZATION AND DEPLETION**

Line No.	Item (a)	Total (b)	Gas (c)
1	UTILITY PLANT		
2	In Service		
3	101 Plant in Service (Classified)	\$ 641,832,133	\$ 641,832,133
4	101.1 Property Under Capital Leases	\$ 1,969,289	\$ 1,969,289
5	102 Plant Purchased or Sold	\$ -	\$ -
6	106 Completed Construction not Classified	\$ 66,968,073	\$ 66,968,073
7	103 Experimental Plant Unclassified	\$ -	\$ -

**SECURITIES ISSUED AND  
SECURITIES REFUNDED OR RETIRED DURING THE YEAR**

- |  |   |
|--|---|
| <p>1. Furnish a supplemental statement giving a brief description of security financing and refinancing transactions during the year and the accounting for the securities, discounts, premiums, expenses, and related gains or losses.</p> <p>2. Furnish particulars (details) showing fully the accounting for the total principal amount, par value, or stated value of each class and series of security issued, retired, or refunded and the accounting for premiums, discounts, expenses, and gains or losses relating to the securities. Set forth the facts of the accounting clearly with regard to redemption premiums, unamortized discounts, expenses, and gains or losses relating to securities retired or</p> | <p>refunded and gains or losses relating to securities retired or refunded.</p> <p>3. Included in the identification of each class and series of security, as appropriate, the interest or dividend rate, nominal date of issuance, maturity date, aggregate principal amount, par value or stated value, and number of shares.</p> <p>4. Where the accounting for amounts relating to securities refunded or retired is other than that specified in General Instruction 17 of the Uniform System of Accounts, give references to the Commission authorization for the different accounting and state the accounting method.</p> |

**LONG-TERM DEBT (Accounts 221, 222, 223, and 224)**

1. Report by balance sheet Account the particulars (details) concerning long-term debt included in Accounts 221, Bonds, 222, Reacquired Bonds, 223, Advances from Associated Companies, and 224, Other Long-Term Debt. If information to meet the stock exchange reporting requirement outlined in column (a) is available from the SEC 10-K Report Form Filing, a specific reference to the report form (i.e., year and company title) may be reported in column (a) provided the fiscal years for both the 10-K report and this report are compatible.

2. For advances from Associated Companies, report separately advances on notes and advances on open accounts. Designate demand notes as such. Include in column (a) names of associated

companies from which advances were received.

3. If the respondent has any long-term securities which have been nominally issued and are nominally outstanding at end of year, describe such securities in a footnote.

4. If interest expense was incurred during the year on any obligations retired or reacquired before end of year, include such interest in column (f). Explain in a footnote any difference between the total of column (f) and the total of Account 427, Interest on Long-Term Debt and Account 430, Interest on Debt to Associated Companies.

Note:

FPUC Allocation of ACCUMULATED DEFERRED INCOME TAXES to this division was 48.44% in 2023 , 51.27% in 2024.

**RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME  
FOR FEDERAL INCOME TAXES**

1. Report the reconciliation of reported net income for the year with taxable income used in computing Federal income tax accruals and show computation of such tax accruals. Include in the reconciliation, as far as practicable, the same detail as furnished on Schedule M-1 of the tax return for the year. Submit a reconciliation even though there is no taxable income for the year. Indicate clearly the nature of each reconciling amount.

2. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating, however, intercompany amounts to be eliminated in such a consolidated return. State names of group members, tax assigned to each group member, and basis of allocation, assignment, or sharing of the consolidated tax among the group members.

**GAS OPERATING REVENUES (Account 400)**

1. Report below natural gas operating revenues for each prescribed account in total.
2. Report number of customers, columns (f) and (g), on the basis of meters, except that where separate meter readings are added for billing purposes, one customer should be counted for each group of meters added. The average number of customers means the average of twelve figures at the close of each month.
3. Report quantities of natural gas sold in therms (14.73 psia at 60 F).
4. Report gas service revenues and therms sold by rate schedule.
5. If increases or decreases from previous year (columns (c),(e), and (g)), are not derived from previously reported figures, explain any inconsistencies in a footnote.

**NUMBER OF GAS DEPARTMENT EMPLOYEES**

- 1.The data on number of employees should be reported for payroll period ending nearest to October 31, or any payroll period ending 60 days before or after October 31.
- 2.If the respondent's payroll for the reporting period includes any special construction personnel, include such employees on line 3, and show the number of such special construction employees in a footnote.
- 3.The number of employees assignable to the gas department from joint functions of combination utilities may be determined by estimate, on the basis of employee equivalents. Show the estimated number of equivalent employees attributed to the gas department from joint functions.

**GAS PURCHASES (Accounts 800, 800.1, 801, 802, 803, 804, 804.1, 805, 805.1)**

1. Provide totals for the following accounts:  
800 - Natural Gas Well Head Purchase  
800.1- Natural Gas Well Head Purchases  
Intracompany Transfers  
801 - Natural Gas Field Line Purchase  
802 - Natural Gas Gasoline Plant Outlet Purchase  
803 - Natural Gas Transmission Line Purchase  
804 - Natural Gas City Gate Purchase  
804.1- Liquefied Natural Gas Purchases  
805 - Other Gas Purchase  
805.1- Purchases Gas Cost Adjustments

- The totals shown in columns (b) and (c) should agree with the books of account. Reconcile any differences in a footnote.  
2. State in column (b) the volume of purchased gas as finally measured for the purpose of determining the amount payable for the gas. Include current year receipts of makeup gas that was paid for in prior years.  
3. State in column (c) the dollar amount (omit cents) paid and previously paid for the volumes of gas shown in column (b).  
4. State in column (d) the average cost per Therm to the nearest hundredth of a cent. (Average means column (c) divided by column (b) multiplied by 100.)

Line No.	Account Title (a)	Gas Purchased- Therms (14.73 psia 60 F) (b)	Cost of Gas (In dollars) (c)	Average Cost Per Therm (To nearest .01 of a cent) (d)
1	800 - Natural Gas Well Head Purchases			
2	800.1 - Natural Gas Well Head Purchases, Intracompany Transfers

4	802 - Natural Gas Gasoline Plant Outlet Purchases			
5	803 - Natural Gas Transmission Line Purchases			
6	804 - Natural Gas City Gate Purchases	34,034,796	\$ 42,467,839	\$ 124.78
7	804.1 - Liquefied Natural Gas Purchases			
8	805 - Other Gas Purchases			
9	805.1 - Purchased Gas Cost Adjustments			
10	TOTAL (Total of lines 1 through 9)	63,966,106	\$ 48,838,144	\$ 76.35

**Notes to Gas Purchases**

805 - Other Gas Purchases amount are Swing Service costs allocated to affiliates.

**GAS USED IN UTILITY OPERATIONS - CREDIT (Accounts 812)**

1. Report below particulars (details) of credits during the year to Accounts 810, 811 and 812 which offset charges to operating expenses or other accounts for the cost of gas from the respondent's own supply.  
2. Natural gas means either natural gas unmixed, or any mixture of natural and manufactured gas.  
3. If the reported Therms for any use is an estimated quantity, state such fact in a footnote.  
4. If any natural gas was used by the respondent for which a change was not made to the appropriate operating expense or other account, list separately in column (c) the Therms of gas used, omitting entries in columns (d) and (e).  
5. Report pressure base of measurement of gas volumes at 14.73 psia at 60 degrees F.

Line No.	Purpose for Which Gas Was Used (a)	Account Charged (b)	Therms of Gas Used (c)	Natural Gas Amount of Credit (d)

#### CHARGES FOR OUTSIDE PROFESSIONAL AND OTHER CONSULTATIVE SERVICES

1. Report the information specified below for all charges made during the year included in any account (including plant accounts) for outside consultative and other professional services. (These services include rate, management, construction, engineering, research, financial, valuation, legal, accounting, purchasing, advertising, labor relations, and public relations, rendered the respondent under written or oral arrangement, for which aggregate payments were made during the year to any corporation, partnership, organization of any kind, or individual [other than for services as an employee or for payments made for medical and related services] amounting to more than \$25,000, including

payments for legislative services, except those which should be reported in Account 426.4 - Expenditures for Certain Civic, Political and Related Activities.

(a) Name of person or organization rendering services,  
(b) description of services received,  
(c) basis of charges,  
(d) total charges for the year, detailing account charged.

2. For any services which are of a continuing nature, give the date and term of contract.

3. Designate with an asterisk associated companies.

[illegible]

**PARTICULARS CONCERNING CERTAIN INCOME DEDUCTIONS AND INTEREST CHARGES ACCOUNTS**

Report the information specified below, in the order given for the respective income deduction and interest charges accounts. Provide a subheading for each account and total for the account. Additional columns may be added if deemed appropriate with respect to any account.  
(a) Miscellaneous Amortization (Account 425) - Describe the nature of items included in this account, the contra account charges, the total of amortization charged for the year, and the period of amortization.  
(b) Miscellaneous Income Deductions - Report the nature, payee, and amount of other income deductions for the year as required by Accounts 426.1, Donations; 426.2 Life Insurance; 426.3 Penalties; 426.4, Expenditures for Certain Civic, Political and Related Activities; 426.5, Other Deductions, of the Uniform System of Accounts. Amounts of less than \$25,000 may be grouped by classes within the above accounts.  
(c) Other Interest Expense (Account 431) - Report particulars (Details) including the amount and interest rate for each other interest charges 21.

Notes:

## CORPORATE STRUCTURE

Provide an updated organizational chart showing all affiliated companies, partnerships, etc.

**SUMMARY OF AFFILIATED TRANSFERS AND COST ALLOCATIONS**

Grouped by affiliate, list each contract, agreement, or other business transaction exceeding a cumulative amount of \$300 in any one year, entered into between the Respondent and an affiliated business or financial organization, firm, or partnership identifying parties, amounts, dates, and product, asset, or service involved.

- (a) Enter name of affiliate.  
 (b) Give description of type of service, or name the product involved.  
 (c) Enter contract or agreement effective dates.  
 (d) Enter the letter "p" if the service or product is purchased by the Respondent: "s" if the service or product is sold by the Respondent.  
 (e) Enter utility account number in which charges are recorded.  
 (f) Enter total amount paid, received, or accrued during the year for each type of service or product listed in column (c). Do not net amounts when services are both received and provided.

Name of Affiliate (a)	Type of Service and/or Name of Product (b)	Relevant Contract or Agreement and Effective Date (c)	Total Charge for Year		
			"p" or "s" (d)	Account Number (e)	Dollar Amount (f )
Chesapeake Utilities Corporation	Parent Company:				
	Shared Services		p	Various	\$ 6,272,406
	Corporate Services		p	Various	\$ 7,614,292
	Corporate Overhead		p	Various	\$ 10,074,240

**NEW OR AMENDED CONTRACTS WITH AFFILIATED COMPANIES**

Provide a synopsis of each new or amended contract, agreement, or arrangement with affiliated companies for the purchase, lease, or sale of land, goods, or services (excluding tariffed items). The synopsis shall include, at a minimum, the terms, price, quantity, amount, and duration of the contracts.

Name of Affiliate	Synopsis of Contract
N/A	

**INDIVIDUAL AFFILIATED TRANSACTIONS IN EXCESS OF \$25,000**

Provide information regarding individual affiliated transactions in excess of \$25,000. Recurring monthly affiliated transactions which exceed \$25,000 per month should be reported annually in the aggregate. However, each land or property sales transaction even though similar sales recur, should be reported as a "non-recurring" item for the period in which it occurs.

Name of Affiliate	Description of Transaction	Dollar Amount
Peninsula Pipeline Company, Inc.	Firm Transportation Service Agreement	\$ 27,626,377
Eight Flags Energy	Capacity Agreement	\$ 667,782
