INSTRUCTIONS FOR FILING THE ANNUAL REPORT OF NATURAL GAS UTILITIES

	ANNUAL REPORT OF NATURAL GAS UTILITIES
	GENERAL INSTRUCTIONS
Ł	Prepare this report in conformity with the Uniform System of Accounts (18 CFR 201) (U.S. of A.). Interpet all accounting words and phrases in accordance with the U.S. of A.
11.	Enter in whole numbers (dollars or Mcf) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important.) The truncating of cents is allowed except on the four basic financial statements where rounding to dollars is required. The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
111.	Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
IV.	For any page that is not applicable to the respondent, enter the words "Not Applicable" on the particular page.
V.	Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement to the page being supplemented on 8 1/2 by 11 inch paper. Provide the appropriate identification information on the supplemental page, including the title of the page and the page number. Do not change the page numbers.
VI.	Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
VII.	Wherever schedule pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why different figures were used.
VIII.	Report all gas volumes on a pressure base of 14.73 psia and a temperature base of 60° F.
	DEFINITIONS
1.	<u>Btu per cubic foot -</u> The total heating value expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32° F, and under standard gravitational force (980.665 cm per sec. ²) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)
Ħ.	<u>Respondent -</u> The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made.

INDEPENDENT AUDITOR'S REPORT

St Joe Natural Gas Company, Inc. Port St. Joe, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of St. Joe Natural Gas Company, Inc. which comprise the balance sheets as of December 31, 2015 and 2014, and the related statements of income, retained earnings, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position St. Joe Natural Gas Company, Inc. as of December 31, 2015, and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

SECURITY HOLDERS AND VOTING POWERS

1. Give the names and addresses of the 10 security holders of the respondents who, at the date of the latest closing of the stock book or compilation of the list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.) duration of the trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders was not complied within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

If any security other than stock carries voting rights, explain in a supplemental statement of circumstances whereby such security became vested with voting rights and give others important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent if contingent, describe the contingency.

 If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote.

4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders.

IMPORTANT CHANGES DURING THE YEAR

Give particulars (details) concerning the matters indicated below. Make the statements explicit and precise, and number them in accordance with the inquires. Each inquiry should be answered. Enter "none" "not applicable," or "NA" where applicable. If information which answers an inquiry is given elsewhere in the report, make a reference to the schedule in which it appears.

1. Acquisition of ownership in other companies by reorganization, merger, or consolidation with other companies: Give name of companies involved, particulars concerning the transactions.

2. Purchase or sale of an operating unit or system: Give brief description of the property, and of the transactions relating thereto, and reference to Commission authorization, if any was required.

 Important extension or reduction of transmission or distribution system: State territory added or relinquished and date operations began or ceased also the approximate number of customers added or lost and approximate annual revenues of each class of service.
 State briefly the status of any materially important legal proceedings pending at the end of the year, and the results of any such proceedings culminated during the year.

5. State briefly the status of any materially important transactions of the respondent not disclosed elsewhere in this report in which an cfficer, director, security holder, voting trustee, associated company or known associate of any of these persons was a party or in which any such person had a material interest.

NOTES TO THE FINANCIAL STATEMENTS ON A CONSOLIDATED BASIS

1. Use the space below for important notes regarding the Balance Sheet, Statement of Income for the year, Statement of Retained Earnings for the year, and Statement of Changes in Financial Position, or any account thereof. Classify the notes according to each basic statement, providing a subheading for each statement except where a note is applicable to more than one statement.

2. Furnish particulars (details) as to any significant contingent assets or liabilities existing at end of year, including a brief explanation of any action initiated by the Internal Revenue Service ions and state the amount of retained earnings affected by such involving possible assessment of additional income taxes of material amount, or of a claim for refund of income taxes of a material amount initiated by the utility. Give also a brief explanation of any dividends in arrears on cumulative preferred stock. 3. For Account 116, Utility Plant Adjustments, explain the origin of such amount, debits and credits during the year, and

SEE INSERT

plan cf disposition contemplated, giving references to Commission orders or other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof. 4. Where Accounts 189, Unamortized Loss on Reacquired Debt, and 257, Unamortized Gain on Reacquired Debt, are not used, give an explanation, providing the rate treatment given these items. See General Instruction 17 of the Uniform System of Accounts.

5. Give a concise explanation of any retained earnings restrictrestrictions.

6. If the notes to financial statements relating to the respondent company appearing in the annual report to the stockholders are applicable and furnish the data required by instructions above and on pages 8-10, such notes may be attached hereto.

Dec. 31, 2015

Note 1 Organization and Basis of Presentation

Organization

The St. Joe Natural Gas Company, Inc. (SJNG) provides natural gas to commercial and residential customers in Gulf County and Mexico Beach areas under franchise agreements. The company also operates a retail appliance sales and service business, and provides LP gas sales and service to the geographic area. The company was founded in 1963.

Basis of Presentation

SJNG maintains its accounts in accordance with recognized policies prescribed or permitted by the Florida Public Service Commission (FPSC). These policies conform with GAAP in all material respects. The impact of the accounting guidance for the effects of certain types of regulation has been minimal in the company's experience, but when cost recovery is ordered over a longer period of time than a fiscal year, costs are recognized in the period that the FPSC recognizes them in accordance with the regulatory requirements. Natural gas rates are based on the recovery of allowed costs incurred plus a reasonable rate of return on the regulatory base of capital assets. The retail appliance and LP gas businesses are not regulated by the FPSC and therefore rates and prices are not subject to the same recovery allowances and return on capital.

Note 2 Summary of Significant Accounting Policies

Cash and Cash Equivalents

The SJNG reported cash and cash equivalents consist of cash on hand, cash on deposit, and a money market account. Cash equivalents, when reported, consist of highly liquid investments purchased with an original maturity date of three months or less. The carrying amount of cash equivalents approximate fair value because of the short maturity of these instruments.

Accounts Receivable

SJNG accounts receivable primarily consist of natural gas sales and transportation services, appliance sales and service, and LP gas sales and service billed to residential and commercial customers. Natural gas customers are billed monthly, appliance sales and LP gas sales and services are billed when products are delivered. Receivables are stated at their gross value, the company does not use an allowance for doubtful accounts. The company policy is to require deposits for gas sales, ordinarily bad debt amounts related to gas sales, if any, are not material and are written off as incurred. Bad debts related to appliance sales and service are written off as incurred.

ST. JOE NATURAL GAS COMPANY, INC. Notes to Financial Statements

For the years ended December 31, 2015 and 2014

Note 2 Summary of Significant Accounting Policies, continued

Inventories

SJNG values supplies, replacement parts, appliances for resale, and gas at the lower of cost or market. Cost is determined using a weighted average cost method. A point of sale system is used to account for the retail appliance inventory.

Property Plant and Equipment (PP&E)

PP&E consist of property and equipment that is in use, being held for future use and under construction and is reported at original cost, which includes: material and labor, contractor costs, construction overhead cost. SJNG does not recognize gain or losses on depreciable utility property that is retired or otherwise disposed, as required under the composite depreciation method. Such gains and losses are ultimately refunded to or recovered from customers through future rate adjustments. Maintenance and repair costs are expensed in the period incurred.

Depreciation

SJNG computes depreciation expense by applying composite, straight-line rates, approved by the FPSC, to the investment in depreciable property. Depreciation is computed on service lives ranging from five years to forty years. Construction work in progress is not depreciated until the asset is completed and placed in service.

Income Taxes

The reporting of our assets and liabilities for financial accounting purposes differs from the reporting for income tax purposes. The principal differences between net income and taxable income relate to the timing of deductions, primarily due to the benefits of tax depreciation since SGNG generally depreciates assets for tax purposes over a shorter period of time than for book purposes. The determination of our provision for income taxes requires significant judgment, the use of estimates, and the interpretation and application of complex tax laws. Significant judgment is required in assessing the timing and amounts of deductible and taxable items.

We have two categories of income taxes in our statements of income: current and deferred. Current income tax expense consists of federal and state income tax less applicable tax credits related to the current year. Deferred income tax expense generally is equal to the changes in deferred income tax liability and regulatory tax liability during the year.

In accordance with authoritative guidance related to income taxes, we report some of our assets and liabilities differently for financial accounting purposes than we do for income tax purposes. We report the tax effects of the depreciation and other differences in those items as deferred income tax assets or liabilities in our statements of financial position. We measure these deferred income tax assets and liabilities using enacted income tax rates.

Note 2 Summary of Significant Accounting Policies, continued

The authoritative guidance related to income taxes requires us to determine whether tax benefits claimed or expected to be claimed on our tax return should be recorded in our financial statements. Under this guidance, we may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. This guidance also addresses derecognition, classification, interest and penalties on income taxes and accounting in interim periods. There are no tax positions taken by the Company that would require disclosure for the years ended December 31, 2015 and 2014.

We recognize accrued interest related to uncertain tax positions in interest expense and penalties in operating expenses in the statements of income. As of December 31, 2015 and 2014, we did not have a liability recorded for payment of interest and penalties associated with uncertain tax positions.

We do not collect income taxes from our customers on behalf of governmental authorities. We collect and remit various taxes on behalf of various governmental authorities.

Revenues

We record revenues when services are provided to customers. The regulated revenues are based on rates approved by the Florida Commission. Our rate structure includes a volumetric rate design that allows recovery of costs through gas usage. Revenues from sales and transportation services are recognized in the same period in which the related volumes are delivered to customers. Revenues from residential and certain commercial and industrial customers are recognized on the basis of scheduled meter readings.

Cost of Natural Gas Sold

We charge our utility customers for natural gas consumed using natural gas cost recovery mechanism set by the Florida Commission. Under these mechanisms, all prudently incurred natural gas costs are passed through to customers without markup, subject to regulatory review. Therefore, in accordance with the authoritative guidance for rate-regulated entities, we defer or accrue (that is, include as an asset or liability in the statements of financial position and exclude from or include in the statements of income, respectively) the difference between the actual cost of gas sold incurred and the amount of commodity revenue earned in a given period, such that no operating margin is recognized related to these costs. The deferred or accrued amount is either billed or refunded to our customers prospectively through adjustments to the commodity rate. Deferred natural gas costs are reflected as regulatory assets, and accrued natural gas costs are reflected as regulatory liabilities which are identified as purchased gas cost adjustment within our statements of financial position.

Note 2 Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of our financial statements in conformity with GAAP requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosures. We based our estimates on historical experience and various other assumptions that we believe to be reasonable under the circumstances, and we evaluate our estimates on an ongoing basis. Our estimates may involve complex situations requiring a high degree of judgment either in the application and interpretation of existing literature or in the development of estimates that impact our financial statements. Our actual results could differ from our estimates.

Asset Retirement Obligations

SFAS and PSC rule requires utilities to determine if they have any assets meeting the criteria to recognize asset retirement obligations.

A review of the SJNG assets including easements and right of way agreements does not indicate any legal obligation to remove, or a time frame or expiration of agreement requiring removal of plant or equipment.

Any future requirement to remove gas distribution systems cannot be determined as to the point in time that this would be required, nor can a cost of removal be reasonably determined, nor that substantial removal would be required.

Therefore SJNG is not recognizing any asset retirement obligations under SFAS 143 for the years ending December 31, 2015 and 2014.

Subsequent Events

In preparing these financial statements, we have evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued.

Advertising

The Company expenses advertising costs as incurred. In the year ended December 31, 2015, the Company incurred and expensed \$10,465 in advertising costs.

Compensated Absences

The Company has not accrued compensated absences because the amount cannot be reasonably estimated, and is not considered material.

Note 2 Summary of Significant Accounting Policies, continued

Fair Value Measurements

The carrying values of cash and cash equivalents, receivables, accounts payable, other current assets and liabilities approximate fair value. There were no items measured at fair value on a recurring basis.

Note 3 New Accounting Pronouncements

Comprehensive Income

In February, 2013, the FASB issued guidelines regarding improved disclosures of significant reclassifications out of AOCI and their corresponding effect on net income. The guidance is effective for reporting periods beginning on or after December 31, 2013. SJNG has adopted this guidance as required. It will have no effect on SJNG's results of operations, financial position or cash flows.

Note 4 Natural Gas Sales

Natural gas sales to large commercial customers have declined over the past eight years due to changes in the local industrial economy. Sales to small and large commercial accounts are approximately 25% of total gas revenue for 2015 and 24% for 2014. The majority of natural gas sales are to the residential market.

	Gas Revenues			
	2015		2014	
Residential	\$ 1,141,017	\$	1,249,194	
Large Commercial	275,772		285,902	
Small Commercial	 105,997		118,528	
Total	\$ 1,522,786	\$	1,653,624	

Note 5 Inventories

Inventories consist of the following as of December 31:

	2015		 2014
Plant materials and supplies	\$	38,976	\$ 44,292
Merchandise for resale		424,902	538,274
Materials and supplies		23,448	25,199
LP gas for resale		61,273	51,504
Total	\$	548,599	\$ 636,843

Note 6 Notes Payable

Short-term obligations at December 31, 2015 and 2014 consist of the following notes payable:

	2015	2014
Line of credit payable to Stuart & Margaret Shoaf and Charles &		
Tanya Costin, opened October 12, 2011 and is unsecured. Interest		·
only payments are due monthly at a rate of 6.5%. Maturity date is

amount of \$137,798, dated January 9, 2013 with interest only payable		
monthly at an annual rate of 6.5%. Maturity date is January 9, 2015.	137,798	137,798
Total Notes Payable	557,798	557,798
Less: Current portion	-	-
	¢ 667 700	ф с са а ор
Notes payable, net of current portion	\$ <u>557,798</u>	\$ <u>557,798</u>

Note 7 Deferred Credits

The deferred credit consists of prepaid gas accounts for Florida Coast Paper Company, LLC and Gulf Correctional Institute. Because of the closure and bankruptcy of Florida Coast Paper Company, LLC, and in accordance with the terms of the agreement dated September 8, 1997, the prepaid gas account is no longer accessible by Florida Coast Paper Company, LLC. The resulting balance of the prepaid gas account reverts to income to St. Joe Natural Gas Company, Inc. Under Florida Public Service Commission order PSC-01-1274-PAA-GU, the deferred income amount will be included in income equitably over the next 31 years. In accordance with

Note 7 Deferred Credits, continued

SFAS71, income will be recognized for financial statement presentation the same as for regulatory purposes. The income amount recognized for 2015 and 2014 was \$50,922 annually.

Prepaid gas amounts	2015		2014
Florida Coast Paper Company, LLC.	\$	763,842	\$ 814,765
Gulf Correctional Institute		27,402	27,402
Total	\$	791,244	\$ 842,167

Note 8 Provision for Income Taxes

The provision for income taxes for the year ended December 31, 2015 and 2014 consist of the following:

ST. JOE NATURAL GAS COMPANY, INC.

Notes to Financial Statements

For the years ended December 31, 2015 and 2014

Note 8 Provision for Income Taxes, continued

The tax effects of temporary differences that account for significant portions of the deferred tax assets and the deferred tax liabilities at December 31, 2015 and 2014 are presented below.

Deferred tax assets:	<u> </u>	2015	_	2014
Deferred income, partially due to differences in recognition allowed by Public Service Commission regulation and incom reporting purposes under Internal Revenue code section 4810		297,745	\$	316,907
Federal and state future net operating loss deductions		165,346		162,953
Deferred tax liabilities: Property and equipment, principally due to differences in depreciation for income tax reporting purposes		(866,499)		(839,076)
Net deferred tax asset (lia	bility) \$	(403,408)	\$	(359,216)

There is no valuation for deferred tax assets. The Company expects that the results of future operations will generate sufficient taxable income to allow for the utilization of deferred tax assets.

Note 9 Reconciliation of Book Income to Taxable Income

The following adjustments are necessary to reconcile book income to taxable income. This information is for taxable income planning purposes only.

Net income before taxes per Statement of Income	\$ 140,750
Add: Charitable contributions	-
Add: One half of meals and entertainment	409
Add: Gain on asset disposal	1,583
Add: Fines and penalties	3,332
Less: PSC deferred income adjustment (Note 5)	(50,922)
Less: Additional tax depreciation	 (73,765)
Taxable income for the year ended December 31, 2015	\$ 21,387

The tax years that remain subject to examination by the Internal Revenue Service and the Florida Department of Revenue include tax years 2015, 2014, 2013, and 2012.

-14-

Note 10 Employee Retirement Benefits

The authoritative guidance related to retirement benefits requires that we recognize all obligations related to defined benefit retirement plans and quantify the plans' funded status as an asset or a liability on our statements of financial position. The guidance further requires that we measure the plans' assets and obligations that determine our funded status as of the end of the fiscal year. We are also required to recognize as a component of other comprehensive income (OCI) the changers in funded status that occurred during the year that are not yet recognized as part of net periodic benefit cost as explained in authoritative guidance related to retirement benefits. The Company does not provide a qualified retirement plan or other postretirement benefits to employees.

Note 11 Purchased Gas Costs Adjustments

The Florida Public Service Commission (FPSC) requires that the sale of gas be revenue neutral. The Company is allowed to recover the costs of purchased gas through customer billings. Rates are set annually based on the projected cost of gas. The over or under recovery of gas costs must be recorded, and rates adjusted accordingly in the subsequent year. The over and under recovery does not generate deferred tax assets or liabilities. The purchased gas cost adjustments are reported the same for financial and income tax reporting purposes. As of December 31, 2015 and 2014 the Company had purchased gas cost credit adjustment amounts of \$41,417 and \$40,578 respectively.

Note 12 Related Party Transactions

The line of credit disclosed in Note 6 is jointly owed to four individuals, three of whom are officers of the company.

Note 13 Regulatory

The natural gas business segment of SJNG is regulated by the Florida Public Service Commission. The FPSC has jurisdiction over rates, service, issuance of securities, safety, accounting and depreciation practices and other matters. In general, the FPSC sets rates at a level that allows SJNG to collect total revenues equal to their cost of providing service, plus a reasonable return on regulatory invested capital. Currently SJNG is operating with a rate structure approved by the FPSC on July 8, 2008. The order authorized a return on equity of 11% with a range of plus or minus 100 basis points. The FPSC has ruled that the capital structure of the Company shall consist of no more than 60% equity as a percentage of investor capital.

Note 14 Common Stock and Dividends

The Company did not declare dividends for the years ending December 31, 2015 and 2014. The total shares of Company stock authorized, issued and outstanding as of December 31, 2015 are 667 shares at par value of \$100 per share.

Note 15 Subsequent Events

In preparation of these financial statements, we have evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued.

ST JOE NATURAL GAS COMPANY, INC.

For the Year Ended

Dec. 31, 2015

SECURITIES ISSUED AND SECURITIES REFUNDED OR RETIRED DURING THE YEAR

1. Furnish a supplemental statement giving a brief description of security financing and refinancing transactions during the year and the accounting for the securities, discounts, premiums, expenses, and related gains or losses.

2. Furnish particulars (details) showing fully the accounting for the total principal amount, par value, or stated value of each class and series of security issued, retired, or refunded and the accounting for premiums, discounts, expenses, and gains or losses relating to the securities. Set forth the facts of the accounting clearly with regard to redemption premiums, unamortized discounts, expenses, and gains or losses relating to securities retired or refunded.

N/A

and gains or losses relating to securities retired or refunded. 3. Included in the identification of each class and series of security, as appropriate, the interest or dividend rate, nominal date of issuance, maturity date, aggregate principal amount, par value or stated value, and number of shares. 4. Where the accounting for amounts relating to securities refunded or retired is other than that specified in General Instruction 17 of the Uniform System of Accounts, give references to the Commission authorization for the different accounting and state the accounting method.

UNAMORTIZED LOSS AND GAIN ON REACQUIRED DEBT (Accounts 189, 257)

 Report under separate subheadings for Unamortized Loss and Unamortized Gain on Reacquired Debt, particulars (details) of gain and loss, including maturity date, on reacquisition applicable to each class and series of long-term debt. If gain or loss resulted from a refunding transaction, include also the maturity date of the new issue.
 In column (c) show the principal amount of bonds or other long-term debt reacquired.

GAS OPERATING REVENUES (Account 400)

For the Year Ended

Dec. 31, 2015

1. Report below natural gas operating revenues for each prescribed account in total.

2. Report number of customers, columns (f) and (g), on the basis of meters, except that where separate meter readings are added for billing purposes, one customer should be counted for each group of meters added. The average number of customers means the average of twelve figures at the close of each month.

Report quantities of natural gas sold in therms (14.73 psia at 60 F).
 Report gas service revenues and therms sold by rate schedule.

5. If increases or decreases from previous year (columns (c),(e), and (g)), are not derived from previously reported figures, explain

any inconsistencies in a footnote.

DISTRIBUTION OF SALARIES AND WAGES

Report below the distribution of total salaries and wages for the year. Segregate amounts originally charged to clearing accounts to Utility Departments, Construction, Plant Removals, and Other Accounts, and enter such amounts in the appropriate lines and columns provided. In determining this segregation of salaries and wages originally charged to clearing accounts, a method of approximation giving substantially correct results may be used.
